This information circular (“**Information Circular**”) is provided in connection with the solicitation of proxies by the management of **StrategX Elements Corp.** (the “**Company**”) for use at the Annual General Meeting of the shareholders of the Company (the “**Meeting**”) to be held on **Thursday, June 29, 2023, at the Boardroom, Suite 600 – 890 West Pender Street, Vancouver, British Columbia at 11:00 a.m. (Vancouver Time)** and at any adjournments thereof for the purposes set forth in the enclosed Notice of Annual General Meeting (“**Notice of Meeting**”).

The solicitation of proxies is made on behalf of the management of the Company. Such solicitation will be primarily by mail but may also be made by telephone or other electronic means of communication or in person by the directors and officers of the Company. The costs incurred in the preparation and mailing of the form of proxy, Notice of Meeting and this Information Circular will be borne by the Company. The cost of the solicitation will be borne by the Company.

DISTRIBUTION OF MEETING MATERIALS

This Information Circular and related Meeting materials are being sent to both registered and non-registered holders of common shares of the Company.

If you are a non-registered holder and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of common shares, have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding common shares on your behalf. “Intermediary” means a broker, a financial institution, an investment firm, a trustee or administrator of a self-administered retirement savings plan, retirement income fund, education savings plan or other similar self-administered savings or investment plan registered under the *Income Tax Act* (Canada), or a nominee of any of the foregoing that holds securities on behalf of a non-registered shareholder.

A shareholder may receive multiple packages of Meeting materials if the shareholder holds common shares through more than one Intermediary, or if the shareholder is both a registered shareholder and a non-registered shareholder for different shareholdings. Any such shareholder should repeat the steps to vote through a proxy, appoint a proxyholder or attend the Meeting, if desired, separately for each shareholding to ensure that all the common shares from the various shareholdings are represented and voted at the Meeting. Please return your voting instructions as specified in the appropriate voting information form.

PROXY INFORMATION

Appointment of Proxyholder

A duly completed form of proxy for the Company will constitute the persons named in the enclosed form of proxy as the shareholder’s proxyholder. The individuals whose names are printed in the enclosed form of proxy for the Meeting are directors and/or officers of the Company (the “**Management Proxyholders**”). The persons named in the enclosed form of proxy as Management Proxyholders have indicated their willingness to represent, as proxyholders, the shareholders who appoint them.

A shareholder has the right to appoint a person other than the Management Proxyholders to represent the shareholder at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person’s name in the blank space provided or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a shareholder of the Company. Such a shareholder should notify the nominee of his or her appointment, obtain his or her consent to act as proxy and instruct him or her on how the shareholder’s shares are to be voted.

Voting Of Proxies

Each shareholder may instruct his/her proxyholder how to vote its shares by completing the blanks in the enclosed proxy form. Shares represented by properly executed proxy forms will be voted or withheld from voting on any poll in accordance with instructions made on the proxy forms, and, if a shareholder specifies a choice as to any matters to be acted on, such shareholder's shares shall be voted accordingly.

If no choice is specified and one of the Management Proxyholders is appointed by a shareholder as proxyholder, it is intended that such person will vote in favour of the matters to be voted on at the Meeting.

The enclosed form of proxy confers discretionary authority upon the persons named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to any other matters which may properly come before the Meeting. At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

COMPLETION AND RETURN OF PROXY

Each proxy must be dated and executed by the shareholder or its attorney authorized in writing or by an Intermediary acting on behalf of a shareholder (see "*Voting by Non-Registered Shareholders*" below). In the case of a corporation, the proxy must be dated and executed under its corporate seal or signed by a duly authorized officer or attorney for the corporation.

A proxy will not be valid for the Meeting or any adjournment thereof unless the completed, signed and dated form of proxy is delivered to the office of the Company's registrar and transfer agent, Olympia Trust Company : by mail to PO Box 128, STN M, Calgary, AB T2P 2H6 Attn: Proxy Dept.; or you may alternatively fax your proxy to 403-668-8307 or scan and email to proxy@olympiitrust.com; or vote online at <https://css.olympiitrust.com/pxlogin> and enter the 12-digit control number, or as otherwise indicated in the instructions contained in the form of proxy (including, where applicable, through the transfer agent's internet and telephone proxy voting services). All proxies in respect of the Meeting must be completed and received not later than 48 hours (excluding Saturdays, Sundays and holidays) prior to the commencement of the Meeting, unless the chairman of the Meeting elects to exercise his or her discretion to accept proxies received subsequently.

Voting by Non-Registered Shareholders

The information in this section is important to many shareholders as a substantial number of shareholders do not hold their shares in their own name.

Shareholders who hold common shares through Intermediaries (such shareholders being collectively called "**Beneficial Shareholders**") should note that only registered holders of common shares or the persons they appoint as their proxyholders are permitted to vote at the Meeting.

If common shares are shown on an account statement provided to a Beneficial Shareholder by a broker or other Intermediary, then in almost all cases the name of such Beneficial Shareholder **will not** appear on the central securities register of the Company. Such common shares will most likely be registered in the name of the broker or an agent of the broker or other Intermediary. In Canada, the vast majority of such common shares will be registered in the name of "CDS & Co.", the registration name of The Canadian Depository for Securities Limited, which acts as a nominee for many brokerage firms. Such common shares can only be voted by the Intermediary and can only be voted by them in accordance with instructions received from Beneficial Shareholders. **As a result, Beneficial Shareholders should carefully review the voting instructions provided by their broker or other Intermediary with this Information Circular and ensure that they direct the voting of their common shares in accordance with those instructions.**

Applicable regulatory policies require brokers and other Intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. In accordance with the requirements of National Instrument 54-101, the Company will distribute the Meeting materials to Intermediaries and clearing agencies for onward distribution to non-registered holders. The Company does not intend to pay Intermediaries to forward the Meeting materials if the non-registered holders have provided instructions to their Intermediary that they object to the Intermediary disclosing ownership information about the non-registered holders. In this case, such non-registered holder will not receive the

Meeting materials if the Intermediary does not assume the cost of delivery. Each Intermediary has its own mailing procedures and provides its own return instructions to clients.

Intermediaries are required to forward the Meeting materials to non-registered holders unless a non-registered holder has waived the right to receive Meeting materials. Generally, non-registered holders who have not waived the right to receive Meeting materials will be sent a voting instruction form which must be completed, signed and returned by the non-registered holder in accordance with the Intermediary's directions on the voting instruction form. Intermediaries often use service companies to forward the Meeting materials to non-registered holders. Most brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically supplies a voting instruction form, mails those forms to Beneficial Shareholders and asks those Beneficial Shareholders to return the forms to Broadridge or follow specific telephone or other voting procedures. Broadridge then tabulates the results of all instructions received by it and provides appropriate instructions respecting the voting of common shares at the Meeting. **A Beneficial Shareholder receiving a voting instruction form from Broadridge cannot use that form to vote common shares directly at the Meeting. Instead, the voting instruction form must be returned to Broadridge or the alternate voting procedures must be completed well in advance of the Meeting in order to ensure that such common shares are voted.**

In some cases, Beneficial Shareholders will instead be given a proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature) which is restricted as to the number of common shares beneficially owned by the Beneficial Shareholder but which is otherwise not completed. This form of proxy does not need to be signed by the Beneficial Shareholder, but, to be used at the Meeting, needs to be properly completed and deposited with Olympia Trust Company as described under "*Completion and Return of Proxy*" above.

The purpose of these procedures is to permit non-registered holders to direct the voting of the common shares that they beneficially own. Should a Beneficial Shareholder wish to attend and vote at the Meeting in person (or have another person attend and vote on behalf of the Beneficial Shareholder), the Beneficial Shareholder should strike out the names of the persons named in the Proxy and insert the Beneficial Shareholder's (or such other person's) name in the blank space provided or, in the case of a voting instruction form, follow the corresponding instructions on the form.

Revocation of Proxies

A proxy may be revoked at any time prior to the exercise thereof. If a registered shareholder who has given a proxy attends personally at the Meeting at which such proxy is to be voted, such shareholder may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a registered shareholder who has given a proxy may revoke it, any time before it is exercised, by instrument in writing executed by the registered shareholder or by his/her attorney authorized in writing or, if the registered shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. The instrument revoking the proxy must be deposited to the office of the Company's registrar and transfer agent, Olympia Trust Company : by mail to PO Box 128, STN M, Calgary, AB T2P 2H6 Attn: Proxy Dept.; or you may alternatively fax your proxy to 403-668-8307 or scan and email to proxy@olympiatrust.com; or vote online at <https://css.olympiatrust.com/pxlogin> and enter the 12-digit control number, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of such Meeting. **Only registered shareholders have the right to revoke a proxy. Non-registered shareholders (Beneficial Shareholders) who wish to change their vote must arrange for their respective Intermediaries to revoke the proxy on their behalf well in advance of the Meeting.**

RECORD DATE AND VOTING SECURITIES

The directors of the Company have set the close of business on **May 25, 2023**, as the record date (the "**Record Date**") for the Meeting.

Only common shareholders of record as at the Record Date are entitled to receive notice of the Meeting and to vote those shares included in the list of shareholders entitled to vote at the Meeting prepared as at the Record Date, unless any such shareholders transfer shares after the Record Date and the transferee of those shares, having produced properly endorsed certificates evidencing such shares or having otherwise established ownership of such shares, requests not later than 10 days before the Meeting, that the transferee's name be included in the list of shareholders entitled to vote at the Meeting, in which case such transferee will be entitled to vote such shares at the Meeting.

Voting at the Meeting will be by show of hands, with each shareholder present having one vote, unless a poll is requested or required, whereupon each shareholder or proxyholder present is entitled to one vote for each common share held.

The Company is authorized to issue an unlimited number of common shares without par value of which 32,652,679 common shares are issued and outstanding as at the Record Date. The Company has no other class of voting securities.

Oversight and Description of Director and NEO Compensation

Director Compensation

The Company has no standard arrangements pursuant to which directors are compensated by the Company for their services in their capacity as directors, except for the granting from time to time of incentive stock options in accordance with the Stock Option Plan and the policies of the Exchange and ad hoc awards of director fees from time to time. Currently, no formalized fees structure has been implemented with respect to the payment of fees to directors for serving as directors of the Company. Should the Company's financial circumstances change in fiscal 2023, the Board as a whole will consider and determine compensation payable to the non-NEO directors of the Company, taking into consideration general industry standards for companies similar to the Company and the time and efforts provided to the Company by each non-NEO director.

The Board believes that the granting of incentive stock options provides a reward to directors for achieving results that improve the Company's performance and thereby increase shareholder value, where such improvement is reflected in an increase in the Company's share price. In making a determination as to whether a grant of long-term incentive stock options is appropriate and if so, the number of options that should be granted, the Board considers: the number and terms of outstanding incentive stock options held by each director; the aggregate value in securities of the Company that the Board intends to award as compensation; the potential dilution to shareholders; general industry standards and the limits imposed by the terms of the Stock Option Plan and Exchange policies. The granting of incentive stock options allows the Company to reward directors for their efforts to increase value for shareholders without requiring the Company to use cash from its treasury. The terms and conditions of stock option grants, including vesting provisions and exercise prices, are governed by the terms of the Stock Option Plan, which are described under "*Description of the Stock Option Plan*" below.

The directors of the Company may be reimbursed for actual expenses reasonably incurred in connection with the performance of their duties as directors.

Named Executive Officer Compensation

The Company is a junior resource company focused on its properties located in northern Canada. The Company has, as of yet, no significant revenues from operations and limited operating history. In the circumstances, the independent members of the Board have to consider not only the financial situation of the Company at the time of the determination of executive compensation, but also the estimated financial situation of the Company in the mid and long term.

Compensation paid to NEOs during the fiscal year ended December 31, 2022, is noted in the table above. The Company's current verbal agreements with its CEO, CFO and Vice-President Exploration, are described above under "*Employment, Consulting and Management Agreements*".

As the Company advances its exploration properties and grows its business, the general objectives of its compensation strategy will be to (a) compensate management in a manner that encourages and rewards a high level of performance and outstanding results with a view to increasing long-term shareholder value; (b) align management's interests with the pursuit of the Company's goals and growth strategies and the long-term interests of shareholders; (c) provide a compensation package that enables the Company to attract and retain talent; and (d) ensure that the total compensation package is designed in a manner that takes into account the financial constraints that the Company is under.

In considering the compensation of its NEOs, the independent members of the Board consider how they can best balance the interests of the Company and provide competitive compensation to attract and retain officers who will contribute to the success of the Company, while mindful of its financial constraints. The independent members of the Board take into account the types of compensation and the amounts paid to directors and officers of comparable publicly traded Canadian companies.

An important element of executive compensation is that of stock options, which do not require cash disbursements by the Company. The Board believes that the granting of incentive stock options provides a reward to NEOs for achieving results that improve company performance and thereby increase shareholder value, where such improvement is reflected in an increase in the Company's share price. In making a determination as to whether a grant of long-term incentive stock options is appropriate and if so, the number of options that should be granted, the independent members of the Board consider: the number and terms of outstanding incentive stock options held by each NEO; the aggregate value in securities of the Company that the Board intends to award as compensation; the potential dilution to

shareholders; general industry standards and the limits imposed by the terms of the Stock Option Plan and Exchange policies. The granting of incentive stock options allows the Company to reward NEOs for their efforts to increase value for shareholders without requiring the Company to use cash from its treasury. The terms and conditions of stock option grants, including vesting provisions and exercise prices, are governed by the terms of the Stock Option Plan described under “*Description of the Stock Option Plan*” below.

Other than as described above, there are no other prerequisites provided to the NEOs. The Company does not use specific benchmark groups in determining compensation or any element of compensation.

Pension Disclosure

No pension is provided to a director or Named Executive Officer of the Company.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Other than transactions carried out in the normal course of business of the Company or any of its affiliates, no informed person and none of the proposed directors of the Company or any associate or affiliate of any informed person or proposed director had any material interest, direct or indirect, in any transaction since the commencement of the Company's most recently completed financial year or in any proposed transaction which has materially affected or would materially affect the Company or any of its subsidiaries.

Applicable securities legislation defines "informed person" to mean any of the following: (a) a director or executive officer of a reporting issuer; (b) a director or executive officer of a person or company that is itself an informed person or subsidiary of a reporting issuer; (c) any person or company who beneficially owns, directly or indirectly, voting securities of a reporting issuer or who exercises control or direction over voting securities of a reporting issuer or a

combination of both carrying more than 10% of the voting rights attached to all outstanding voting securities of the reporting issuer other than voting securities held by the person or company as underwriter in the course of a distribution; and (d) a reporting issuer that has purchased, redeemed or otherwise acquired any of its securities, for so long as it holds any of its securities.

MANAGEMENT CONTRACTS

During the year ended December 31, 2022, no management functions of the Company were to any substantial degree performed by a person other than the directors or executive officers of the Company.

CORPORATE GOVERNANCE DISCLOSURE

Corporate governance relates to activities of the Board, the members of which are elected by and are accountable to the shareholders, and takes into account the role of the individual members of management who are appointed by the Board and who are charged with the day to day management of the Company. The Board is committed to sound corporate governance practices which are both in the interest of its shareholders and contribute to effective and efficient decision making.

National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (“**NI 58-101**”) requires that each reporting company disclose its corporate governance practices on an annual basis. The Company’s general approach to corporate governance is summarized below.

Board of Directors

Independence

The Board facilitates its exercise of independent supervision over the Company’s management through meetings of the Board. The Company has three directors: Darren Bahrey, Paula Caldwell St-Onge and Ryan McEachern. As the size of the Board is small, the Board has no formal procedures designed to facilitate the exercise of independent supervision over management, relying instead on the integrity of the individual members of its management team to act in the best interests of the Company.

Section 1.4 of National Instrument 52-110 – *Audit Committees* (“**NI 52-110**”) sets out the standard for director independence. Under NI 52-110, a director is independent if he or she has no direct or indirect material relationship with the Company. A material relationship is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director’s independent judgment. NI 52-110 also sets out certain situations where a director will automatically be considered to have a material relationship to the Company.

Applying the definition set out in section 1.4 of NI 52-110, two of the three members of the Board are independent. The members who are independent are: Paula Caldwell St-Onge and Ryan McEachern, as they have no direct or indirect material relationship with the Company. Darren Bahrey is not independent by virtue of the fact that he is an executive officer of the Company (i.e., the President and CEO) and a significant shareholder.

Other Directorships

Certain directors are presently a director of one or more other reporting issuers or reporting issuer equivalents, as set out below:

Name of Director	Reporting Issuer(s) or Equivalent(s)
Paula Caldwell St-Onge	Earth Alive Clean Technologies Inc. (TSXV:EAC)

Orientation and Continuing Education

The Company has not adopted a formalized process of orientation for new Board members. Orientation of new directors has been and will be conducted on an ad hoc basis through discussions and meetings with other directors and officers where a thorough description of the Company's business, assets, operations and strategic plans and objectives are discussed. Orientation activities have been and will be tailored to the particular needs and experiences of each director and the overall needs of the Board.

In order to achieve continuing improvement in Board performance, all directors are encouraged to undergo continual professional development, however, the Board does not take any formal measures to provide continuing education for the directors. Directors are kept informed as to matters impacting, or which may impact, the Company's operations through periodic discussions and through presentations at the Board meetings. Directors are also provided the opportunity to meet with senior management, advisors and other directors who can answer any questions that may arise.

At this stage in the Company's development, and having regard to the background and experience of its directors, the Board does not feel it necessary to have such policies or programs in place.

Ethical Business Conduct

The Board has not adopted a formal written Code of Business Conduct and Ethics. In recruiting new Board members, the Board considers only persons with a demonstrated record of ethical business conduct.

The Board has concluded that fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law, in addition to the applicable corporate legislation restrictions placed on an individual director's participation in decisions of the Board in which the director has an interest, have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Nomination of Directors

Due to the Company's size and stage of development, the Board does not have a nominations committee nor has the Board adopted a written mandate or formal procedure with respect to the nomination of directors. Nominees have historically been recruited by the efforts of existing Board members, and the recruitment process has involved both formal and informal discussions among Board members. New nominees must have at track record in general business management, special expertise in an area of strategic interest to the Company, the ability to devote the required time, show support for the Company's mission and strategic objectives and have a willingness to serve.

Compensation

Due to the Company's size and stage of development, it does not have a separate compensation committee, but rather, the Board as a whole determines executive and director compensation by way of discussions at Board meetings. The independent members of the Board are also responsible for determining the compensation to be paid to the executive directors of the Company. Should the Company's circumstances change to warrant a separate compensation committee, one will be established.

As at the date of this Information Circular, the Company has verbal agreements with its NEOs with respect to their compensation arrangements (see "*Executive Compensation – Employment, Consulting and Management Agreements*" above). The Board expects that it will enter into formal written agreements with the NEOs in fiscal 2023 upon completion of its next significant financing. Until such time, the non-NEO Board members review the compensation of the NEOs on an annual basis. The Company recognizes the need to provide a total compensation package that will attract and retain qualified and experienced executives as well as align the compensation level of each of the NEOs. The Company's executive compensation practices are intended to provide both current and long term rewards to its NEOs that are competitive within the compensation practices of the industry and consistent with their individual performance and contribution to the Company's objectives. In determining the appropriate compensation of an executive officer, the Board considers the responsibilities of the individual, comparable salaries in the industry, the experience level of the individual and overall performance.

Non-executive directors are currently not paid a director fee. Non-executive director compensation will be reviewed by the Board on an annual basis.

Other Board Committees

The Board has no standing committees other than the Audit Committee.

Assessments

The Board monitors, but does not formally assess, the performance of individual Board members and their contributions. The Board does not, at present, have a formal process in place for assessing the effectiveness of the Board as a whole, its committees or individual directors, but will consider implementing one in the future should circumstances warrant. Based on the Company's size and its stage of development, the Board considers a formal assessment process to be inappropriate at this time.

Audit Committee

NI 52-110 requires the Company's Audit Committee to meet certain requirements. It also requires the Company to disclose in this Information Circular certain information regarding the Audit Committee. That information is disclosed below.

Overview

The Audit Committee's mandate includes reviewing: (i) the financial statements, reports and other financially-based information provided to Shareholders, regulators and others; (ii) the internal controls that management and the Board have established; and (iii) the audit, accounting and financial reporting processes generally. In meeting these responsibilities, the Audit Committee monitors the financial reporting process and internal control system, reviews and appraises the work of the external auditors, and provides an open avenue of communication between the external auditors, senior management and the Board.

The Audit Committee Charter

The Company's Board has adopted an Audit Committee Charter which sets out the Audit Committee's mandate, organization, powers and responsibilities. A copy of the Audit Committee Charter is attached hereto as Schedule "A".

Composition of the Audit Committee

The Company's Audit Committee is comprised of all three of its directors: Darren Bahrey, Paula Caldwell St-Onge and Ryan McEachern. The following table sets out the names of the members of the Audit Committee and whether they are "*independent*" and "*financially literate*" for the purposes of NI 52-110.

Name of Member	Independent⁽¹⁾	Financially Literate⁽²⁾
Darren Bahrey	No	Yes
Paula Caldwell St-Onge	Yes	Yes
Ryan McEachern	Yes	Yes

Notes:

- (1) To be independent, a member of the Audit Committee must not have any direct or indirect 'material relationship' with the Company. A material relationship is a relationship which could, in the view of the Board, reasonably interfere with the exercise of a member's independent judgment. Accordingly, an executive officer of the Company is not independent, nor is a director that is paid consulting fees for non-director services provided to the Company.
- (2) To be considered financially literate, a member of the Audit Committee must have the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company's financial statements.

- (b) the ability to assess the general application of such accounting principles in connection with the accounting for estimates, accruals and reserves;
- (c) experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Company's financial statements, or experience actively supervising one or more persons engaged in such activities; and

Since the Company is a “venture issuer” (as such term is defined in NI 52-110), it is relying on the exemption contained in Part 5 *Reporting Obligations* of NI 52-110 (which requires certain prescribed disclosure about an audit committee in the Company's Annual Information Form, if any, and this Information Circular).

The Audit Committee has adopted specific policies and procedures for the engagement of non-audit services as described in the Audit Committee Charter, attached hereto as Schedule “A”.

All members of the Committee that are not financially literate will work towards becoming financially literate to obtain a working familiarity with basic finance and accounting practices. For the purposes of the Committee’s Charter, the definition of “financially literate” is the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can presumably be expected to be raised by the Company’s financial statements.

The members of the Committee shall be elected by the Board at its first meeting following the annual shareholders’ meeting. Members shall serve one-year terms and may serve consecutive terms, which are encouraged to ensure continuity of experience.
