Pursuit Gold Corp. (the "Company") was incorporated under the British Columbia Business Corporations Act on September 15, 2020. The head office of the Company is located at Suite 250-999 Seymour Street, Vancouver, British Columbia V6B 0M5 and the registered and records office of the Company is located at Suite 1170-1040 West Georgia Street, Vancouver, British Columbia V6B 0M5. On January 26, 2022, the Company's common shares began trading on the Canadian Securities Exchange ("CSE") under the symbol trading symbol PUGS.

The Company is engaged in the acquisition, exploration and development of resource properties. On December 28, 2020, the Company signed an option agreement to acquire a property (Note 5). Prior to this, the Company's activities had been limited to its formation and the raising of equity capital.

#### Going Concern

These financial statements have been prepared on the basis that the Company will continue as a going concern. The proposed business of the Company involves a high degree of risk and there is no assurance that the Company will identify an appropriate business for acquisition or investment, and even if so identified and warranted, it may not be able to finance such an acquisition or investment. Additional funds will be required to enable the Company to pursue such an initiative and the Company may be unable to obtain such financing on terms which are satisfactory to it, particularly in the current economic environment. Furthermore, there is no assurance that the business will be profitable. Those factors raise significant doubt as to the Company's ability to continue as a going concern. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continued in existence. Such adjustments could be material.

## 2. Basis of Preparation and Significant Accounting Policies

The financial statements were authorized for issuance on April 25, 2022 by the directors of the Company.

## (a) Statement of Compliance with International Financial Reporting Standards

The Company's condensed interim consolidated financial statements have been prepared in accordance with IFRS applicable to the preparation of interim statements, including IAS 34, Interim Financial Reporting, as issued by the International Accounting Standards Board ("IASB"). These condensed interim financial statements should be read in conjunction with the Company's annual financial statements for the year ended November 30, 2021 which have been prepared according to IFRS as issued by the IASB.

## (b) Use of Estimates and Judgments

The preparation of the Company's financial statements in accordance with IFRS requires the Company to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, revenues and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected.

Areas requiring a significant degree of estimation and judgment include fair value measurements for financial instruments, the recoverability of exploration and evaluation assets, share-based payments, the recoverability and measurement of deferred tax assets and liabilities and assessment of the Company's ability to continue as a going concern.

On December 28, 2020 the Company entered into an option agreement (amended October 11, 2021, collectively the "Agreement"), with Rainy Mountain Royalty Corp. ("Rainy"), pursuant to which, the Company has been granted an option (the "Option") to acquire the right to earn an undivided and up to 90% interest in Rainy's mineral claims located in the Porcupine Mining Division in Ontario, Canada (the "Property"), subject to a 2% net smelter return ("NSR") royalty on commercial production from certain of the mineral claims.

Pursuant to the terms of the Agreement, and in order to earn a 51% undivided interest in the Property ("Option 1"), the Company must make the following payments:

- incur expenditures of \$350,000 on the Property by September 30, 2023.

The Company will have 90 days after making the above payments to notify Rainy that it intends to proceed to increase the Company's undivided interest as detailed below. Failing to do so will result in the Company and Rainy forming a joint venture.

In order to maintain the Option in good standing and increase the Company's undivided interest to 80% ("Option 2"), the Company must make the following payments:

- make payment of \$50,000 by September 15, 2023;

Upon the Company having exercised Option 2, the Company has 90 days in which to notify Rainy that it intends to proceed to exercise Option 3, failing which the Company and Rainy will proceed to form a joint venture. If the Company completes a "Bankable Feasibility Study" on the Property, the Company will have deemed to have exercised Option 3 and earn a 90% interest in the Property, subject to the above mentioned NSR.
