

DiagnaMed Launches New Healthcare Provider Network Program for CERVAI™ Brain Health AI Platform in Canada and the USA

Program provides healthcare providers access to DiagnaMed's novel brain health AI platform

TORONTO, Oct. 03, 2023 -- DiagnaMed Holdings Corp. ("DiagnaMed" or the "Company") (CSE: DMED) (OTCQB: DGNMF), a generative artificial intelligence healthcare company, announced today the launch of CERVAI™ Healthcare Provider Network, a partnership program to expand access to the Company's brain health AI platform for healthcare providers, including hospitals, doctor offices, medical clinics, research and clinical specialists in Canada and the USA.

Demonstration of CERVAI™ Brain Age™ Session

A world first, CERVAI™ consists of a *Brain Age™* Estimation and *Brain Health Assessment* tool. The *Brain Age™* Estimation tool includes a novel electroencephalogram headset and machine-learning model. It integrates proprietary software into unified and standardized data recording protocols. The *Brain Health Assessment* tool generates clinician-observed measures and a brain health score. These combined allow users to be proactive in achieving their brain health goals. Future versions of CERVAI™ will incorporate OpenAI's GPT platform to develop personalized treatment plans.

Fabio Chianelli, Chairman and CEO of DiagnaMed, commented: "As we near the commercial launch for CERVAI™, our novel brain health AI platform, we are excited to build our network of healthcare providers seeking to provide value added services, research and clinical care for their patients who want to take control of their brain health. Similarly, we will soon launch additional network programs for enterprise organizations, athletic teams, and personal at-home use."

The CERVAI™ Healthcare Provider Network partnership program is open for enrollment. If interested in joining or learning more about the CERVAI™ Healthcare Provider Network, prospective partners are encouraged to visit <https://www.diagnamed.com/hcpartner>.
