

51-102F3
MATERIAL CHANGE REPORT

Item 1 Name and Address of Company

Collective Metals Inc. (the “Company”)
22 Leader Lane, Suite 409
Toronto, ON, M5E 0B2

Item 2 Date of Material Change

November 1, 2023

Item 3 News Release

The news release dated November 1, 2023, was disseminated through GlobeNewswire.

Item 4 Summary of Material Change

On November 1, 2023, the Company announced the appointment of Audrey Graham, P. Geo, as the Company’s VP of Exploration.

Item 5 Full Description of Material Change

5.1 Full Description of Material Change

See Item 4 above and the attached news release for a full description of the material change.

5.2 Disclosure for Restructuring Transactions

N/A

Item 6 Reliance on subsection 7.1(2) or (3) of National Instrument 51-102

N/A

Item 7 Omitted Information

None.

Item 8 Executive Officer

Christopher Huggins, Chief Executive Officer, 604-968-4844

Item 9 Date of Report

November 6, 2023

Collective Metals Announces the Addition of Audrey Graham, P. Geo as VP Exploration

November 1, 2023

VANCOUVER, B.C. – COLLECTIVE METALS INC. (CSE: [COMT](#) | OTC: [CLLMF](#) | FSE: [TO1](#)) (the “Company” or “Collective”) is pleased to announce the appointment of Audrey Graham, P. Geo, as the Company’s VP of Exploration. Ms. Graham will be an integral part of planning and deploying the drill program at the Princeton Project.

Christopher Huggins, Chief Executive Officer of Collective, commented, *“We are excited to welcome Ms. Audrey Graham to Collective Metals’ team. Audrey’s extensive experience in mineral exploration, specifically in porphyry copper environments, brings tremendous value to the Company. Audrey will be instrumental in leading and advancing all aspects of the work that is being done on our flagship property, the Princeton Project, as well as drive the exploration programs at our Lithium properties in Northwestern Ontario.”*

Audrey Graham, VP of Exploration of Collective Metals, commented, *“I am very pleased to be joining Collective Metals and look forward to working with the team to progress the Princeton Project, which I believe holds exciting potential for discovery of a significant copper-gold porphyry deposit.”*

Ms. Graham has been involved in mineral exploration since 2011 and has served as an exploration or project geologist on over 20 properties in British Columbia, the Yukon, and Manitoba. Her experience spans from grassroots exploration to advanced project management and has been largely in porphyry copper environments, as well as orogenic and intrusion-related gold, Carlin-style gold, and mesothermal silver-copper ± base metal prospects. As a Project Geologist for Serengeti Resources Inc. (2018-2020) and Senior Geologist and Exploration Manager for Tripoint Geological Services Inc. (2019 -2022), Ms. Graham has been responsible for project planning and execution of multiple diamond drilling campaigns and is skilled in both technical and operational aspects of exploration. Projects of note include the Kwanika porphyry copper-gold deposit and Finlay Minerals Ltd.’s Silver Hope project in north-central British Columbia. Ms. Graham holds a Bachelor of Science in Geoscience (2013) and Master of Science in Earth Science (2018) with a focus on tectonics and structural geology from the University of Victoria. Ms. Graham is a registered Professional Geoscientist and sole practitioner with EGBC and is an Associate Geologist with Moose Mountain Technical Services.

About Collective Metals:

Collective Metals Inc. (CSE: [COMT](#) | OTC: [CLLMF](#) | FSE: [TO1](#)) is a resource exploration company specializing in precious metals exploration in North America. The Company’s flagship property is the Princeton Project, located in south-central British Columbia, Canada, approximately 10 km west of the currently producing Copper Mountain Mine. The Princeton Project consists of 29 mineral tenures totaling approximately 28,560 ha (70,570 acres) in a well-documented and prolific copper-gold porphyry belt and is easily accessible by road, located immediately west of Highway 3.

The Company’s Landings Lake Lithium Project is located in northwestern Ontario where numerous lithium deposits have been delineated to host significant reserves of Li₂O. The Landings Lake Lithium Project is located 53 km east of Ear Falls, Ontario and covers 3,146 hectares. The Whitemud Lake Project, with several identified pegmatite outcrops, neighbours the Landings Lake Project and consists of 381 single cell mining claims totaling 7,775 hectares.

Forward Looking Information

Certain statements in this news release are forward-looking statements, including with respect to future plans, and other matters. Forward-looking statements consist of statements that are not purely historical, including any statements regarding beliefs, plans, expectations or intentions regarding the future. Such information can generally be identified by the use of forwarding-looking wording such as "may", "expect", "estimate", "anticipate", "intend", "believe" and "continue" or the negative thereof or similar variations. The reader is cautioned that assumptions used in the preparation of any forward-looking information may prove to be incorrect. Events or circumstances may cause actual results to differ materially from those predicted, as a result of numerous known and unknown risks, uncertainties, and other factors, many of which are beyond the control of the Company, including but not limited to, business, economic and capital market conditions, the ability to manage operating expenses, and dependence on key personnel. Forward looking statements in this news release include, but are not limited to, statements respecting: mineralization potential of the Princeton Project. Such statements and information are based on numerous assumptions regarding present and future business strategies and the environment in which the Company will operate in the future, anticipated costs, and the ability to achieve goals. Factors that could cause the actual results to differ materially from those in forward-looking statements include, the continued availability of capital and financing, litigation, failure of counterparties to perform their contractual obligations, loss of key employees and consultants, and general economic, market or business conditions. Forward-looking statements contained in this news release are expressly qualified by this cautionary statement. The reader is cautioned not to place undue reliance on any forward-looking information.

The forward-looking statements contained in this news release are made as of the date of this news release. Except as required by law, the Company disclaims any intention and assumes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.
