

## **UniDoc Health Corp. Unveils NEIL Connect®**

### **-- An AI based, Single-Source Technology Solution for eHealth**

VANCOUVER, British Columbia, May 02, 2024 -- UniDoc Health Corp. (CSE: UDOC) (FRA: L7T) (OTCQB: UDOCF) ("UniDoc," or the "Company"), an innovator in the eHealth sector, proudly announces the launch of its latest innovative software, NEIL Connect®. This Single-Source Technology Solution represents a integrated development in virtual healthcare delivery, seamlessly blending (AI) artificial intelligence algorithms with cutting-edge diagnostics, high-speed access, and high-definition communication equipment.

#### Key Features:

- NEIL Connect® integrates advanced AI with state-of-the-art diagnostic tools and communication technology, enhancing how doctors, clinicians, and patients connect and access high-quality care.
- Incorporated into UniDoc's H3 Health Cube, NEIL Connect offers a HIPAA-compliant, customizable platform that synergizes patient and provider data, electronic health records, and various virtual modalities.
- The NEIL platform meticulously replicates the in-person consultation experience. It enables doctors to receive all diagnostic readings from medical devices while maintaining clear visual and auditory communication with patients, improving the precision of diagnoses.
- NEIL Connect® supports the integration of a broad spectrum of medical devices, allowing customization to meet the specific needs of healthcare providers.

UniDoc's NEIL Connect® is poised to transform the H3 Cube Landscape. By ensuring that doctors can see and hear their patients with similar fidelity as an in-person visit, the platform overcomes one of the major hurdles in virtual healthcare - the accuracy of diagnoses. This breakthrough is particularly significant for the H3 Health Cube, enhancing its capability to provide comprehensive, high-quality medical consultations remotely.

Recognizing the paramount importance of data security and patient privacy, UniDoc has ensured that the NEIL Connect® platform is fully integrated with the data collection databases of hospitals and clinics. All patient data processed through NEIL Connect® is handled with full compliance to the Health Insurance Portability and Accountability Act (HIPAA), a critical U.S. legislation that sets the standard for the protection of sensitive patient data. Moreover, UniDoc does not store any patient data. Instead, all data is managed and stored by the healthcare provider, and importantly, remains within the country where it was collected, adhering to local data protection and privacy laws.

UniDoc CEO Antonio Baldassarre comments, "NEIL Connect® is more than just a technological advancement; it's an integrated development in eHealth. It embodies our commitment to bridging the gap between traditional and virtual healthcare, ensuring that every consultation via the H3 Health Cube is as effective and accurate as an in-person visit. This innovation is a testament to our dedication to enhancing healthcare accessibility and quality for everyone, everywhere."

On Behalf of the Board of Directors,

~Antonio Baldassarre~

Antonio Baldassarre  
CEO, President & Director  
UniDoc Health Corp.

## **About UniDoc Health Corp. (CSE: UDOC) (FRA: L7T) (OTCQB: UDOCF)**

UniDoc is developing an eHealth solution which is being designed as a self-contained remote virtual clinic within a private kiosk for patients to undergo full consultations as if they were present in a physician's office. eHealth opens the doors to a large segment of the population challenged by access, experience or understanding of online computer technology. It is the Company's belief that physical accessibility is the key to its business proposition. UniDoc is dedicated to unlocking shareholder value by delivering an excellent product and sophisticated commercial network within an expedited timeframe. The UniDoc team encourages engagement, questions, and interest, so please stay in touch and invite anyone who might be interested in our story to visit our website at [www.unidoctor.com](http://www.unidoctor.com) and signup to receive the latest information with updates on our activities, events and progress.

### **Forward-Looking Statements**

This news release contains statements and information that, to the extent that they are not historical fact, may constitute "forward-looking information" within the meaning of applicable securities legislation. Forward-looking information may include financial and other projections, as well as statements regarding future plans, objectives, or economic performance, or the assumption underlying any of the foregoing. In some cases, forward-looking statements can be identified by terms such as "may", "would", "could", "will", "will be", "likely", "except", "anticipate", "believe", "intend", "plan", "forecast", "project", "estimate", "outlook", or the negative thereof or other similar expressions concerning matters that are not historical facts. Examples of such statements include, but are not limited to, statements with respect to the benefits the NEIL Connect® software will add to the Company's products and that it will allow doctors to improve the accuracy of their diagnoses.

Forward-looking information is based on the assumptions, estimates, analysis, and opinions of management made in light of its experience and its perception of trends, current conditions and expected developments, as well as other factors that management believes to be relevant and reasonable in the circumstances at the date that such statements are made, but which may prove to be incorrect. The material factors and assumptions used to develop the forward-looking information contained in this news release include, but are not limited to, key personnel and qualified employees continuing their involvement with the Company; the Company's ability to secure additional financing on reasonable terms; the competitive conditions of the industries in which the Company operates; and laws and any amendments thereto applicable to the Company.

Forward-looking information involves known and unknown risks, uncertainties and other factors that may cause the actual results, performance or achievements of the Company to differ materially from any future results, performance or achievements expressed or implied by the forward-looking information, including, without limitation, risks relating to the future business plans of the Company; risks that the Company will not be able to retain its key personnel; risks that the Company will not be able to secure financing on reasonable terms or at all; as well as all of the other risks as described in the Company's annual management discussion and analysis dated July 31, 2023 under the heading "Risks Factors." Accordingly, readers should not place undue reliance on any such forward-looking information.

Further, any forward-looking information speaks only as of the date on which such statement is made. New factors emerge from time to time, and it is not possible for the Company's management to predict all such factors and to assess in advance the impact of each such factor on the Company's business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking information. The Company does not undertake any obligation to update any forward-looking information to reflect information or events after the date on which it is made or to reflect the occurrence of unanticipated events, except as required by law, including securities laws.

**The CSE does not accept responsibility for the adequacy or accuracy of this release.**
