### **1. CORPORATE INFORMATION**

Earthwise Minerals Corp. formerly known as Hawkmoon Resources Corp. (the “Company”) is a mineral property exploration company whose common shares trade on the Canadian Securities Exchange (“CSE”). On April 15, 2021, the Company was listed and commenced trading on the CSE on April 19, 2021 under the trading symbol “HM”. On April 18, 2023, the Company changed the name to ‘Earthwise Minerals Corp. The Company commenced trading on CSE under the new trading symbol “WISE” on April 21, 2023.

On December 14, 2023, the Company completed a share consolidation on the basis of one-post consolidation common share for every ten pre-consolidation common shares (the “Share Consolidation”). The exercise price of the outstanding stock options, warrants, RSUs and the number of options, warrants and RSUs were proportionately adjusted upon the Share Consolidation. All historical information presented in the financial statements have been adjusted to reflect the Share Consolidation.

The Company was incorporated on April 26, 2019 in British Columbia. The head office and registered and records office of the Company is located at 409 Granville Street, Suite 1000, Vancouver, British Columbia, Canada, V6C 1T2.

### **2. BASIS OF PREPARATION**

#### **(a) Statement of Compliance**

These condensed interim financial statements, including comparatives, have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”), Interpretations issued by the International Financial Reporting Interpretations Committee (“IFRIC”) and in accordance with International Accounting Standard (“IAS”) 34 Interim Financial Reporting.

The condensed interim financial statements were authorized for issue by the Board of Directors on August 28, 2023.

#### **(b) Basis of Measurement**

The condensed interim financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair value, as explained in the accounting policies set out in Note 3. In addition, these financial statements have been prepared using the accrual basis of accounting, except for cash flow information. The financial statements are presented in Canadian dollars, unless otherwise noted.

#### **(c) Going Concern**

These condensed interim financial statements have been prepared on the assumption that the Company will continue as a going concern, meaning it will continue in operation for the foreseeable future and will be able to realize assets and discharge liabilities in the ordinary course of operations. Different bases of measurement may be appropriate if the Company was not expected to continue operations for the foreseeable future. At June 30, 2023, the Company has not achieved profitable operations, has accumulated losses of \$6,068,353 (March 31, 2023 - \$6,011,125) since inception and expects to incur further losses in the development of its business.

The Company’s business financial condition and results of operations may be negatively affected by economic and other consequences from Russia’s military action against Ukraine and the sanctions imposed in response to that action in late February 2022. While the Company expects any direct impacts of the war in the Ukraine, to the business to be limited, the indirect impacts on the economy and on the mining industry and other industries in general could negatively affect the business.

### **2. BASIS OF PREPARATION – (cont'd)**

#### **(c) Going Concern – (cont'd)**

The above material uncertainties cast significant doubt about the Company's ability to continue as a going concern. The Company's continuation as a going concern is dependent upon successful results from its exploration and evaluation activities, its ability to attain profitable operations to generate funds and/or its ability to raise equity capital or borrowings sufficient to meet its current and future obligations. Although the Company has been successful in the past in raising funds to continue operations, there is no assurance it will be able to do so in the future.

### **3. SIGNIFICANT ACCOUNTING POLICIES**

The preparation of financial data is based on accounting principles and practices consistent with those used in the preparation of the audited financial statements as at March 31, 2023.

#### Recent accounting pronouncements

##### *Classification of Liabilities as Current or Non-current (Amendments to IAS 1)*

The amendments to IAS1 provide a more general approach to the classification of liabilities based on the contractual arrangements in place at the reporting date. These amendments are effective for reporting periods beginning on or after January 1, 2024 and are not expected to have a material impact on the Company.

### **4. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS**

The Company makes estimates and assumptions about the future that affect the reported amounts of assets and liabilities. Estimates and judgments are continually evaluated based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. In the future, actual experience may differ from these estimates and assumptions.

The effect of a change in an accounting estimate is recognized prospectively by including it in net loss in the year of the change, if the change affects that year only, or in the year of the change and future years, if the change affects both.

#### **Critical judgments, estimates and assumptions in applying accounting policies**

Information about judgments in applying accounting policies that have the most significant risk of causing material adjustment to the carrying amounts of assets and liabilities recognized in the financial statements within the next financial year are discussed below:

##### **Going Concern**

The assessment of the Company's ability to continue as a going concern requires significant judgement. See Note 2(c).
