## About Caprock Mining Corp.

Caprock Mining Corp. is a Canadian gold exploration company focused on opportunities in the historical Beardmore-Geraldton Gold Belt ("BGB") of Ontario. The Company's 100% interest in six gold exploration properties gives it a substantial landholding in the BGB - a belt that has produced over four million ounces of gold historically, and contains the world-class Greenstone gold project (formerly known as the Hardrock gold project) which is being brought to production by a joint venture partnership between EquinoxGold and Orion Mine Finance. With an experienced management team that has a strong exploration pedigree, Caprock is poised to advance its portfolio of gold exploration properties in the BGB to generate incremental shareholder value.
