

Xebra Launches Vicious Citrus THC/CBN Lemonade

VANCOUVER, BC, July 6, 2022 /CNW/ - **Xebra Brands Ltd. ("Xebra")** (CSE: XBRA) (OTCQB: XBRAF) (FSE: 9YC), a cannabis company, is pleased to announce the successful completion of the first commercial production run of its Vicious Citrus cannabis infused lemonade. Availability is anticipated this summer in multiple provinces across Canada, including in Ontario, which has made an initial purchase order of 10,500 units for late July delivery; more than 1,100 retail cannabis store licences have been issued in Ontario, making it by far the most lucrative cannabis market in Canada. Xebra has engaged a national cannabis sales & marketing agency to introduce and support the growth of Vicious Citrus Lemonade to Canadian cannabis retailers.

*"This maiden production run represents a significant milestone for our beverage business", said **Jay Garnett, CEO of Xebra.** "We expect Vicious Citrus to connect with engaged consumers and quickly become a leader in the Canadian cannabis-infused beverage space."*

Vicious Citrus is a non-carbonated THC infused lemonade beverage, with a tangy Citrus flavour and a 5:1 THC / CBN ratio. With the maximum amount of psychoactive cannabinoids allowed in any Canadian listed beverage, Vicious Citrus combines 10mg of THC with 2mg of CBN (Cannabinol). Vicious Citrus is one of only a few beverages in Canada containing CBN, a unique cannabinoid that is booming in interest across North America.
