

## NeonMind to Participate in Panel Discussion at Lift & Co. Expo's Psychedelics Business Summit on November 19, 2021

Vancouver, B.C. – November 17, 2021: NeonMind Biosciences Inc. (CSE: NEON) (OTCQB: NMDBF) (FRA: 6UF) ("NeonMind" or the "Company"), an integrated drug development and wellness company, is pleased to announce that President and CEO, Rob Tessarolo, is scheduled to participate in a panel discussion at Lift & Co. Expo's new Psychedelics Business Summit, on November 19, 2021, in Toronto. The panel entitled, "Business Leaders: Committing to Business Strategies and Approaches that Will Benefit Patients – and Investors," will include Canada's leading psychedelics entrepreneurs in medical research, clinical therapy, product innovation and business investment.

### Lift Psychedelics Business Summit

**Place:** Metro Toronto Convention Center, North Building

**Date:** Friday, November 19, 2021

**Time:** 2:45 pm – 3:45 pm EST

**Registration:** [liftexpo.ca](https://liftexpo.ca)

Building on the success of psychedelics content launched at the Cannabis Business Conference Vancouver in 2020, The Lift Psychedelics Business Summit will take a deep dive into psychedelics research and the psychedelics industry. It is structured to offer attendees the most up-to-date business intelligence, specifically on the four pillars of today's psychedelic renaissance: medical research, legalization and investment for a professional and business-focused audience.

**About NeonMind Biosciences Inc.**

NeonMind operates two divisions: (i) a pharmaceutical division engaged in drug development of psychedelic compounds with two lead psilocybin-based drug candidates targeting obesity; and (ii) a medical services division focused on launching specialty mental health clinics that integrate psychedelic therapeutics into traditional psychotherapy settings.

In its pharmaceutical division, NeonMind has two distinct psilocybin drug development programs targeting obesity. NeonMind's lead candidate, NEO-001, employs psilocybin as an agonist at the serotonin 5-HT<sub>2A</sub> receptor, which is involved in the hallucinogenic effect of psychedelics. The Company's second drug candidate, NEO-002, employs low-dose psilocybin as an agonist at the 5-HT<sub>2C</sub> receptor, which controls appetite.

NeonMind established a medical services division with the goal of launching NeonMind-branded specialty mental health clinics in Canada that incorporate evidence-backed innovative treatments to address a variety of mental health needs.
