

## **Element79 Gold Corp Appoints Warren Levy to Advisory Board**

### **Sustainable Development Leader to Bolster Element 79's Strategic Vision**

**VANCOUVER, BC / THENEWSWIRE / May 13, 2024 – Element79 Gold Corp. (CSE: ELEM) (OTC: ELMGF) (FSE: 7YS) ("Element79", the "Company")** is pleased to announce the appointment of Mr. Warren Levy to its advisory board.

With a wealth of experience in sustainability and natural resources operations, Mr. Levy brings a profound understanding of the challenges associated with the industry. His appointment highlights Element 79's commitment to strategic growth, with sustainability as a cornerstone of its operational excellence.

Mr. Levy's career is marked by exceptional sustainability leadership, including several senior roles where he has left an indelible mark, notably in the energy and resources sector. Mr. Levy has guided multiple companies with foreign operations both as an advisor and board member, leveraging his expertise in sustainability, operational efficiency and capital raising while fostering positive relationships with local communities.

Throughout his career, Mr. Levy has demonstrated a remarkable ability to cultivate high-performance teams across diverse cultural landscapes. His strategic guidance has propelled the expansion of numerous companies in sectors spanning petroleum, mining, and high-tech industries, particularly in Latin America and Asia. Author of multiple publications, Mr. Levy has contributed to the discourse on energy and natural resource development in Latin America, offering insightful perspectives on energy policy and the pivotal role of sustainable development in poverty reduction.

"Warren's philosophy resonates deeply with Element 79's core values and underscores our commitment to setting new standards in operational efficiency," remarked James Tworek, CEO of Element 79. "With the breadth of experience Warren brings to the table, his global experience and operational acumen will bring invaluable insights as we continue to shape the Company's strategic direction, fostering sustainable growth while pioneering industry-leading practices."

#### **About Element79 Gold Corp.**

Element79 Gold is a mining company focused on gold and silver committed to maximizing shareholder value through responsible mining practices and sustainable development of its projects. Element79 Gold's focus is on developing its past-producing, high-grade gold and silver mine, the Lucero project located in Arequipa, Peru, with the intent to restart production in 2024.

The Company also holds a portfolio of 5 properties along the Battle Mountain trend in Nevada, with the Clover and West Whistler projects believed to have significant potential for near-term resource development. Three properties in the Battle Mountain Portfolio are under contract for sale to Valdo Minerals Ltd., with an anticipated closing date in the first half of 2024.

---

In British Columbia, Element79 Gold has executed a Letter of Intent and funded a drilling program to acquire a private company that holds the option to 100% interest of the Snowbird High-Grade Gold Project, which consists of 10 mineral claims located in Central British Columbia, approximately 20km west of Fort St. James.

The Company has an option to acquire a 100% interest in the Dale Property, 90 unpatented mining claims located approximately 100 km southwest of Timmins, Ontario, and has recently announced that it has transferred this project to its wholly owned subsidiary, Synergy Metals Corp, and is advancing through the Plan of Arrangement spin-out process.

#### **Cautionary Note Regarding Forward Looking Statements**

This press contains "forward-looking information" and "forward-looking statements" under applicable securities laws (collectively, "forward-looking statements"). These statements relate to future events or the Company's future performance, business prospects or opportunities that are based on forecasts of future results, estimates of amounts not yet determinable and assumptions of management made considering management's experience and perception of historical trends, current conditions and expected future developments. Forward-looking statements include, but are not limited to, statements with respect to: the Company's business strategy; future planning processes; exploration activities; the timing and result of exploration activities; capital projects and exploration activities and the possible results thereof; acquisition opportunities; and the impact of acquisitions, if any, on the Company. Assumptions may prove to be incorrect and actual results may differ materially from those anticipated. Consequently, forward-looking statements cannot be guaranteed. As such, investors are cautioned not to place undue reliance upon forward-looking statements as there can be no assurance that the plans, assumptions or expectations upon which they are placed will occur. All statements other than statements of historical fact may be forward-looking statements. Any statements that express or involve discussions with respect to predictions, expectations, beliefs, plans, projections, objectives or future events or performance (often, but not always, using words or phrases such as "seek", "anticipate", "plan", "continue", "estimate", "expect", "may", "will", "project", "predict", "forecast", "potential", "target", "intend", "could", "might", "should", "believe" and similar expressions) are not statements of historical fact and may be "forward-looking statements".

Actual results may vary from forward-looking statements. Forward-looking statements are subject to known and unknown risks, uncertainties and other factors that may cause actual results to materially differ from those expressed or implied by such forward-looking statements, including but not limited to: the

---

duration and effects of the coronavirus and COVID-19; risks related to the integration of acquisitions; actual results of exploration activities; conclusions of economic evaluations; changes in project parameters as plans continue to be refined; commodity prices; variations in ore reserves, grade or recovery rates; actual performance of plant, equipment or processes relative to specifications and expectations; accidents; labour relations; relations with local communities; changes in national or local governments; changes in applicable legislation or application thereof; delays in obtaining approvals or financing or in the completion of development or construction activities; exchange rate fluctuations; requirements for additional capital; government regulation; environmental risks; reclamation expenses; outcomes of pending litigation; limitations on insurance coverage as well as those factors discussed in the Company's other public disclosure documents, available on [www.sedarplus.ca](http://www.sedarplus.ca). Although the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking statements, there may be other factors that cause results not to be as anticipated, estimated or intended. The Company believes that the expectations reflected in these forward-looking statements are reasonable, but no assurance can be given that these expectations will prove to be correct and such forward-looking statements included herein should not be unduly relied upon. These statements speak only as of the date hereof. The Company does not intend, and does not assume any obligation, to update these forward-looking statements, except as required by applicable laws.
