

### **Heritage Mining – Moretti Area Drilling Mobilization**

**VANCOUVER, BC, September 14, 2023** – Heritage Mining Ltd. (CSE:HML FRA:Y66) (“**Heritage**” or the “**Company**”) is pleased to announce AZI Drilling has completed its drill program at the Alcona Target Area and New Millennium Target Area and is now mobilizing to the Moretti Target Area (“**Moretti**”) at its flagship Drayton-Black Lake Project.

#### **Drilling Mobilization**

The Company has mobilized its diamond drill program to Moretti from the New Millennium Area at its flagship Drayton-Black Lake Project located in Northwestern Ontario approximately 25km East of the town of Sioux Lookout by paved highway. The Phase 1 Drill Program previously announced on August 3, 2023 consisted of 3,600m of diamond drilling completed over the three priority target areas.

As part of the Company’s partnership with Mira Geoscience announced on July 20, 2023, Mira Geoscience has produced a geology model for Moretti’s target areas giving the Company’s exploration team a focused geophysical and structural understanding as planned to test numerous targets within the Phase 1 Drill Program at Moretti. Additional targets have been identified and have been incorporated into the program. Oriented core is used to assess structural geology that controls mineralization.

*“We are excited to have AZI Drilling moving to Moretti, a target area hosting encouraging historical exploration results and 2022 and 2023 field seasons results from work conducted by the Company. (Bulk Sample 1950, 8.5 tonne returned 14.62 g/t Au, grab samples up to 1,212 g/t Au, with the best historic channel sample returning 155 g/t Au over 0.60m) We appreciate everyone’s hard work to date and I look forward updating the market on our progress in the near future.”* Commented Peter Schloo, President, CEO and Director of Heritage.

**Moretti Area:** Mineralized deformation corridor over 2,500m of strike 500m wide consisting of discrete zones of deformed volcanic rocks and shear parallel quartz veins ranging from cm to meter scale.

## **Qualified Person**

Robert Scott, Exploration Manager for the Company, serves as a qualified person as defined by National Instrument 43-101 – Standards of Disclosure for Mineral Projects and has reviewed the scientific and technical information in this news release, approving the disclosure herein.

## **ABOUT HERITAGE MINING LTD.**

The Company is a Canadian mineral exploration company advancing its two high grade gold-silver-copper projects in Northwestern Ontario. The Drayton-Black Lake and the Contact Bay projects are located near Sioux Lookout in the underexplored Eagle-Wabigoon-Manitou Greenstone Belt. Both projects benefit from a wealth of historic data, excellent site access and logistical support from the local community. The Company is well capitalized, with a tight capital structure.

## **FORWARD-LOOKING STATEMENTS**

This news release contains certain statements that constitute forward looking information within the meaning of applicable securities laws. These statements relate to future events of the Company. Any statements that express or involve discussions with respect to predictions, expectations, beliefs, plans, projections, objectives, assumptions or future events or performance (often, but not always, using words or phrases such as “seek”, “anticipate”, “plan”, “continue”, “estimate”, “expect”, “forecast”, “may”, “will”, “project”, “predict”, “potential”, “targeting”, “intend”, “could”, “might”, “should”, “believe”, “outlook” and similar expressions are not statements of historical fact and may be forward looking information. All statements, other than statements of historical fact, included herein are forward-looking statements.

Forward looking information involves known and unknown risks, uncertainties and other factors which may cause the actual results, performance, or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by the forward-looking information. Such risks include, among others, the inherent risk of the mining industry; adverse economic and market developments; the risk that the Company will not be successful in completing additional acquisitions; risks relating to the estimation of mineral resources; the possibility that the Company’s estimated burn rate may be higher than anticipated; risks of unexpected cost increases; risks of labour shortages; risks relating to exploration and development activities; risks relating to future prices of mineral resources; risks related to work site accidents, risks related to geological uncertainties and variations; risks related to government and community support of the Company’s projects; risks related to global pandemics and other risks related to the mining industry. The Company believes that the expectations reflected in such forward-looking information are reasonable, but no assurance can be given that these expectations will prove to be correct and such forward-looking information should not be unduly relied upon. These statements speak only as of the date of this news release. The Company does not intend, and does not assume any obligation, to update any forward-looking information except as required by law.

This document does not constitute an offer to sell, or a solicitation of an offer to buy, securities of the Company in Canada, the United States, or any other jurisdiction. Any such offer to sell or solicitation of an offer to buy the securities described herein will be made only pursuant to subscription documentation between the Company and prospective purchasers. Any such offering will be made in reliance upon exemptions from the prospectus and registration requirements under applicable securities laws, pursuant to a subscription agreement to be entered into by the Company and prospective investors.
