1. NATURE OF OPEARTIONS AND GOING CONCERN

Mary Agrotechnologies Inc. ("Mary AG" or "the Company") was incorporated under the laws of the Province of Ontario by articles of incorporation on October 12, 2017. The primary business activity of the Company is to produce the fully-automated plant growing device managed and controlled by an artificial intelligent algorithm, allowing consumers to grow their own herbs and vegetables effortlessly from seed to plant, while providing optimal conditions to assure premium quality produce year-round. The Company's head office is located at 115 Apple Creek Boulevard, Unit 4, Markham, Ontario, L3R 6C9.

The Company operates mainly in the fields of development and distribution of home growing automated machines and commercial containers for variety of herbs and vegetables worldwide. The Company also plans, established and will operate container farms.

In January, 2024, the Company made the decision to discontinue the product line of grow box after having thoroughly considered the product market performance and the company's strategic vision for future development.

These consolidated financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS"). These consolidated financial statements have been prepared on the basis that the Company will continue as a going concern, which assumes that the Company will be able to realize its assets and satisfy its liabilities in the normal course of business for the foreseeable future.

The continued operations of the Company are dependent on future profitable operations, management's ability to manage costs, and the future availability of equity or debt financing. Whether and when the Company can generate sufficient operating cash flows to pay for its expenditures and settle its obligations as they fall due is uncertain. The above factors indicate the existence of a material uncertainty that may cast significant doubt upon the Company's ability to continue as a going concern and, therefore, it may be unable to realize its assets and liabilities in the normal course of business. These financial statements do not reflect the adjustments to the carrying values of assets and liabilities and the reported expenses and statement of financial position classifications that would be necessary were the going concern assumption inappropriate. These adjustments could be material.

2. BASIS OF PRESENTAITON

a) Statement of compliance

These unaudited condensed interim consolidated financial statements have been prepared in accordance with international Accounting Standard 34 Interim Financial Reporting ("IAS 34") using accounting policies consistent with International Financial Reporting Standards ("IFRS"), as issued by the International Accounting Standards Board ("IASB"). These condensed interim consolidated financial statements have been prepared using the accrual basis of accounting except for cash flow information.

(Unaudited - Expressed in Canadian Dollars)

These condensed interim consolidated financial statements have been prepared in accordance with the same accounting policies and methods of application as the most recent audited financial statements for the year ended September 30, 2023. These condensed interim consolidated financial statements do not include all the disclosures required for the annual audited financial statements. These condensed interim consolidated financial statements should be read in conjunction with the audited consolidated financial statements of the Company for the year ended September 30, 2023. The Company's interim results are not necessarily indicative of its results for a full year.

These condensed interim consolidated financial statements are authorized for issue by the Board of Directors on May 24, 2024.

b) Basis of preparation

These condensed interim consolidated financial statements have been prepared under the historical cost basis, except for certain financial instruments measured at fair value. These condensed consolidation interim financial statements have been prepared using the accrual basis of accounting, except for cash flow information.

c) Basis of consolidation

These consolidated financial statements include the financial statements of the Company and the entities controlled by the Company (its "subsidiaries"). The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases. All intercompany balances and transactions are eliminated on consolidation. Control is based on whether an investor has power over the investee, exposure or rights to variable returns from its involvement with the investee, and the ability to use its power over the investee to affect the amount of return.

As of March 31, 2024, the following entity is controlled by the Company. The entity has no material transactions for the period from the inception of their incorporation to March 31, 2024.

Entity	Location	Ownership	Basis of accounting
Shanghai Moquan Agrotechnologies Co., Ltd. ("Shanghai Moquan")	China	100%	Consolidated

3. SIGNIFICANT ACCOUNTING POLICIES

These condensed interim consolidated financial statements have been prepared in accordance with the same accounting policies and methods of application as the most recent audited financial statements for the year ended September 30, 2023.

a) New standards adopted in the reporting period

No new and revised accounting standard was adopted by the Company for annual periods beginning on October 1, 2023.

b) Accounting standards issued but not yet effective

A number of new standards, amendments to standards and interpretations are not yet effective for the six months ended March 31, 2024 and have not been applied in preparing these consolidated financial statements. None of these pronouncements are expected to have a material impact on the Company's consolidated financial statements.

4. SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of these consolidated financial statements requires management to make certain estimates, judgments and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated financial statements and reported amounts of expenses during the reporting year. Actual outcomes could differ from these estimates. These consolidated financial statements include estimates which, by their nature, are uncertain. The impacts of such estimates are pervasive throughout the consolidated financial statements and may require accounting adjustments based on future occurrences. Revisions to accounting estimates are recognized in the year in which the estimate is revised and future years if the revision affects both current and future years. These estimates are based on historical experience, current and future economic conditions and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Significant assumptions about the future and other sources of estimation uncertainty that management has made at the financial position reporting date, that could result in a material adjustment to the carrying amounts of assets and liabilities, in the event that actual results differ from assumptions made, relate to, but are not limited to, the following:

Significant accounting estimates

- Estimated useful life of property, plant and equipment – Depreciation of property and equipment is dependent upon estimates of useful lives, which are determined through the exercise of judgment. The assessment of any impairment of these assets is dependent upon estimates of recoverable amounts that take into account factors such as economic and market conditions and the useful lives of assets.

Significant accounting judgments

- Deferred income assets or liabilities - The determination of deferred income tax assets or liabilities requires subjective assumptions regarding future income tax rates and the likelihood of utilizing tax carry-forwards. Changes in these assumptions could materially affect the recorded amounts and therefore do not necessarily provide certainty as to their recorded values.

- Research and development expenditures - The application of the Company's accounting policy for research and development expenditures requires judgment in determining whether it is likely that the future economic benefits will flow to the Company, which may be based on assumptions about future events or circumstances. Estimates and assumptions may change if new information becomes available. If, after expenditures are unlikely, the amount capitalized is written off to profit or loss in the period the new information becomes available.

In June 2022, the Company entered into a new lease agreement for office and warehouse space ("New Lease") for a term of two years commencing July 1, 2022 with an option to renew for another two years. The Company recognized the right-of-use asset of $85,925 under the New Lease based on estimated incremental borrowing rate of 5.065% for two years non-cancellable lease term on July 1, 2022.

9. BANK LOANS

On April 9, 2020, the Government of Canada launched Canada Emergency Business Account ("CEBA") program as one of the COVID 19 relief measures. The program provides interest-free loans of up to $40,000 to support small businesses and non-for-profits across Canada. On December 4, 2020, the CEBA was expanded for an additional $20,000. The Company borrowed $40,000 on April 17, 2020 and $20,000 on December 15, 2020, in a total of $60,000 loan from Bank of Montreal. The loan bears zero interest prior to December 31, 2022. $20,000 of the loan will be forgiven if $40,000 is repaid in full on or before December 31, 2022. After December 31, 2022, any remaining balance will be converted to a 3-year term loan at 5% fixed interest rate per annum with monthly interest-only payments. The outstanding balance must be repaid in full by December 31, 2025.

On January 12, 2022, the Government of Canada announced that the repayment deadline for CEBA loans to qualify for partial loan forgiveness is being extended from December 31, 2022, to December 31, 2023, for all eligible borrowers in good standing. Repayment on or before the new deadline of December 31, 2023, will result in loan forgiveness of up to $20,000. Outstanding loans would subsequently convert to two-year term loans with interest of 5% per annum commencing on January 1, 2024, with the loans fully due by December 31, 2025.

On September 14, 2023, the Government of Canada announced extended deadlines for CEBA loan repayments, providing an additional year for term loan repayment, and additional flexibilities for loan holders looking to benefit from partial loan forgiveness of up to 33 per cent. The repayment deadline for CEBA loans to qualify for partial loan forgiveness is being extended from December 31, 2023, to January 18, 2024. The repayment deadline to qualify for partial loan forgiveness now includes a refinancing extension until March 28, 2024.

The Company repaid the $60,000 CEBA loan on January 11, 2024 and was qualified for partial loan forgiveness of $20,000.

10. SHARE CAPITAL

a) Authorized Share Capital

The authorized share capital of the Company consists of an unlimited number of common shares without par value.

b) Issued Share Capital

The Company had no capital transactions during the three and six months ended March 31, 2024 and 2023.

c) Stock Options

Pursuant to the Company's stock option plan, the aggregate number of common shares that may be reserved for issuance pursuant to options shall not exceed 10% of the outstanding common shares at the time of the granting of an option, less the aggregate number of common shares then reserved for issuance pursuant to any other share compensation arrangement. The exercise price per common share for an option granted shall not be less than the market price. Every option shall have a term not exceeding and shall expire no later than 10 years after the date of grant. The terms of the granted stock options as well as the vesting conditions are at the sole discretion of the directors.

The following table summarizes the continuity of the Company's stock options:

	Number of shares	Weighted average exercise price	Weighted average remaining contractual life (years)
		$	
Outstanding, September 30, 2022	3,609,000	0.27	8.67
Outstanding, September 30, 2023	3,609,000	0.27	7.67

No stock options were granted during the three and six months ended March 31, 2024 and 2023.

d) Earned-out shares

On November 28, 2019, the Company entered into a Common Share Earned-out Agreement with an employee. Based on the terms of Agreement, the employee will receive 250,500 common shares at a nominal value after four years of services. These shares were valued at $0.25 per share. The value of shares is amortized over the period of four years. During the three months and six months ended March 31, 2024, $nil and $2,488 (2023 - $3,860 and $7,807) were recognized as share-based compensation respectively.

e) Share-based compensation

During the three and six months ended March 31, 2024, the Company recognized share-based compensation of $nil and $2,488 respectively for stock options and earned-out shares (2023 - $26,581 and $53,752).

11. RESEARCH AND DEVELOPMENT EXPENSES

The Company incurs costs related to its research and development activities. To date, all of the costs relating to the Company's projects under development have been expensed as incurred.

12. OTHER INCOME

	Three months ended March 31,		Six months ended March 31,	
	2024	2023	2024	2023

	40,593	64,844	40,593	64,844

For the three and six months ended March 31, 2024 and 2023, Government grants mainly consist of grants received under the refundable scientific research and experimental development tax credits (“SR&ED”), net of related costs.

(Unaudited - Expressed in Canadian Dollars)

13. FINANCIAL INSTRUMENTS

The carrying amount of financial assets and liabilities which approximate fair value are shown in the statement of financial position, are as follows:

	March 31, 2024 Carrying Amount	September 30, 2023 Carrying Amount
	$	$
Assets carried at amortized cost		
Cash and cash equivalents	4,949	170,185
	4,949	170,185
Liabilities carried at amortized cost		
Accounts payable and accrued liabilities	27,166	12,696
Lease obligations	11,447	33,912
Bank loans	-	60,000
	38,613	106,608

As at March 31, 2024 and September 31, 2023, accounts receivable consists of tax receivable only. The fair values of cash and cash equivalents, accounts payable and accrued liabilities (excluding taxes payable) and bank loans approximated carrying values as at the reporting date due to the short-term maturities of these instruments. For lease obligations, fair value approximates carrying value at the reporting date as the interest rates used to discount the host contracts approximate market rates.

14. RISK MANAGEMENT

The Company manages risk through establishing policies that provide management oversight related to the risks of operations, including ensuring that risks are identified and assessed, and that appropriate and effective policies are in place. Market risk is the risk that the fair value of a financial instrument will fluctuate because of changes in market prices. For the purposes of this disclosure, market risk is segregated into three categories: other market risk, interest rate risk and currency risk. Other risks associated with financial instruments include credit risk and liquidity risk.

Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss to the other party by failing to discharge an obligation. Credit risk arises from cash held with banks and financial institutions. The maximum exposure to credit risk is equal to the carrying value of these financial instruments.

The Company minimized credit risk associated with its cash balance substantially by dealing with a major financial institution that has been accorded a strong investment grade rating by a primary rating agency.

Other than cash, there are no other significant concentrations of credit risk within the Company.

Interest rate risk
Interest rate risk is the risk that fair value of the Company's interest-bearing investments will fluctuate due to changes in market interest rates.

As at March 31, 2024 and 2023, the Company did not have a significant exposure to interest rate risk, given that the Company's financial instruments are non-interest bearing.

Liquidity risk
Liquidity risk is the risk that the Company may not have sufficient liquid assets to meet its commitments associated with these liabilities. The Company retains sufficient cash to maintain liquidity.

Currency risk
