**About Level 14 Ventures Ltd.**

Level 14 is an exploration-stage mining company with a focus on copper and gold, with an option to acquire 100% of the Colpayoc Property in Peru. Colpayoc has significant, untested potential for a Cu-Au porphyry at depth beneath drill holes bottoming in copper-gold oxide mineralization. Colpayoc is largely untested with limited drilling and is similar to many of the world class porphyry copper-gold deposits within this prolific belt. Level 14 continues to evaluate opportunities in the mineral sector on an ongoing basis.
