### **About Element79 Gold Corp**

Element79 Gold Corp is a gold and silver mining company committed to maximizing shareholder value through responsible mining practices and sustainable development of its projects. Element79 Gold's core focus is on developing its past-producing, high-grade gold and silver mine, the Lucero project located in Arequipa, Peru, with the intent to restart production in 2024.

The Company also holds a portfolio of 5 properties along the Battle Mountain trend in Nevada, with the Clover and West Whistler projects believed to have significant potential for near-term resource development. Three properties in the Battle Mountain Portfolio are under contract for sale to Valdo Minerals Ltd., with an anticipated closing date in the first half of 2024. The Company has also signed an Option Agreement to sell the Maverick Springs project, an advanced-stage exploratory property with an Inferred Resource of 3.71MMoz AuEq (1.37MMoz Au and 175MMoz Ag) (see 43-101 technical report titled: Amended Technical Report on the Maverick Springs Project, Nevada, USA, by Allan Armitage, PhD., P.Geol., and Rohan Millar, B.Sc. P.Geol., dated October 7, 2022, available on SEDAR) and anticipates completing this sale on or before July 21, 2024.

In British Columbia, Element79 Gold has executed a Letter of Intent and funded a drilling program to acquire a private company that holds the option to 100% interest of the Snowbird High-Grade Gold Project, which consists of 10 mineral claims located in Central British Columbia, approximately 20km west of Fort St. James.

The Company has an option to acquire a 100% interest in the Dale Property, 90 unpatented mining claims located approximately 100 km southwest of Timmins, Ontario, and has recently announced that it has transferred this project to its wholly-owned subsidiary, Synergy Metals Corp, and is advancing through the Plan of Arrangement spin-out process.
