

Boosh Plant-Based Brands Completes Audit of Beanfields

Vancouver, British Columbia--(Newsfile Corp. - June 10, 2022) - **Boosh Plant-Based Brands Inc.** (CSE: VEGI) (OTCQB: VGGIF) (FSE: 77I) ("**Boosh**" or the "**Company**") a premier plant-based brands company in the in-health food sector, is excited to announce the filing of a business acquisition report ("BAR") on the Company's SEDAR profile (www.sedar.com) in relation to its previously completed acquisition of the business of Beanfields, Inc. that occurred on February 16, 2022. Beautiful Beanfields Inc is now officially in our family of Brands.

The BAR includes audited carve out financial statements for the business of Beanfields for the year ended December 31, 2021 with unaudited comparative for the year ended December 30, 2020. The financial statements are prepared in accordance with International Financial Reporting Standards.

Beanfields produces and sells a healthy, gluten-free, non-GMO, vegan, top eight allergen-free flavored bean-based chip. The portfolio includes a broad offering of nine flavors, including Black Bean, Sour Cream and Onion, Fiery Hot and Nacho flavors. They have capitalized on the industry trends of 'Better For You' in the salty snack category. Beanfields received the 2019 "Rising Star Award" from NOSH (Natural, Organic, Sustainable and Healthy) organization. In June 2021, it introduced its Rings line, which became one of its fastest-selling products. This past December, NOSH recognized Rings as a Best New Product for 2021.

Since we acquired the Beanfields business in February, our team has been increasing production levels to meet high demands from retailers. Our first priority was to purchase large quantities of raw material to prevent supply disruption, increase production to match demand, and reach out to the current customer base - all of which has been successfully orchestrated. We've been able to maintain the vast majority of Beanfields' approximate 7,000 retailers, as we continue to stock shelves to meet customer demand. Beanfields chips are currently sold throughout all 50 states, Canada, and other countries. As can be seen in the audited carve out statements for the year ended December 31, 2021, the Beanfields brand generated Net Revenues of US\$8.8M, which consisted of US\$11.5M in gross sales, net of US\$2.7M in sales discounts and manufacture chargebacks. We expect to continue to push sales momentum and drive further growth within the Company's full product portfolio.
