Silver Hammer Confirms No Material Change

Vancouver, British Columbia / November 15, 2021 – Silver Hammer Mining Corp. (CSE: HAMR, OTCQB: HAMRF) (“Silver Hammer” or the “Company”) announces that, at the request of IIROC, the Company wishes to confirm that the Company’s management is unaware of any material change in the Company’s operations that would account for the recent increase in market activity.

About Silver Hammer Mining Corp.

Silver Hammer Mining Corp. is a junior resource company advancing the past-producing Silver Strand Mine in the Coeur d’Alene Mining District in Idaho, USA, both the Eliza Silver Project and the Silverton Silver Mine in one of the world’s most prolific mining jurisdictions in Nevada and the Lacy Gold Project in British Columbia, Canada. The Company has commenced an initial drill program at Silver Strand that will test for silver and gold mineralization immediately below the mine’s lowest level extending only 90 metres below surface. Silver Hammer strives to become a multi-mine silver producer and will focus near-term exploration and drilling plans at the Company’s Idaho and Nevada silver-gold assets.

**Mineralization hosted on adjacent and/or nearby properties is not necessarily indicative of mineralization hosted on the Company’s property.*
