Provisions Relating to Voting of Proxies

The common shares represented by Proxy in the form provided to shareholders will be voted or withheld from voting by the designated holder in accordance with the direction of the registered shareholder appointing him. If there is no direction by the registered shareholder, those common shares will be voted for all proposals set out in the Proxy and for the election of directors and the appointment of the auditors as set out in this Circular. The Proxy gives the person named in it the discretion to vote as such person sees fit on any amendments or variations to matters identified in the Notice of Meeting, or any other matters which may properly come before the Meeting. At the time of printing of this Circular, the management of the Company (the "Management") knows of no other matters which may come before the Meeting other than those referred to in the Notice of Meeting.

Advice to Beneficial Holders of Common Shares

The information set forth in this section is of significant importance to many shareholders, as a substantial number of shareholders do not hold common shares in their own name. Shareholders who hold their common shares through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their common shares in their own name (referred to herein as "**Beneficial Shareholders**") should note that only proxies deposited by shareholders who appear on the records maintained by the Company's registrar and transfer agent as registered holders of common shares will be recognized and acted upon at the Meeting. If common shares are listed in an account statement provided to a Beneficial Shareholder by a broker, then those common shares will, in all likelihood, not be registered in the shareholder's name. Such common shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which

acts as nominee for many Canadian brokerage firms). In the United States, the vast majority of such common shares are registered under the name of Cede & Co., the registration name for The Depository Trust Company, which acts as nominee for many United States brokerage firms. Common shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted or withheld at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholder meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their common shares are voted at the Meeting. The form of instrument of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the instrument of proxy provided directly to registered shareholders by the Company. However, its purpose is limited to instructing the registered shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc. ("**Broadridge**") in Canada. Broadridge typically prepares a machine-readable voting instruction form ("**VIF**"), mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the VIFs to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge VIF cannot use that form to vote common shares directly at the Meeting. The VIFs must be returned to Broadridge (or instructions respecting the voting of common shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the common shares voted. If you have any questions respecting the voting of common shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance.**

The Notice of Meeting, Circular, Proxy and VIF (the "**Meeting Materials**"), as applicable, are being provided to both registered shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories - those who object to their identity being known to the issuers of securities which they own ("**OBOs**") and those who do not object to their identity being made known to the issuers of the securities which they own ("**NOBOs**"). Subject to the provisions of National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**"), issuers may request and obtain a list of their NOBOs from intermediaries directly or via their transfer agent and may obtain and use the NOBO list for the distribution of proxy-related materials directly (not via Broadridge) to such NOBOs. If you are a Beneficial Shareholder and the Company or its agent has sent these materials directly to you, your name, address and information about your holdings of common shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the common shares on your behalf.

Pursuant to the provisions of NI 54-101, the Company is providing the Meeting Materials, as applicable, to both registered owners of the securities and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. The Company is not sending the Meeting Materials directly to the NOBOs. The Company will use and pay intermediaries and agents to send the Meeting Materials to the NOBOs. Please return your voting instructions as specified in the VIF.

The Company's OBOs can expect to be contacted by Broadridge or their brokers or their broker's agents as set out above. The Company does not intend to pay for intermediaries to deliver the Meeting Materials to OBOs and accordingly, if the OBO's intermediary does not assume the costs of delivery of those documents in the event that the OBO wishes to receive them, the OBO may not receive the documentation.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting common shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the common shares in that capacity. NI 54-101 allows a Beneficial Shareholder who is a NOBO to submit to the Company or an applicable intermediary any document in writing that requests that the NOBO or a nominee of the NOBO be appointed as proxyholder. If such a request is received, the Company or an intermediary, as applicable, must arrange, without expenses to the NOBO, to appoint such NOBO or its nominee as a proxyholder and to deposit that proxy within the time specified in this Circular, provided that the Company or the intermediary receives such written instructions from the NOBO at least one business day prior to the time by which proxies are to be submitted at the Meeting, with the result that such a written request must be received by 10:00 a.m. (Vancouver time) on the day which is at least three business days prior to the Meeting. **A Beneficial Shareholder who wishes to attend the Meeting and to vote their common shares as proxyholder for the registered shareholder, should enter their own name in the blank space on the VIF or such other document in writing that requests that the NOBO or a nominee of the NOBO be appointed as proxyholder and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.**

All references to shareholders in the Notice of Meeting, Circular and the accompanying Proxy are to registered shareholders of the Company as set forth on the list of registered shareholders of the Company as maintained by the registrar and transfer agent of the Company, Odyssey, unless specifically stated otherwise.

The audited financial statements of the Company for the years ended November 30, 2021, and 2020, together with the auditor's report on those statements and Management Discussion and Analysis, will be presented to the shareholders at the Meeting.

The Stock Option Plan was last approved by Shareholders on August 8, 2019. The Stock Option Plan does not require annual approval or ratification. The Stock Option Plan provides that the aggregate number of securities reserved for issuance will be 10% of the number of the common shares of the Company issued and outstanding from time to time.

Oversight and Description of Director and Named Executive Officer Compensation

The objective of the Company's compensation program is to compensate the executive officers for their services to the Company at a level that is both in line with the Company's fiscal resources and competitive with companies at a similar stage of development.

The Company compensates its executive officers based on their skill, qualifications, experience level, level of responsibility involved in their position, the existing stage of development of the Company, the Company's resources, industry practice and regulatory guidelines regarding executive compensation levels.

The Board has implemented three levels of compensation to align the interests of the executive officers with those of the shareholders. First, executive officers may be paid a monthly consulting fee or salary. Second, the Board may award executive officers long term incentives in the form of stock options. Finally, the Board may award cash or share bonuses for exceptional performance that results in a significant increase in shareholder value. The Company does not provide pension or other benefits to the executive officers. The Company does not have pre-existing performance criteria or objectives. All significant elements of compensation awarded to, earned by, paid or payable to NEOs are determined by the Company on a subjective basis. The Company has not used any peer group to determine compensation for its directors and NEO.

The Board has the responsibility to administer compensation policies related to executive management of the Company, including option-based awards. The Board has approved the Stock Option Plan pursuant to which the Board has granted stock options to executive officers. The Stock Option Plan provides compensation to participants and an additional incentive to work toward long-term company performance. The Stock Option Plan has been and will be used to provide share purchase options which are granted in consideration of the level of responsibility of the executive as well as his or her impact and/or contribution to the longer-term operating performance of the Company. In determining the number of options to be granted to the executive officers, the Board takes into account the number of options, if any, previously granted to each executive officer and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the Exchange, and closely align the interests of the executive officers with the interests of shareholders.

CORPORATE GOVERNANCE DISCLOSURE

National Policy 58-201 establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines; however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore such guidelines have not been adopted. National Instrument 58-101 mandates disclosure of corporate governance practices which disclosure is set out below.

Corporate governance relates to the activities of the Board, the members of which are elected by and are accountable to the shareholders of the Company. Corporate governance also takes into account the role of the individual members of management appointed by the Board who are charged with the day-to-day management of the Company. The Board is committed to sound corporate governance practices, which are both in the interest of its shareholders and contribute to effective and efficient decision making.

Composition of the Board

The Board facilitates its exercise of independent supervision over management by ensuring that the Board is composed of a majority of independent directors. Directors are considered to be independent if they have no direct or indirect material relationship with the Company. A "material relationship" is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director's independent judgment. The Board has three directors, two of which are considered to be independent. Mr. Sampson and Elliott are considered to be independent directors for the purposes of NI 58-101 and Mr. Smith and Mr. Fleming are not considered to be independent due to their relationship to the Company as senior officers.

The Board of the Company facilitates its exercise of supervision over Company's management through frequent meetings of the Board.

Mandate of the Board

The Board has responsibility for the stewardship of the Company including responsibility for strategic planning, identification of the principal risks of the Company's business and implementation of appropriate systems to manage these risks, succession planning (including appointing, training and monitoring senior management), communications with investors and the financial community and the integrity of the Company's internal control and management information systems.

The Board sets long term goals and objectives for the Company and formulates the plans and strategies necessary to achieve those objectives and to supervise senior management in their implementation. The Board delegates the responsibility for managing the day-to-day affairs of the Company to senior management but retains a supervisory role in respect of, and ultimate responsibility for, all matters relating to the Company and its business. The Board is responsible for protecting shareholders' interests and ensuring that the incentives of the shareholders and of management are aligned.

As part of its ongoing review of business operations, the Board reviews, as frequently as required, the principal risks inherent in the Company's business including financial risks, through periodic reports from management of such risks, and assesses the systems established to manage those risks. Directly and through the Audit Committee, the Board also assesses the integrity of internal control over financial reporting and management information systems.

In addition to those matters that must, by law, be approved by the Board, the Board is required to approve any material dispositions, acquisitions and investments outside the ordinary course of business, long-term strategy, and organizational development plans. Management of the Company is authorized to act without board approval, on all ordinary course matters relating to the Company's business.

The Board also monitors the Company's compliance with timely disclosure obligations and reviews material disclosure documents prior to distribution. The Board is responsible for selecting the President and appointing senior management and for monitoring their performance

Directorships

The following is a list of each director of the Company who is also a director of other reporting issuers (or equivalent) in a Canadian or foreign jurisdiction as of the date of this information circular:

<u>Name of director</u>	<u>Other reporting issuer</u>
William Fleming	Halucenex Life Sciences Inc.
Patrick Elliott	Lexore Capital Corp. Forte Minerals Corp. Ecovatec Solutions Inc. Element 29 Resources Inc.

Position Descriptions

The Board has not developed written position descriptions for the chair or the chair of any board committees or for the CEO. Given the size of the Company's infrastructure and the existence of only a small number of officers, the Board does not feel that it is necessary at this time to formalize position descriptions in order to delineate their respective responsibilities.

Orientation and Continuing Education

When new directors are appointed, they receive orientation, commensurate with their previous experience, on the Company's properties, business and industry and on the responsibilities of directors. New directors also receive historical public information about the Company and the mandates of the committees of the Board. Board meetings may also include presentations by the Company's management and employees to give the directors additional insight into the Company's business. In addition, new directors are encouraged to visit and meet with management on a regular basis and to pursue continuing education opportunities where appropriate.

Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law, and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company. Further, the Company's auditor always has full and unrestricted access to the Audit Committee to discuss the audit of the Company's financial statements and any related findings as to the integrity of the financial reporting process.

Under applicable corporate legislation, a director is required to act honestly and in good faith with a view to the best interest of the Company and exercise the care, diligence and skill that a reasonably prudent

person would exercise in comparable circumstances, and disclose to the board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction is a director or officer (or an individual acting in a similar capacity) of a party to the contract or voting on the contract or transaction, unless the contract or transaction (i) relates primarily to their remuneration as a director, officer, employee or agent of the Company or an affiliate of the Company, (ii) is for indemnity or insurance for the benefit of the director in connection with the Company, or (iii) is with an affiliate of the Company. If the director abstains from voting after disclosure of their interest, the directors approve the contract or transaction and the contract or transaction was reasonable and fair to the Company at the time it was entered into, the contract or transaction is not invalid, and the director is not accountable to the Company for any profit realized from the contract or transaction. Otherwise, the director must have acted honestly and in good faith, the contract or transaction must have been reasonable and fair to the Company and the contract or transaction be approved by the shareholders by a special resolution after receiving full disclosure of its terms in order for the director to avoid such liability or the contract or transaction being invalid.

Nomination of Directors

The Board will consider its size each year when it considers the number of directors to recommend to the shareholders of the Company for election at the annual meeting of shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of views and experience.

The Board does not have a nominating committee, and these functions are currently performed by the Board as a whole. The Board is responsible for identifying individuals qualified to become new Board members and recommending to the Board new director nominees for the next annual meeting of the shareholders.

New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Company, the ability to devote the time required, show support for the Company's mission and strategic objectives, and a willingness to serve.

Compensation

The quantity and quality of the Board compensation is reviewed on an annual basis. At present, the Board is satisfied that the current compensation arrangements adequately reflect the responsibilities and risks involved in being an effective director of the Company. As well, the number of options to be granted is determined by the Board as a whole, which allows any independent directors to have input into compensation decisions. At this time, the Company does not believe its size and limited scope of operations requires a formal compensation committee.

Assessments

The Board annually reviews its own performance and effectiveness as well as the effectiveness and performance of its committees. Effectiveness is subjectively measured by comparing actual corporate results with stated objectives. The contributions of individual directors are informally monitored by other Board members, bearing in mind the business strengths of the individual and the purpose of originally nominating the individual to the Board.

The Board monitors the adequacy of information given to directors, communication between Board and Management and the strategic direction and processes of the Board and its committees.

The Board believes its corporate governance practices are appropriate and effective for the Company, given its size and operations. The Company's corporate governance practices allow the Company to operate efficiently, with checks and balances that control and monitor Management and corporate functions without excessive administration burden.

Other Board Committees

At the present time, the only standing committee is the Audit Committee. The written charter of the Audit Committee, as required by NI 52-110, is contained in Schedule "A" to this Circular.
