

HAVN Life Successfully Exports Psilocybin from its Jamaica Facility into Canada

The Company Signs Supply Agreement with Nectar Health Sciences Laboratory Division Inc. to provide naturally derived psilocybin for research and development of therapeutic products

November 22, 2021

Vancouver, BC – Havn Life Sciences Inc. (CSE: [HAVN](#)) (OTC: [HAVLF](#)) (FSE: [SNP](#)) (the “Company” or “Havn Life”) a biotechnology company pursuing standardized extraction of psychedelic compounds for the creation of APIs that support brain health and enhance the capabilities of the mind, is pleased to announce it has successfully exported naturally derived psilocybin from its facility in Jamaica.

The importation of the naturally derived psilocybin into Canada was completed after the Company entered into a supply agreement with [Nectar Health Sciences Laboratory Division Inc.](#), a wholly-owned subsidiary of [Psilobrain Therapeutics Inc.](#) Based out of Victoria, British Columbia, Nectar Health Sciences Laboratory Division Inc. has a Controlled Substance Dealer’s License for the relevant psychedelic compounds issued by Health Canada. Under that license, Nectar was granted an import permit, pursuant to the provisions of the Controlled Drugs and Substances Act and the Food and Drugs Regulations.

The agreement with Nectar Health Sciences Laboratory Division Inc. paves the way for HAVN Life’s successful exportation of naturally derived psilocybin from Jamaica. Additionally, it validates the Company’s supply chain business model of providing psilocybin for clinical use and research, adding to previously announced supply partnerships this year with [Mycrodose Therapeutics](#), [Mycotopia Therapies](#), [Cube Psytech](#), [Allied Health](#), [ATMA Journey Centers](#), [Revive Therapeutics](#) and [HealthTech Connex](#).

“This partnership is a huge win for us as we look to secure additional supply agreements with Canadian companies, now that the integrity of our supply chain from Jamaica has been demonstrated,” says HAVN Life CEO, Tim Moore. “As the research and drug development work on psilocybin moves forward, HAVN Life continues to position itself as a supply chain leader, able to meet the demand for naturally derived psilocybin,” he adds.

“We are pleased to be one of HAVN Life Sciences preferred supply partners,” says Kevin Coft, CEO of Psilobrain Therapeutics Inc. “Our Nectar Health Sciences Laboratory Division has been at the forefront of synthetic psychedelic research, and our supply agreement with HAVN Life Sciences compliments and initiates our next stage of comprehensive testing, analytics, extraction, and product

development from psychedelic mushrooms cultivated and processed under stringent quality control protocols,” he adds.

The agreement and supply of psilocybin to Nectar Health Sciences Laboratory Division Inc. will be in compliance with all applicable Health Canada regulations.
