### Overview

MLK Gold Ltd. ("MLK Gold" or the "Company") was incorporated under the Business Corporations Act of British Columbia on June 7, 2018 as 1167343 B.C. Ltd. On May 14, 2020, the Company changed its name to Mountain Lake Minerals Inc. and on May 4, 2021 the Company changed its name to MLK Gold Ltd. The address of the Company's head office is 59 Payzant Drive, P.O. Box 657, Windsor, Nova Scotia, B0N 2T0. Its registered office is Suite 2080 - 777 Hornby Street, Vancouver, B.C., Canada, V6Z 1S4.

The Company was created to facilitate an Arrangement Agreement dated June 7, 2018. In accordance with the Arrangement Agreement, the Company was incorporated as a wholly-owned subsidiary of Pac Roots Cannabis Corp. ("Pac Roots"). Pac Roots transferred its mineral exploration business and other assets to the Company in exchange for 10,636,945 common shares and \$550,000 in cash. The common shares were then distributed to the shareholders of Pac Roots. The exchange in shares for the exploration business and other assets has been recorded as a capital transaction at the fair value of the net assets received.

The Company's activities are primarily directed towards exploration and development of mineral properties located in Canada. In addition, the Company is looking to acquire other mineral properties. As at November 30, 2022, MLK Gold held a 100% interest in two (2) licenses at the Caledonia Brook-1 gold property located south of Windsor-Grand Falls in central Newfoundland. These licenses contain 53 claims in total and cover 1,325 ha. The Company also holds a 100% in two contiguous licences on the north side of the Caledonia Brook-1 property and is named the Caledonia Brook-2 property. The two licences at Caledonia Brook-2 consist of 217 claims covering 5,425 hectares.

MLK Gold Ltd. also holds a 100% interest in three (3) exploration licenses at the Manuels epithermal gold property in the Avalon Peninsula. The licenses consist of twenty-one (21) claims in total and cover 525ha. The Company also holds a single licence at the Golden Eye Project near Little River in southern Newfoundland consisting of 20 claims covering 500 hectares. In addition, the Company holds a 100% interest in one mineral exploration license in central Nova Scotia covering approximately 388ha. As at November 30, 2022, the Company has cash of \$11,179 to settle current liabilities of \$424,449 and long term liabilities of \$Nil.

In March 2020, The World Health Organization declared COVID-19 a global pandemic. This contagious disease outbreak and any related adverse public health developments, has adversely affected workforces, economies, and financial markets globally, leading to an economic downturn. The pandemic could continue to have negative impact on the stock market, including trading prices of the Company's shares and its ability to raise new capital. At this point, the impact on the Company has been minimal. The Company continues to monitor the situation and is taking all necessary precautions to follow rules and best practices as set out by the federal and provincial governments.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

### **Overall Performance**

#### Newfoundland and Labrador

##### *Grand Falls and Caledonia Brook Properties*

In connection with the Arrangement Agreement described in Note 1, the Company acquired an Option Agreement dated October 30, 2017 ("Agreement") with New Dawn Resources Inc. (the "Optionor") whereby the Company could acquire a 100% interest in a gold exploration property in the Central Newfoundland area of Newfoundland and Labrador consisting of 53 mineral claims under two mineral exploration licenses.

On March 6, 2020, the Company entered into a purchase agreement ("Purchase Agreement") with the Optionor whereby the Company would acquire a 100% interest in the above-noted gold exploration property consisting of 53 mineral claims and two mineral exploration licenses and a 100% interest in 30 additional mineral claims under two mineral exploration licenses. The Purchase Agreement superseded the Option Agreement with the Optionor, and as consideration, the Company was required to make a cash payment \$5,000 and issue 583,333 common shares, which the Company paid and issued during the year ended November 30, 2020.

Pursuant to the Purchase Agreement, the Company earned a 100% interest in 83 claims under four mineral exploration licenses (together, the "Grand Falls and Caledonia Brook Properties"). During the year ended November 30, 2020, 30 claims under two mineral exploration licenses (Grand Falls properties) were cancelled as the Company identified other claims of interest at the Caledonia Brook Properties for further exploration.

The Caledonia Brook Properties are subject to a net smelter returns royalty ("NSR") of 1.0% of commercial production. The Company can purchase 0.5% of the NSR for \$500,000 at any time.

##### *Little River Property*

The Company holds an undivided 100% interest in 20 mineral claims in the Little River area of southern Newfoundland known as the Golden Eye Project. There is a 2.0% NSR on the property of which 1% can be purchased for \$1,500,000.

During the year ended November 30, 2022, the Company determined to no longer pursue exploration activities on the Little River Property and recorded an impairment of exploration and evaluation assets of \$15,771.

##### ***Manuels Property***

On April 6, 2020, the Company entered into a purchase agreement with New Dawn Resources Inc. and the sole director of New Dawn Resources Inc. (the "Optionors"), whereby the Company acquired a 100% interest in 21 mineral claims under three mineral licenses known ("Manuels Property"). As consideration, the Company issued 83,333 common shares and agreed to pay an advance on royalty of an aggregate of \$72,000 in ten equal annual installments of \$7,200 to the Optionors. During the year ended November 30, 2020, \$7,200 was paid to the Optionors.

The Manuels Property is subject to an NSR of ranging from 0.5% to 1% of commercial production. The Company can purchase 0.5% of the NSR for \$500,000 at any time.

During the year ended November 30, 2022, the Company determined to no longer pursue exploration activities on the Manuels Property and recorded an impairment of exploration and evaluation assets of \$276,724.

##### ***Caledonia-2 Property***

On April 6, 2020, the Company entered into an agreement with a company controlled by a director of the Company, whereby the Company would acquire (the "Acquisition") a 50% interest in certain mineral exploration licenses (the "Caledonia-2 Property") in exchange for, among other things, a 50% interest in the Manuels property (the "Caledonia 2 Agreement"). The Acquisition was subject to the Company acquiring 100% of the Manuels Property. In addition, the Company has also committed to issuing 200,000 share purchase warrants, making a cash payment of \$30,000, providing a 2% NSR in the Manuels property and incurring \$1,000,000 in exploration expenses before December 31, 2022. Furthermore, the Company also committed to issuing certain number of performance warrants dependent on results of geological surveys which have not yet been conducted.

On September 20, 2021, the Company and the vendor amended the Caledonia 2 Agreement, and the Company acquired a 100% interest in the Caledonia-2 Property by making a cash payment of \$75,500 (paid) and issuing 1,490,000 common shares of the Company (issued). The Company has granted to the vendor a 0.5% NSR royalty on the Caledonia 2 Property.

MLK GOLD LTD.  
MANAGEMENT'S DISCUSSION AND ANALYSIS

On February 28, 2022, the Company entered into a purchase agreement to acquire certain mineral claims adjoining the Company's Caledonia Brook Property located in Newfoundland and Labrador in exchange for 15,000 common shares of the Company.

The Caledonia-2 Property is subject to a net smelter returns royalty ("NSR") of 1.0% of commercial production. The Company can purchase 0.5% of the NSR for \$250,000 at any time.

**Nova Scotia**

*Highfield Property*

During the year ended November 30, 2020, the Company entered into agreements with two parties (the "Optionors") to acquire a 100% interest in six mineral claims under one mineral exploration license in Nova Scotia (the "NS Agreements" and the "Highfield Property"). Pursuant to the terms of the NS Agreements, the Company has issued 583,333 common shares. The mineral exploration license is currently held by the Optionors. In addition, the Company also issued 35,000 common shares as finders' fee to a third party.

The Highfield Property is subject to two NSRs of 0.75% and 2.0%, of which the Company can purchase up to 0.5% of the first, and 0.5% of the second may be purchased for \$250,000 and \$50,000, respectively. Furthermore, the Company will also be required to make a royalty payment of \$25,000 within one year of a feasibility report which identifies commercial viability of the property.

The title to the exploration licenses comprising the Highfield Property were held by an officer of the Company as at November 30, 2022, and are in the process of being transferred to the Company.

*Garrison Hills Lithium Property*

On May 16, 2022, the Company acquired a 100% interest in 104 claims covering 2,600 hectares. The Garrison Hills Lithium Property is located on the Garrison Hills northeast of Gaultois and west of Highway 360 on the south coast of Newfoundland. The staking fees were \$6,760 and exploration work totally approximately \$21,000 must be completed by June 15, 2023.

The Company has expense recovery during the last quarter of 2021 due to the reclassification of the exploration costs from expenses to Exploration and Evaluation Assets.

**Liquidity and Capital Resources**

As at November 30, 2022, the Company has a negative working capital of \$393,999 compared to a negative working capital of \$365,815 at November 30, 2021 mainly due to the use of resources to pay for expenditures.

For the year ended November 30, 2022, the Company used cash of \$392,836 in operating activities (2021: \$497,203).

The Company's principal assets are at an exploration stage and as a result the Company has no current source of operating cash flows. The Company relies on its ability obtain equity financing to fund administration expenses and future exploration programs. The ability of the Company to continue as a going concern and to realize the carrying value of its assets and discharge its liabilities when due is dependent on the successful completion of a financing or by monetizing assets. There is no certainty that these and other strategies will be successful.

**Share Capital**

The Company's authorized capital consists of an unlimited number of common shares without nominal or par value. As of the date of this MD&A, the Company has 40,091,230 issued and outstanding common shares.

**Commitments**

The Company exploration and evaluation assets are subject to exploration expenditures and NSR. Refer to Note 6 for further details.

**Off-Balance Sheet Arrangements**

The Company has no off-balance sheet arrangements.

**Critical accounting estimates**

Estimate of recoverability for non-financial assets.

When there are indications that an asset may be impaired, the Company is required to estimate the asset's recoverable amount. Recoverable amount is the greater of value in use and fair value less costs to sell. Determining the value in use requires the Company to estimate expected future cash flows associated with the assets and a suitable discount rate in order to calculate present value.

**Share-based payments**

The amounts recorded for share-based payments are based on estimates. The Black Scholes model is based on estimates of assumptions for expected volatility, expected number of options to vest, dividend yield, risk-free interest rate, expected forfeitures and expected life of the options. Changes in these assumptions may result in a material change to the amounts recorded for the issuance of stock options.

**Financial Instruments**

The Company's financial instruments are categorized in a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1 - quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 - inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and

Level 3 - inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The Company's financial instruments include cash, deposits, accounts payable, notes payable and other payables.

The fair value of cash is determined based on "Level 1" inputs, which consist of quoted prices in active markets for identical assets.

Assets measured at fair value on a recurring basis were presented on the Company's statements of financial position as of November 30, 2022, as follows:

Fair Value Measurements Using

Credit risk

The Company has no significant credit risk arising from operations. The Company does not engage in any sales activities, so is not exposed to major credit risks attributable to customers. The Company's credit risk is primarily attributable to cash. The Company holds its cash with Canadian chartered banks and the risk of default is considered to be remote.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's accounts payable are due within one year. The Company's has no notes payable. The Company's liquidity and operating results may be adversely affected if the Company's access to the capital markets is hindered, whether as a result of stock market conditions generally or as a result of conditions specific to the Company. The Company's approach to managing liquidity risk is to ensure it will have sufficient liquidity to meet liabilities when due. As at November 30, 2022, the Company has cash of \$11,179 (November 30, 2021 - \$749,914) to settle current liabilities of \$424,449 (November 30, 2021 - \$468,839).

Interest rate risk

Interest rate risk is the risk that future cash flows of the Company's assets and liabilities can change due to a change in interest rates. The Company is not exposed to interest rate risk as no financial instruments are interest-bearing. It is management's opinion that the Company is not exposed to significant interest, currency or credit risk arising from the financial statements.

**Subsequent Events**

On January 09, 2023, the Company reported that it has added a second lithium asset to its growing portfolio of properties. This property is located approximately 18 kilometres due east of the high-grade Kraken lithium discovery and Hydra cesium discovery made by the Benton Resources-Sokoman Mineral Alliance. The new mineral licence consists of 100 mineral claims having highly prospective potential for critical metal mineralization.

On February 09, 2023, the Company reported that it has again added to its growing portfolio of lithium and critical metals assets in Newfoundland. The Knob Brook lithium property, acquired by the Company through map staking, consists of 111 mineral claims is located approximately 4 kilometres south of the Company's previously announced property, and roughly 15 kilometres east of the Kraken lithium discovery made by the Benton Resources-Sokoman Mineral Alliance.

**Risks and Uncertainties**

Under Canadian reporting requirements, management of the Company is required to identify and comment on significant risks and uncertainties associated with its business activities.
