DTC Eligibility

The Company is also pleased to share that its OTCPK listed common shares under the symbol MEALF are now eligible for electronic clearing and settlement through the Depository Trust Company ("DTC") in the United States.

The DTC is a subsidiary of the Depository Trust & Clearing Corporation and manages the electronic clearing and settlement of publicly traded companies. Securities that are eligible to be electronically cleared and settled through DTC are considered "DTC eligible." This electronic method of clearing securities speeds up the receipt of stock and cash, and thus accelerates the settlement process for investors and brokers, enabling the stock to be traded over a much wider selection of brokerage firms by coming into compliance with their requirements.
