MAX Power Arranges Targeted Strategic Private Placement To Raise Up To \$1 Million

VANCOUVER, Canada (November 21, 2024) - MAX Power Mining Corp. (CSE: **MAXX**; OTC: **MAXXF**; FRANKFURT: **89N**) (“**Max Power**” or the “**Company**”) announces a non-brokered private placement for a minimum of 3,825,000 units (the “Units”) of the Company at a price of C\$0.20 per Unit for aggregate gross proceeds to the Company of \$765,000; and up to a maximum of 5,000,000 Units for aggregate gross proceeds of \$1,000,000 (the “Offering”) targeting strategic investors.

The Offering, using the Listed Issuer Financing Exemption (“LIFE”), is scheduled to close on or about November 29, 2024 (the “Closing Date”) and completion of the Offering is subject to certain conditions including the receipt of all necessary approvals, including the approval of the Canadian Securities Exchange (“CSE”).

The Company plans to use the net proceeds of this financing for exploration, evaluation and potential acquisition of additional properties, general and administrative expenses which will include funds for marketing and investor relations fees, and cash for working capital.

Private Placement Terms

Each Unit will consist of one common share in the capital of the Company and one-half of one non-transferable common share purchase warrant (each whole common share purchase warrant, a “Warrant”). Each whole Warrant will be exercisable to acquire one share at an exercise price of \$0.30 per share for a period of 24 months from the date of issuance, subject to an acceleration right.

Acceleration Clause

If, at any time after the date of issuance of the Warrant, the closing price of the Company’s common shares on the CSE (or such other stock exchange on which the common shares may be traded from time to time) is at or above C\$0.45 per share for a period of 10 consecutive trading days (the “Triggering Event”), in which event the Company may, within 5 days of the Triggering Event, accelerate the expiry date of the Warrants by giving notice thereof to the holders of the Warrants, by way of news release, and in such case the Warrants will expire on the first day that is 30 calendar days after the date on which such notice is given by the Company announcing the Triggering Event and all rights of holders of such Warrants shall be terminated without any compensation to such holder.

Certain insiders of the Company may acquire Units in the Offering. Any participation by insiders in the Private Placement would constitute a “related party transaction” as defined under Multilateral Instrument 61-101 Protection of Minority Security Holders in Special Transactions (“MI 61-101”). However, the Company expects such participation would be exempt from the formal valuation and minority shareholder approval requirements of MI 61-101 as the fair market value of the Units subscribed for by the insiders, nor

the consideration for the Units paid by such insiders, would exceed 25% of the Company's market capitalization.

Subject to compliance with applicable regulatory requirements and in accordance with National Instrument 45-106 - Prospectus Exemptions ("NI 45-106"), the Offering is being made to purchasers resident in each of the Provinces of Canada, except Quebec, pursuant to the listed issuer financing exemption under Part 5A of NI 45-106 (the "Exemption"). The securities offered under the Exemption will not be subject to a hold period in accordance with applicable Canadian securities laws. There is an offering document (the "Offering Document") related to the Offering that can be accessed under the Company's profile at www.sedarplus.ca and on the Company's website at: www.MaxPowerMining.com. Prospective investors should read this Offering Document before making an investment decision.

In connection with the Offering, the Company may pay finder's fees consisting of: (i) cash finder's fees of up to 7% of the gross proceeds of the Offering; and (ii) finder warrants ("Finder's Warrant") in an amount equal to up to 7% of the number of Units issued pursuant to the Offering, exercisable at a price of C\$0.35 per common share for a period of 24 months following the closing date of the Offering which will also be subject to the above acceleration clause.

This press release shall not constitute an offer to sell or the solicitation of an offer to buy securities in the United States, nor shall there be any sale of the securities in any jurisdiction in which such offer, solicitation or sale would be unlawful. The securities being offered have not been, nor will they be, registered under the United States Securities Act of 1933, as amended (the "1933 Act") or under any U.S. state securities laws, and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the 1933 Act, as amended, and applicable state securities laws.

About MAX Power

MAX Power is an innovative mineral exploration company focused on North America's shift to decarbonization. MAX Power is a first mover in the rapidly growing Natural Hydrogen sector, through strategic alliances with Calgary-based Chapman Hydrogen & Petroleum Engineering Ltd., and European-based Larin Engineering HHC. MAX Power also holds a portfolio of properties in the United States and Canada focused on critical minerals. These properties are highlighted by a recent diamond drilling discovery at the Willcox Playa Lithium Project in southeast Arizona.

Forward-Looking, Cautionary Statements

This press release contains forward looking statements within the meaning of applicable securities laws. The use of any of the words "anticipate", "plan", "continue", "expect", "estimate", "objective", "may", "will", "project", "should", "predict", "potential" and similar expressions are

intended to identify forward looking statements. In particular, this press release contains forward looking statements concerning, without limitation, statements relating to the Offering (including with respect to the timing and closing of the Offering). Although the Company believes that the expectations and assumptions on which the forward-looking statements are based are reasonable, undue reliance should not be placed on the forward-looking statements because the Company cannot give any assurance that they will prove correct. Since forward looking statements address future events and conditions, they involve inherent assumptions, risks and uncertainties. Actual results could differ materially from those currently anticipated due to a number of assumptions, factors and risks. These assumptions and risks include, but are not limited to, assumptions and risks associated with the receipt of regulatory or shareholder approvals, and risks related to the state of financial markets or future metals prices.

Management has provided the above summary of risks and assumptions related to forward looking statements in this press release in order to provide readers with a more comprehensive perspective on the Company's future operations. The Company's actual results, performance or achievement could differ materially from those expressed in, or implied by, these forward-looking statements and, accordingly, no assurance can be given that any of the events anticipated by the forward-looking statements will transpire or occur, or if any of them do so, what benefits the Company will derive from them. These forward-looking statements are made as of the date of this press release, and, other than as required by applicable securities laws, the Company disclaims any intent or obligation to update publicly any forward-looking statements, whether as a result of new information, future events or results or otherwise.

Neither the Canadian Securities Exchange nor its Regulation Services Provider accepts responsibility for the adequacy or accuracy of this release.
