# FORWARD-LOOKING STATEMENTS

A final prospectus containing important information relating to the securities described in this document has been filed with the securities regulatory authorities in each of the provinces of British Columbia, Alberta, Manitoba and Ontario. A copy of the final prospectus, and any amendment, is required to be delivered with this document. This document does not provide full disclosure of all material facts relating to the securities offered. Investors should read the final prospectus, and any amendment, for disclosure of those facts, especially risk factors relating to the securities offered, before making an investment decision.

## NOT FOR DISSEMINATION IN THE UNITED STATES

“Certain information contained in this presentation constitutes “forward-looking information” within the meaning of applicable Canadian securities legislation. The use of any of the words "anticipate", "continue", "estimate", “intend”, “potential”, "expect", "may", "will", "project", “proposed”, "should", "believe" and similar expressions are intended to identify forward-looking information. These statements are not guarantees of future performance and involve known and unknown risks, uncertainties and other factors that may cause actual results or events to differ materially from those anticipated in such forward-looking information. In addition, this presentation may contain forward-looking information attributed to third party industry sources. The Company believes that the expectations reflected in such forward-looking information are reasonable but no assurance can be given that these expectations will prove to be correct and such forward-looking information included in this presentation should not be unduly relied upon. Such information speaks only as of the date of this presentation or such other date indicated herein.

### In particular, this presentation contains forward-looking information pertaining to the following:

- The Company’s intention to grow its business and operations; expectations with respect to the approval of the Company’s licenses and permits;
- The Company’s competitive position and the regulatory environment in which the Company operates;
- The Company’s intention to exploit opportunities in the plant-based food industry;
- The Company’s expected business objectives for the next twelve months;
- Anticipated growth of the plant-based food market and the timing of such growth; and
- Anticipated decline in the beef and dairy markets and the timing of such decline

In making the forward-looking statements included in this presentation, the Company has made various material assumptions, including but not limited to (i) obtaining necessary regulatory approvals; (ii) that regulatory requirements will be maintained; (iii) general business and economic conditions; (iv) the Company’s ability to successfully execute its plans and intentions; (v) the availability of financing on reasonable terms; (vi) the Company’s ability to attract and retain skilled staff; (vii) market competition; (viii) the products and services offered by the Company’s competitors; and (ix) that the Company’s current relationships with its suppliers, service providers and other third parties will be maintained.

The Company’s actual results could differ materially from those anticipated in such forward-looking information as a result of the risk factors set forth below and in the Company’s prospectus:

- The Company is an early stage company with little operating history, a history of losses and the Company cannot assure profitability; uncertainty about the Company’s ability to continue as a going concern;
- The Company’s actual financial position and results of operations may differ materially from the expectations of the Company’s management;
- There is no assurance that the Company will turn a profit or generate immediate revenues;
- The Company may not be able to effectively manage its growth and operations, which could materially and adversely affect its business;
- The Company faces competition from other companies where it will conduct business that may have a higher capitalization, more experienced management or may be more mature as a business;
- The Company’s industry is experiencing rapid growth and consolidation that may cause the Company to lose key relationships and intensify competition;

These factors are not, and should not be construed as being, exhaustive.

Information contained in forward-looking statements in this presentation is provided as of the date of this presentation, and the Company disclaims any obligation to update any forward-looking statements, whether as a result of new information or future events or results, except to the extent required by applicable securities laws. Accordingly, potential investors should not place undue reliance on forward-looking statements or the information contained in those statements.”

# Comfort food you can feel good about

Boosh believes that going plant-based doesn't mean you need to give up your favourite foods or flavours. We use all natural ingredients to create dishes that will leave even the most skeptical of foodies wanting more!

“Hi there.. I just wanted to tell you that I have tried 2 of the products - the Mac n' Cheese and the Mexican - and absolutely love them! Great job you guys, on creating healthy, flavourful, plant-based meals. Please don't stop making them.”

- Marnie P.
