

PR Technology Announces Delayed Financial Statements

VANCOUVER, BC, April 19, 2023 – PR Technology Inc. (CSE: PRTI) ("**PR Technology**" or the "**Company**") announced today that it expects to miss its filing deadline of April 30, 2023 to file audited annual financial statements and accompanying management's discussion and analysis and related CEO and CFO certificates for the financial year ended December 31, 2022 (collectively, the "**Annual Filings**"), as required under applicable Canadian securities laws.

The delay is as a result of the Company not having retained a qualified auditor since the resignation of the Company's former auditor. Although internal work required in preparation of the financial statements is progressing, the Annual Filings will be delayed until the Company retains an auditor and the auditor completes its audit procedures.

Although the Company remains committed to completing the Annual Filings as soon as it is able, the Company cannot currently provide an estimate of the time frame required to complete the Annual Filings, and, as such, the Company anticipates that its inability to complete the Annual Filings by the filing deadline will result in a cease trading order being issued by the relevant regulatory authorities. The Company will provide further updates with respect to the Annual Filings once new information is available.
