MUZHU COMMENCES ADIT AT WULONGGOU GOLD MINE

Vancouver, BC – October 17, 2024 – Muzhu Mining Ltd. (CSE:MUZU) (“Muzhu” or the “Company”) is pleased to announce that the Company’s wholly owned Chinese subsidiary Louyang Sow International Mining Company Ltd “LSM” has commenced work at the Wulonggou Gold Mine.

Further to the Muzhu’s news release of September 23, 2024, LSM has started to build an adit to explore past workings by local miners and confirm the existence of a mineralized structure known as the F12 vein. When the old workings are exposed, additional work will be conducted to confirm that the F12 vein is consistent, both in width, extension and grade, with some of the veins of WGM that are already in production.

The mineral structures in this mine have been well explored and studied and some of the mineral veins are already in production. The Wulonggou Gold Mine is located in Xishan Township, Luoning County, Henan Province, China. Luoning County and encompasses numerous gold-silver producing mines and historical producers.
