

Optimi Health and Mind Medicine Australia Launch OptiMed Prescriber Portal for Australian Psychiatrists

VANCOUVER, BC – June 27, 2024 – Optimi Health Corp. (CSE: OPTI) (OTCQX: OPTHF) (FRA: 8BN) (“**Optimi**” or the “**Company**”), a Health Canada-approved, GMP-compliant pharmaceutical drug manufacturer specializing in the controlled substances MDMA and botanical psilocybin, is pleased to announce the launch of OptiMed, an online prescriber portal designed to provide Australian psychiatrists with comprehensive resources and support for prescribing psychedelic medicines safely and effectively through the Authorised Prescriber Scheme.

This secure platform, a unique collaboration between Optimi and Mind Medicine Australia (MMA), offers Australian psychiatrists a centralized hub for essential information, data, and resources related to psychedelic drug manufacturing and training. Its user-friendly interface delivers a personalized experience, making it easy for psychiatrists to find everything they need in one place. With comprehensive security measures in place to protect sensitive information, the portal enables users to independently access support, resolve issues, and efficiently find answers to their queries.

“The OptiMed Prescriber Portal provides psychiatrists with a single point of access to extensive information on psychedelic drug supply and the Authorised Prescriber process,” said Optimi CEO, Bill Ciprick. “It also offers crucial insights into Good Manufacturing Practices (GMP) and our commitment to producing psilocybin and MDMA products to GMP standards, ensuring patient safety.”

Mind Medicine Australia Chair, Peter Hunt, added: “The new Prescriber Portal equips Australian psychiatrists with the confidence and essential information to safely prescribe psilocybin and MDMA,” said Hunt. “We aim to fully support prescribers as they meet the growing demand for these treatments in the coming months and years.”

OptiMed is currently available exclusively to Australian psychiatrists. However, the Company plans to expand access to other countries as their respective regulators consider the reclassification of psilocybin and MDMA or choose to implement regulations comparable to Australia’s Authorised Prescriber Scheme.

Psychiatrists interested in accessing the OptiMed Prescriber Portal can register now by visiting www.optimedportal.com.

Optimi brings its expertise as a Health Canada licensed GMP psychedelics pharmaceutical manufacturer, ensuring the highest standards of quality and responsible sourcing. As the only psychedelics pharmaceutical manufacturer in Canada with both a Controlled Drugs and Substances Dealer’s Licence and a Drug Establishment Licence (DEL), Optimi is dedicated to supplying top-tier GMP-grade products and APIs to researchers, drug developers, and authorized patients globally.

Key Features of the OptiMed Prescriber Portal:

- **Comprehensive Resources:** Access to vital information on psilocybin and MDMA drug candidates and prescribing protocols.
- **Secure Communication:** A platform designed to facilitate secure and informed prescribing practices.
- **Access:** Resources and support from Optimi and Mind Medicine Australia staff to help psychiatrists prescribe with confidence.
- **Multimedia:** Images and videos showcasing Optimi's GMP-compliant facility and MMA's professional training program.
