Notes to the Condensed Interim Financial Statements

(Expressed in Canadian dollars)

(Unaudited - Prepared by Management)

NOTE 1 – NATURE OF BUSINESS AND GOING CONCERN

Muzhu Mining Ltd. (“MUZHU” or the “Company”) was incorporated under the Business Corporations Act of British Columbia on January 24, 2018. The address of the Company’s head office and the registered office is located at 777 Hornby Street, Suite 600, Vancouver, British Columbia, V6Z 1S4.

The Company’s objective is to seek opportunities in the exploration, development and mining of precious metals properties domestically and/or internationally. It currently has an exploration property agreement in Quebec, Canada. Muzhu owns 100 per cent of the Sleeping Giant South project (15,000 acres), located in Quebec’s Abitibi greenstone belt and contiguous to the south of the Sleeping Giant mine held by Abcourt Mines.

These financial statements have been prepared on the basis of accounting principles applicable to a going concern, which presumes that the Company will realize its assets and discharge its liabilities in the normal course of business for at least the next twelve months. The Company has experienced losses and negative cash flow from operations since incorporation. As at September 30, 2021, the Company had not yet generated revenues and had an accumulated deficit of \$766,753. These factors indicate the existence of a material uncertainty that casts significant doubt about the Company’s ability to continue as a going concern.

The Company’s ability to continue as a going concern and to realize the carrying value of its assets and discharge its liabilities when due is dependent upon the discovery of economically recoverable reserves, the ability of the Company to obtain necessary financing to complete their development, and future profitable production or proceeds from the disposition of its resource property interests. The timing and availability of additional financing will be determined largely by the performance of the Company and market conditions and there is no certainty that the Company will be able to raise funds as they are required in the future.

These interim financial statements do not reflect adjustments that would be necessary if the going concern assumption were not appropriate. If the going concern basis was not appropriate for these financial statements, then adjustments would be necessary to reflect these financial statements on a liquidation basis which could differ from accounting principles applicable to a going concern.

In March 2020, the World Health Organization declared coronavirus COVID-19 a global pandemic. This contagious disease outbreak, which has continued to spread, and any related adverse public health developments, has adversely affected workforces, economies, and financial markets globally, potentially leading to an economic downturn. As the Company does not have active operations, the impact of the pandemic has been minimal. Management continues to monitor the situation and take the necessary precautions as deemed appropriate.

NOTE 2 - STATEMENT OF COMPLIANCE

The Corporation applies International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”) and interpretations issued by the IFRS Interpretations Committee (“IFRIC”). These condensed interim financial statements have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting. Accordingly, they do not include all of the information required for full annual financial statements required by IFRS as issued by IASB and interpretations issued by IFRIC.

The policies applied in these condensed interim financial statements are based on IFRS issued and outstanding as of November 29, 2021, the date the Board of Directors approved the statements. The same accounting policies and methods of computation are followed in these condensed interim financial statements as compared with the most recent annual financial statements as at and for the year ended December 31, 2020. Any subsequent changes to IFRS that are given effect in the Corporation’s annual financial statements for the year ending December 31, 2021 could result in restatement of these condensed interim financial statements. These condensed interim financial statements are presented in Canadian dollars, unless otherwise stated.

These condensed interim financial statements were authorized for issue in accordance with a resolution of the Board of Directors dated November 29, 2021.
