

INFORMATION CIRCULAR
(as at November 30, 2023, unless indicated otherwise)

SOLICITATION OF PROXIES

This Information Circular is provided in connection with the solicitation of proxies by the management of Prudent Minerals Corp. (the “Company”) for use at the Annual General Meeting of the shareholders of the Company to be held on Friday, December 29, 2023 (the “Meeting”), at the time and place and for the purposes set out in the accompanying notice of meeting and at any adjournment thereof. The solicitation will be made by mail and may also be supplemented by telephone or other personal contact to be made without special compensation by directors, officers and employees of the Company. The Company will bear the cost of this solicitation. The Company will not reimburse shareholders, nominees or agents for the cost incurred in obtaining from their principal’s authorization to execute forms of proxy.

APPOINTMENT AND REVOCATION OF PROXY

Registered Shareholders

Registered shareholders may vote their common shares by attending the Meeting in person or by completing the enclosed proxy. Registered shareholders should deliver their completed proxies to Computershare Trust Company of Canada, Proxy Dept., 100 University Avenue, 8th floor, Toronto, Ontario, M5J 2Y1 or by facsimile at 1-866-249-7775 or (416) 263-9524 (by mail, telephone or internet according to the instructions on the proxy), not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting, otherwise the shareholder will not be entitled to vote at the Meeting by proxy.

The persons named in the proxy are directors and officers of the Company and are proxyholders nominated by management. **A shareholder has the right to appoint a person other than the nominees of management named in the enclosed instrument of proxy to represent the shareholder at the Meeting. To exercise this right, a shareholder must insert the name of its nominee in the blank space provided. A person appointed as a proxyholder need not be a shareholder of the Company.**

A registered shareholder may revoke a proxy by:

- (a) signing a proxy with a later date and delivering it at the place and within the time noted above;
- (b) signing and dating a written notice of revocation (in the same manner as the proxy is required to be executed, as set out in the notes to the proxy) and delivering it to the registered office of the Company, 700 W Georgia Street, 25th Floor, Vancouver, British Columbia, V7Y 1B3, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof at which the proxy is to be used, or to the Chairman of the Meeting on the day of the Meeting or any adjournment thereof,
- (c) attending the Meeting or any adjournment thereof and registering with the scrutineer as a shareholder present in person, whereupon such proxy shall be deemed to have been revoked; or
- (d) in any other manner provided by law.

Beneficial Shareholders

The information set forth in this section is of significant importance to many shareholders, as many shareholders do not hold their shares in the Company in their own name. Shareholders holding their

shares through banks, trust companies, securities dealers or brokers, trustees or administrators of self-administered RRSP's, RRIF's, RESP's and similar plans or other persons (any one of which is herein referred to as an "Intermediary") or otherwise not in their own name (such shareholders herein referred to as "Beneficial Shareholders") should note that only proxies deposited by shareholders appearing on the records maintained by the Company's transfer agent as registered shareholders will be recognized and allowed to vote at the Meeting. If a shareholder's shares are listed in an account statement provided to the shareholder by a broker, in all likelihood those shares are **not** registered in the shareholder's name and that shareholder is a Beneficial Shareholder. Such shares are most likely registered in the name of the shareholder's broker or an agent of that broker. In Canada the vast majority of such shares are registered under the name of CDS & Co., the registration name for The Canadian Depository for Securities, which acts as nominee for many Canadian brokerage firms. Shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted at the Meeting at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate party well in advance of the Meeting.**

Regulatory policies require Intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholder meetings. Beneficial Shareholders have the option of not objecting to their Intermediary disclosing certain ownership information about themselves to the Company (such Beneficial Shareholders are designated as non-objecting beneficial owners, or "NOBOs") or objecting to their Intermediary disclosing ownership information about themselves to the Company (such Beneficial Shareholders are designated as objecting beneficial owners, or "OBOs").

In accordance with the requirements of National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer*, the Company has elected to send the notice of meeting, this Information Circular and a request for voting instructions (a "VIF"), instead of a proxy (the notice of Meeting, Information Circular and VIF or proxy are collectively referred to as the "Meeting Materials") directly to the NOBOs and indirectly through Intermediaries to the OBOs. The Intermediaries (or their service companies) are responsible for forwarding the Meeting Materials to OBOs. The Company does not intend to pay for Intermediaries to forward the Meeting materials to OBOs. OBOs will not receive the Meeting Materials unless their Intermediary assumes the cost of delivery.

Meeting Materials sent to Beneficial Shareholders are accompanied by a VIF, instead of a proxy. By returning the VIF in accordance with the instructions noted on it, a Beneficial Shareholder is able to instruct the Intermediary (or other registered shareholder) how to vote the Beneficial Shareholder's shares on the Beneficial Shareholder's behalf. For this to occur, it is important that the VIF be completed and returned in accordance with the specific instructions noted on the VIF.

The majority of Intermediaries now delegate responsibility for obtaining instructions from Beneficial Shareholders to Broadridge Investor Communication Solutions ("**Broadridge**") in Canada. Broadridge typically prepares a machine-readable VIF, mails these VIFs to Beneficial Shareholders and asks Beneficial Shareholders to return the VIFs to Broadridge, usually by way of mail, the Internet or telephone. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting by proxies for which Broadridge has solicited voting instructions. A Beneficial Shareholder who receives a Broadridge VIF cannot use that form to vote shares directly at the Meeting. The VIF must be returned to Broadridge (or instructions respecting the voting of shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the shares voted. If you have any questions respecting the voting of shares held through an Intermediary, please contact that Intermediary for assistance.

In either case, the purpose of this procedure is to permit Beneficial Shareholders to direct the voting of the shares which they beneficially own. **A Beneficial Shareholder receiving a VIF cannot use that form to vote common shares directly at the Meeting – Beneficial Shareholders should carefully follow the instructions set out in the VIF including those regarding when and where the VIF is to be delivered.** Should a Beneficial Shareholder who receives a VIF wish to attend the Meeting or have someone else attend on their behalf, the Beneficial Shareholder may request a legal proxy as set forth in the VIF, which will grant the Beneficial Shareholder or their nominee the right to attend and vote at the Meeting.

Only registered shareholders have the right to revoke a proxy. A Beneficial Shareholder who wishes to change its vote must, at least seven days before the Meeting, arrange for its Intermediary to revoke its VIF on its behalf.

All references to shareholders in this Information Circular and the accompanying instrument of proxy and notice of Meeting are to registered shareholders unless specifically stated otherwise.

The Meeting Materials are being sent to both registered and non-registered owners of the Company's shares. If you are a Beneficial Shareholder and the Company or its agent has sent the Meeting Materials directly to you, your name and address and information about your holdings of the Company's securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf. By choosing to send the Meeting Materials to you directly, the Company (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering the Meeting Materials to you and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the VIF.

VOTING OF SHARES AND EXERCISE OF DISCRETION OF PROXIES

If a shareholder specifies a choice with respect to any matter to be acted upon, the shares represented by proxy will be voted or withheld from voting by the proxy holder in accordance with those instructions on any ballot that may be called for. In the enclosed form of proxy, in the absence of any instructions in the proxy, it is intended that such shares will be voted by the proxyholder, if a nominee of management, in favour of the motions proposed to be made at the meeting as stated under the headings in the notice of meeting accompanying this Information Circular. If any amendments or variations to such matters, or any other matters, are properly brought before the Meeting, the proxyholder, if a nominee of management, will exercise its discretion and vote on such matters in accordance with its best judgment.

The instrument of proxy enclosed, in the absence of any instructions in the proxy, also confers discretionary authority on any proxyholder other than the nominees of management named in the instrument of proxy with respect to the matters identified herein, amendments or variations to those matters, or any other matters which may properly be brought before the Meeting. To enable a proxyholder to exercise its discretionary authority a shareholder must strike out the names of the nominees of management in the enclosed instrument of proxy and insert the name of its nominee in the space provided, and not specify a choice with respect to the matters to be acted upon. This will enable the proxyholder to exercise its discretion and vote on such matters in accordance with its best judgment.

At the time of printing this Information Circular, management of the Company is not aware that any amendments or variations to existing matters or new matters are to be presented for action at the Meeting.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Other than as disclosed elsewhere in this Information Circular, none of the directors or executive officers of the Company, no proposed nominee for election as a director of the Company, none of the persons who have been directors or executive officers of the Company since the commencement of the Company's last completed financial year and no associate or affiliate of any of the foregoing persons has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The authorized capital of the Company consists of an unlimited number of common shares. On November 24, 2023 (the "Record Date"), the Company had 32,927,000 common shares outstanding. All common shares in the capital of the Company are of the same class and each carries the right to one vote. Only those shareholders of record on the Record Date are entitled to attend and vote at the Meeting.

To the knowledge of the directors and executive officers of the Company, as of the date of this Information Circular, there are no persons that beneficially own, directly or indirectly, or exercise control or direction over, 10% or more of the common shares of the Company.

Exercise or Redemption of Compensation Securities

During the financial year ended February 28, 2023, no NEOs or directors of the Company exercised or redeemed compensation securities.

Stock Option Plan and Other Incentive Plans

Stock Option Plan

The shareholders approved the Company's stock option plan (the "**Option Plan**") at the shareholder's meeting held on October 11, 2022, pursuant to which the Board may grant options (the "**Options**") to purchase shares of the Company (the "**Shares**") to NEOs and directors of the Company or affiliated corporations and to consultants retained by the Company.

The purpose of the Option Plan is to attract, retain, and motivate NEOs, directors and other service providers by providing them with the opportunity, through Options, to acquire an interest in the Company and benefit

from the Company's growth. Under the Option Plan, the maximum number of Shares reserved for issuance, including Options currently outstanding, is equal to 10% of the Shares outstanding from time to time (the "10% Maximum"). The 10% Maximum is an "evergreen" provision, meaning that, following the exercise, termination, cancellation or expiration of any Options, a number of Shares equivalent to the number of Options so exercised, terminated, cancelled or expired would automatically become reserved and available for issuance in respect of future Option grants.

Restricted Share Unit Plan

The shareholders approved the Company's Restricted Share Unit Plan (the "RSU Plan") at the shareholder's meeting held on October 11, 2022.

The RSU Plan is designed to provide certain directors and officers of the Company and its related entities with the opportunity to acquire restricted share units ("RSUs") of the Company. The acquisition of RSUs allows directors and officers to participate in the long-term success of the Company thus promoting the alignment of the directors' and officers' interests with that of the Shareholders.

The RSU Plan allows the Company to award, in aggregate, up to a rolling 10% maximum of the issued and outstanding Shares from time to time, under and subject to the terms and conditions of the RSU Plan. The grant of an RSU Award pursuant to the RSU Plan entitles the participant thereunder, at the election of the Company, the conditional right to receive for each RSU credited to the participant's account, at the election of the Board, either (a) one Share of the Company, or (b) an amount in cash, net of applicable taxes and contributions to government sponsored plans, as determined by the Board, equal to the Market Price of one Share for each vested RSU credited. Fractional Shares will not be issued pursuant to the RSU Plan, and any fractional entitlement arising is to be settled by adjustment such that the Participant shall only have the right to receive the next lowest whole number of Shares.

Employment, Consulting and Management Agreements

The Company has not entered into any agreement or arrangement under which compensation was provided during the most recently completed fiscal year ended February 28, 2023, or is payable in respect of services provided to the Company or any of its subsidiaries that were: (a) performed by a director or NEO, or (b) performed by any other party but are services typically provided by a director or a NEO.

Oversight and Description of Director and NEO Compensation

Compensation Program Objectives

The objectives of the Company's executive compensation program are as follows:

- to attract, retain and motivate talented executives who create and sustain the Company's continued success;
- to align the interests of the Company's executives with the interests of the Company's shareholders; and
- to provide total compensation to executives that is competitive with that paid by other companies of comparable size engaged in similar business in appropriate regions.

Overall, the executive compensation program aims to design executive compensation packages that meet executive compensation packages for executives with similar talents, qualifications and responsibilities at companies with similar financial, operating and industrial characteristics. The Company is a junior mineral exploration company involved in exploration and development of early-stage mineral properties and will not be generating significant revenues from operations for a significant period of time. As a result, the use of traditional performance standards, such as corporate profitability, is not considered by the Company to be appropriate in the evaluation of the performance of the NEOs.

Purpose of the Compensation Program

The Company's executive compensation program has been designed to reward executives for reinforcing the Company's business objectives and values, for achieving the Company's performance objectives and for their individual performances.

Elements of Compensation Program

The executive compensation program consists of a combination of consulting fees, performance bonus and stock option and restricted share unit incentives.

Purpose of Each Element of the Executive Compensation Program

The consulting fees of a NEO is intended to attract and retain executives by providing a reasonable amount of non-contingent remuneration.

In addition to a fixed consulting fee, each NEO is eligible to receive a performance-based bonus meant to motivate the NEO to achieve short-term goals. The pre-established, quantitative target(s) used to determine performance bonuses are set each fiscal year. Awards under this plan are made by way of cash payments only, which payment are made at the end of the fiscal year.

Options and RSUs may be awarded to NEOs based on performance measured against set objectives. The granting of incentive securities upon hire aligns NEOs' rewards with an increase in shareholder value over the long term. The use of Options and RSUs encourages and rewards performance by aligning an increase in each NEO's compensation with increases in the Company's performance and in the value of the shareholders' investments.

Determination of the Amount of Each Element of the Executive Compensation Program, Compensation Risk and Compensation Governance

The Board approves the compensation of the NEOs. The Company does not presently have a compensation committee and the Company has not retained any compensation advisor or compensation consultant in respect of its compensation policies.

A portion of the Company's executive compensation may consist of Options and RSUs granted under the Company's stock option and restricted share unit plans. Such compensation is both "long term" and "at risk" and, accordingly, is directly linked to the achievement of long-term value creation. As the benefits of such compensation, if any, are not realized by the executive until a significant period of time has passed, the ability of executives to take inappropriate or excessive risks that are beneficial to them from the standpoint of their compensation at the expense of the Company and its shareholders is limited.

The other two elements of compensation, consulting fees and performance bonuses, represent the remaining portion of an executive's total compensation. While neither salary nor bonus are "long term" or "at risk", as noted above, these components of compensation are not at a level of total compensation whereby an executive would take inappropriate or excessive risks at the expense of the Company and its shareholders that would be beneficial to them from the standpoint of their short-term compensation when their long-term compensation might be put at risk from their actions.

Due to the small size of the Company, and the current level of the Company's activity, the Board is able to closely monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any, may be identified and mitigated through regular Board meetings during which, financial and other information of the Company are reviewed, and which includes executive compensation. No risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

NEOs and directors of the Company are not permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that

are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

Consulting Fees

Consulting Fees for NEOs are expected to continue to be set annually, having regard to the individual’s job responsibilities, contribution, experience and proven or expected performance, as well as to market conditions. In setting base compensation levels, consideration is to be given to such factors as level of responsibility, experience and expertise. Subjective factors such as leadership, commitment and attitude are also to be considered. The Company has not established performance goals for its NEOs.

Pension Arrangements

The Company does not have any pension arrangements in place for the NEOs and directors.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLAN

The following table sets out, as of the end of the most recently completed financial year ended February 28, 2023, all required information with respect to compensation plans under which equity securities of the Company are authorized for issuance:

|---|--|--|--|
| Equity compensation plans approved by securityholders | 2,400,000 | N/A | 92,700 |
| Equity compensation plans not approved by securityholders | Nil | N/A | Nil |
| Total | 2,400,000 | | 92,700 |

CORPORATE GOVERNANCE

Board of Directors

The Board presently consists of three directors, two of whom are independent. The definition of independence used by the Company is that used by the Canadian Securities Administrators, which is set out in section 1.4 of National Instrument 52-110 *Audit Committees* (“**NI 52-110**”). A director is independent if he has no direct or indirect material relationship to the Company. A “material relationship” is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of the director’s independent judgment. Certain types of relationships are by their very nature considered to be material relationships and are specified in section 1.4 of NI 52-110.

Paul John and Adrian Smith are considered to be independent directors. Alexander Helmel is not considered to be independent as he is an executive officer of the Company.

The Board believes that the principal objective of the Company is to generate economic returns with the goal of maximizing shareholder value, and that this is to be accomplished by the Board through its

stewardship of the Company. In fulfilling its stewardship function, the Board's responsibilities will include strategic planning, appointing and overseeing management, succession planning, risk identification and management, environmental oversight, communications with other parties and overseeing financial and corporate issues. Directors are involved in the supervision of management.

Pursuant to the *Business Corporations Act* (British Columbia), directors must declare any interest in a material contract or transaction or a proposed material contract or transaction. Further, the independent members of the Board meet independently of management members when warranted.

Other Directorships

The directors of the Company are also directors of the following other reporting issuers:

| | |
|------------------|--|
| Alexander Helmel | Global Compliance Applications Corp. Silver Sands Resources Corp. Treviso Capital Corp. Ynvisible Interactive Inc. Atomic Minerals Corporation |
| Paul John | West Oak Gold Corp. Max Resource Corp. Crest Resources Inc. |
| Adrian Smith | Usha Resources Ltd. Go Metals Corp. M3 Metals Corp. Xander Resources Inc. Live Energy Minerals Corp. Avante Mining Corp. Flow Metals Corp. |

Orientation and Continuing Education

The Company has not yet developed an official orientation or training program for directors. If and when new directors are added, however, they have the opportunity to become familiar with the Company by meeting with other directors and with officers and employees of the Company. As each director has a different skill set and professional background, orientation and training activities are and will continue to be tailored to the particular needs and experience of each director. The Company's financial and legal advisers are also available to the Company's directors.

Code of Ethics

The Board strives to conduct itself with high business and moral standards and to follow all applicable legal and financial requirements. The Board have not adopted a written code of ethics for its directors, officers, employees and consultants.

The Board has concluded that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law, as well as the restrictions placed by applicable corporate legislation on the individual director's participation in decisions of the Board in which the director has an interest, are sufficient to ensure that the Board operates independently of management and in the best interests of the Company and its shareholders.

Nomination of Directors

The Company does not have a formal process or committee for proposing new nominees for election to the Board. The nominees are generally the result of recruitment efforts by the Board members, including both formal and informal discussions among Board members.

Compensation

The Company does not have a compensation committee. The Board is responsible for determining all forms of compensation, including long-term incentives in the form of Options and RSUs to be granted to directors, officers and consultants of the Company. The Board is also responsible for reviewing recommendations for compensation of the Chief Executive Officer and other officers of the Company, to ensure such arrangements reflect the responsibilities and risks associated with each position. When determining the compensation of its officers, the Board will consider: (i) recruiting and retaining officers critical to the success of the Company and the enhancement of shareholder value; (ii) providing fair and competitive compensation (iii)balancing the interests of management and the Company's shareholders; and (iv) rewarding performance, both on an individual basis and with respect to operations in general.

Other Board Committees

The Board has not established any committees other than the Audit Committee.

Any committee of the directors and individual directors are assessed on an ongoing basis by the Board in their entirety. The Board has not, as yet, adopted formal procedures for assessing the effectiveness of the Board, the audit committee or individual directors.
