

StrategX Announces Closing of Non-Brokered Private Placement of Flow-Through Shares and Non-Flow Through Share Units

Vancouver, British Columbia--(Newsfile Corp. - January 3, 2023) - **StrategX Elements Corp.** (CSE: STGX) ("**StrategX**" or the "**Company**") announces that it has closed a non-brokered private placement (the "**Private Placement**") by issuing 1,200,000 flow-through shares ("**FT Shares**") at a price of \$0.30 per FT Share for gross proceeds of \$360,000, and 63,600 non-flow-through share units ("**NFT Units**") at a price of \$0.25 per NFT Unit for gross proceeds of \$15,900. In relation to the NFT Units, the Company issued 31,800 common share purchase warrants, each entitling the holder to purchase a non-flow-through common share of the Company for \$0.40 per share until December 30, 2025. The Company paid finder's fees of \$21,600. All securities issued at closing are subject to a hold period expiring May 1, 2023, in accordance with applicable securities laws and the policies of the CSE.

An officer of the Company (the "**Insider**") participated in the Private Placement and purchased 33,600 NFT Units. Participation by the Insider in the Private Placement is considered a "related party transaction" pursuant to Multilateral Instrument 61-101 - *Protection of Minority Security Holders in Special Transactions* ("**MI 61-101**"). The Company is exempt from the requirements to obtain a formal valuation and minority shareholder approval in connection with the Insider's participation in the Private Placement in reliance of sections 5.5(a) and 5.7(a) of MI 61-101, respectively, on the basis that participation in the Private Placement by the Insider did not exceed 25% of the fair market value of the Company's market capitalization. The Company did not file a material change report at least 21 days prior to the closing of the Private Placement as the Insider's participation had not been confirmed at that time.

About StrategX

StrategX is a new Canadian-based exploration company on a mission to make discoveries in critical energy metals in northern Canada and contribute towards a sustainable energy economy. The Company's property portfolio of 5 stand-alone projects is situated on the East Arm of the Great Slave Lake, Northwest Territories and the Melville Peninsula, Nunavut. The Company's first-mover land position in underexplored regions provides a unique opportunity for investors to be part of multiple discoveries and the creation of new districts hosting metals required in the transition towards green energy.
