### **ABOUT XEBRA**

On December 1st, 2021, Xebra is expecting a decision by the Mexican Supreme Court, pursuant to which it could be granted an injunction, positioning Xebra to be a first mover in the Mexican cannabis sector. Xebra has also been selected by the Dutch government, out of a competitive pool of applicants, as one of only five companies to compete for two exclusive licenses to cultivate medicinal cannabis in the Netherlands, with an initial six-year guaranteed government contract for each successful party, estimated at ~CDN\$100 million. In Canada, Xebra plans to launch its Vicious Citrous THC Lemonade in the spring of 2022. In Colombia, Xebra is completing agronomical evaluations, to fully register cannabis seed varieties, in anticipation of commercial activities in 2022.
