Notes to the Condensed Interim Financial Statements
February 28, 2022 and 2021
(Stated in Canadian Dollars)
(Unaudited)

1. Nature and Continuance of Operations

Snowy Owl Gold Corp. (the “Company”) was incorporated on November 9, 2018 pursuant to the Business Corporations Act (British Columbia). On January 8, 2021, a Prospectus filed by the Company was given final receipt by the British Columbia Securities Commission. On January 18, 2021, the Company’s common shares began trading on the CSE under the symbol ‘SNOW’.

These condensed interim financial statements have been prepared using accounting policies in compliance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”) on the assumption that the Company will continue as a going concern and realize its assets and discharge its liabilities in the normal course of business rather than through a process of forced liquidation.

The Company’s principal business activities include the acquisition and exploration of mineral property assets. As at February 28, 2022, the Company had not yet determined whether the Company’s mineral property asset contains ore reserves that are economically recoverable. The recoverability of amounts shown for exploration and evaluation assets is dependent upon the discovery of economically recoverable reserves, confirmation of the Company’s interest in the underlying mineral claims, the ability of the Company to obtain the necessary financing to complete the development of and the future profitable production from the property or realizing proceeds from its disposition. The outcome of these matters cannot be predicted at this time.

During the first quarter of 2020, there was a global outbreak of a novel coronavirus identified as “COVID-19”. On March 11, 2020, the World Health Organization declared a global pandemic. In order to combat the spread of COVID-19, governments worldwide have enacted emergency measures including travel bans, legally enforced or self-imposed quarantine periods, social distancing and business and organization closures. These measures have caused material disruptions to businesses, governments and other organizations resulting in an economic slowdown and increased volatility in national and global equity and commodity markets.

Central banks and governments, including Canadian federal and provincial governments, have reacted with significant monetary and fiscal interventions designed to stabilize economic conditions. The duration and impact of the COVID-19 outbreak is unknown at this time, as is the efficacy of any interventions. It is not possible to reliably estimate the length and severity of these developments and the impact on the financial results and condition of the Company and its operations in future periods.

As at February 28, 2022, the Company had not yet achieved profitable operations, has accumulated losses of \$623,574 since inception, and expects to incur further losses in the development of its business. These factors indicate a material uncertainty that may cast substantial doubt on the Company’s ability to continue as a going concern. The Company’s continuation as a going concern is primarily dependent upon its ability to raise financing from equity markets or borrowings and upon successful results from its mineral property exploration activities. While the Company has been successful in securing financings in the past, there is no assurance that it will be able to do so in the future. Accordingly, these financial statements do not give effect to adjustments, if any, that would be necessary should the Company be unable to continue as a going concern. If the going concern assumption was not used, then the adjustments required to report the Company’s assets and liabilities on a liquidation basis could be material to these financial statements.

The office of the Company is located at 1100 – 1111 Melville Street, Vancouver, BC, V6E 3V6.

2. Basis of Preparation

a) Statement of compliance

These condensed interim financial statements, including comparatives, are unaudited and have been prepared in accordance with International Accounting Standard 34, *Interim Financial Reporting* ("IAS 34") using accounting policies consistent with the International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board ("IASB") and Interpretations of the IFRS Interpretations Committee ("IFRIC").

b) Basis of presentation

These condensed interim financial statements have been prepared on the basis of accounting policies and methods of computation consistent with those applied in the Company's financial statements for the year ended May 31, 2021.

The preparation of interim financial statements in conformity with IAS 34 requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates. These condensed interim financial statements do not include all of the information required for full annual financial statements.

These condensed interim financial statements, including comparatives, have been prepared on the basis of IFRS standards that are published and effective at the time of preparation.

These condensed interim financial statements have been prepared on the historical cost basis except for certain financial instruments, which are measured at fair value.

c) Recent accounting pronouncements and changes to accounting policies

Certain accounting standards or amendments to existing accounting standards that have been issued but have future effective dates are either not applicable or are not expected to have a significant impact on the Company's financial statements.

d) Approval of the condensed interim financial statements

The condensed interim financial statements of the Company for the three and nine months ended February 28, 2022 were reviewed, approved and authorized for issue by the board of directors on March 25, 2022.

3. Exploration and Evaluation Assets

Golden Eagle Project

On April 17, 2020, the Company purchased 161 mineral claims covering an estimated 8,887 hectares located in southwestern Quebec, Canada.

The Company purchased these claims for consideration of 6,500,000 common shares of the Company. The Company valued the common shares at \$0.05 per share and capitalized \$325,000 to exploration and evaluation assets during the year ended May 31, 2020.

3. Exploration and Evaluation Assets (cont'd)

Panache Gold Project

On March 19, 2021, the Company entered into an agreement to purchase 12 mineral claims comprising the Panache Gold Project, Quebec. The Company paid \$25,000 in cash and issued 4,000,000 common shares at a price of \$0.06 per share. The Panache Gold Project is subject to a 2% Net Smelter Returns royalty, which may be reduced to 1% at any time through the payment of \$1,000,000.

Riviere Lois Project

On October 7, 2021, the Company announced that it has entered into an agreement with Val-d'Or Mining Corporation ("Val-d'Or") for the purchase of the Val d'Or's Riviere Lois Prospect. The Riviere Lois Prospect is located in northwestern Québec between the villages of Taschereau and Poularies. The transaction is subject to the approval of the CSE. As at February 28, 2022 and as of the date of this report, closing conditions for the purchase of the Riviere Lois Prospect have not been met. No share issuances or acquisition costs have been recognized as at February 28, 2022.

In consideration for a 100% interest in the Riviere Lois Prospect, the Company will issue 3,200,000 common shares to Val-d'Or (of which Golden Valley Mines & Royalties will receive 640,000 common shares). Val-d'Or will be granted a royalty of 2.5% of the net smelter returns from the property, which is vended under the agreement, whereby 1% of the net smelter return maybe purchased by the Company for \$500,000. In addition, Val-d'Or will receive \$80,000 in cash and will complete a geophysical exploration program.

A Director of the Company is also an officer of Val-d'Or.

The Company has incurred the following expenditures during the year ended May 31, 2021 and nine months ended February 28, 2022:

	Golden Eagle	Panache	Total

5. Share-based Payments

a) Stock options:

- On July 14, 2021, the Company granted 500,000 stock options to a Director and a consultant; each option is exercisable to acquire a common share at an exercise price of \$0.135 expiring July 14, 2026. The stock options vested immediately upon grant. The Company recognized \$43,000 for share-based payments.

The fair value of the 500,000 stock options was estimated using the Black-Scholes option pricing model assuming a risk-free interest rate of 0.93%, a dividend yield of nil, an expected annual volatility of the Company's share price of 80% and an expected life of 5 years. The fair value of the stock options was \$0.09 per option. The expected volatility assumption is based on the estimated volatility of early stage mineral exploration companies. The risk-free interest rate is based on yield curves on the Canadian government zero-coupon bonds or Canadian government treasury bills with a remaining term equal to the warrants' expected life.

5. Share-based Payments (cont'd)

a) Stock options (cont'd):

- On December 21, 2021, the Company granted 200,000 stock options to a Director. The options are exercisable to acquire a common share at an exercise price of \$0.065 expiring December 21, 2023. The stock options vested immediately upon grant. The Company recognized \$43,000 for share-based payments.

The fair value of the 200,000 stock options was estimated using the Black-Scholes option pricing model assuming a risk-free interest rate of 0.98%, a dividend yield of nil, an expected annual volatility of the Company's share price of 80% and an expected life of 2 years. The fair value of the stock options was \$0.028 per option. The expected volatility assumption is based on the estimated volatility of early stage mineral exploration companies. The risk-free interest rate is based on yield curves on the Canadian government zero-coupon bonds or Canadian government treasury bills with a remaining term equal to the warrants' expected life.

- On February 23, 2022, the Company granted 300,000 stock options to a Director. The options are exercisable to acquire a common share at an exercise price of \$0.135 expiring February 23, 2024. The stock options vested immediately upon grant. The Company recognized \$6,600 for share-based payments.

The fair value of the 300,000 stock options was estimated using the Black-Scholes option pricing model assuming a risk-free interest rate of 1.57%, a dividend yield of nil, an expected annual volatility of the Company's share price of 80% and an expected life of 2 years. The fair value of the stock options was \$0.022 per option. The expected volatility assumption is based on the estimated volatility of early stage mineral exploration companies. The risk-free interest rate is based on yield curves on the Canadian government zero-coupon bonds or Canadian government treasury bills with a remaining term equal to the warrants' expected life.

The changes in stock options issued and outstanding during the nine months ended February 28, 2022 are as follows:

The fair value of the 2,000,000 compensation warrants was estimated using the Black-Scholes option pricing model assuming a weighted average risk-free interest rate of 0.25%, a dividend yield of nil, an expected annual volatility of the Company's share price of 80% and an expected life of 1 year. The fair value of the compensation warrants was \$0.04 per warrant. The expected volatility assumption is based on the estimated volatility of early stage mineral exploration companies. The risk-free interest rate is based on yield curves on the Canadian government zero-coupon bonds or Canadian government treasury bills with a remaining term equal to the warrants' expected life.

6. Related Party Transactions

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Parties are also considered to be related if they are subject to common control or common significant influence, related parties may be individuals or corporate entities. A transaction is considered to be a related party transaction when there is a transfer of resources or obligations between related parties. Related party transactions that are in the normal course of business and have commercial substance are measured at the exchange amount.

The following is a summary of the related party transactions that occurred during the nine months ended February 28, 2022 and 2021:
