SCHEDULE "B"

NET SMELTER RETURNS

1. For the purposes of this Schedule "B" and of calculating the amount of royalty payable hereunder:

(a) "net smelter return" - means the amount of money actually received from the sale of the ores mined from the Property, including the surface stockpiles and tailings, or from the sale of the concentrates or other products derived therefrom, less all taxes, costs or expenses incurred with respect to freight, trucking or handling of ores, concentrates or other products ex headframe in the case of ores and ex mill or other treatment facility in the case of concentrates or other products;

(b) "Operator" - means the party responsible for the carrying on of the operations relating to the Property;

(c) "Owner" - means the person or persons that own an interest in the Mineral Claims as at the relevant time including, without limitation, the Operator if the Operator has such an interest;

(d) "Property" - means the Mineral Claims as defined in the annexed agreement;

(e) "Recipient" - means the party or parties that are from time to time entitled to be paid the royalty hereunder;

(f) "year" - means the calendar year and a reference to a subdivision of a year means a reference to the relevant subdivision of a calendar year;

(g) those terms defined in the agreement of which this Schedule B is part shall have the same meanings as so defined (save as otherwise provided in this Schedule B).

2. All calculations and computations relating to the royalty shall be carried out in accordance with generally accepted accounting principles and good mining practice. The Harmonized Sales Tax (HST) due, at the prevailing rate, shall be payable by the Optionee.

3. Subject to the provisions hereof, the amount of royalty payable to the Recipient hereunder shall be calculated by the operator as at the end of each quarter and shall be payable to the Recipient on or before the 15th day of the next following quarter; provided, however, that the Operator shall deduct from royalty otherwise payable the amount of any advance royalty paid pursuant to the annexed agreement until such time as the aggregate amount of the advance royalty so paid has been so deducted. It is expressly agreed that no entitlement to a royalty shall arise out of any hedging or forward selling transaction carried out by the Optionee under the Agreement to which this schedule is attached.

4. With each payment of royalty, the Operator shall deliver to the Recipient a statement indicating the nature of the payment being made, if any, the manner in which it was determined and, as at the date of such calculation, the aggregate amount of advance royalty (if any) paid and not deducted hereunder. If

no royalty is payable in any quarter, the Operator shall deliver a statement accordingly. Within 90 days after the end of each year in which royalty is payable, or save for deduction of advance royalty previously paid would be payable, the Operator shall deliver to the Recipient a certificate confirming the determination of the amount of royalty paid or otherwise payable during the said year.

5. The Operator shall keep separate accounts relating to its operations hereunder and, upon the prior written request of the Recipient, duly authorized representatives of the Recipient may have access to such accounts for the purpose of confirming any information contained in a statement delivered to the Recipient pursuant to the provisions of paragraph 4 hereof; provided, always, that such access shall not interfere with the affairs of the Operator. The Recipient shall have the right to make copies of or take extracts from such accounts (but only for his own use).

6. (a) For the purpose of calculating the amount of royalty payable to the Recipient hereunder only, if any ore or product derived from ore mined from the property is retained by the Operator or Owner or sold to a company associated with the Operator or Owner, and if the sale price of such product is not negotiated on an arm's length basis, the Operator shall, for the purposes of calculating net smelter return available to pay the royalty hereunder only and notwithstanding the actual amount of such sale price, add to any moneys actually received with respect to such sale an amount which the Operator considers sufficient to make the same represent a reasonable sale price for such product as if negotiated at arm's length.

(b) The Operator shall by notice inform the Recipient of the quantum of such reasonable sale price and, if the Recipient does not object thereto within 45 days after receipt of such notice, said quantum shall be final and binding for the purposes of this paragraph 6.

(c) If the Recipient objects to such quantum by notice delivered to the Operator within the said 45 days, then the quantum of such reasonable sale price shall be decided by arbitration as follows: the Recipient shall nominate one arbitrator and shall notify the Operator of such nomination and the Operator shall, within 45 days after receiving such notice, nominate an arbitrator and the two arbitrators shall select an umpire to act jointly with them. If the said arbitrators shall be unable to agree in the selection of such umpire, the umpire shall be a person designated by the President or any Vice-President of the Canadian Institute of Mining and Metallurgy, provided that such person is not an employee of the Owner or any company affiliated with the Owner. The umpire shall fix the time and place for the purpose of hearing such evidence and representations as either or the parties hereto may present and, subject to the provisions hereof, the decision of the arbitrators and umpire, or any two of them, in writing shall be binding upon the parties hereto. The said arbitrators and umpire shall, after hearing any evidence and representations that the parties may submit, make their award, reduce the same to writing and deliver one copy thereof to each of the parties hereto. The majority of the umpire and arbitrators may determine any matters of procedure for the arbitration not specified herein. If the Operator fails within the said 45 days to nominate an arbitrator, then the arbitrator nominated by the Recipient may proceed alone to determine the dispute in such manner and at such time as he shall think fit and his decision shall, subject to the provisions hereof, be binding upon the parties hereto.

(d) The expense of the arbitration shall be paid by the Recipient if the decision reached hereunder does not increase such quantum by more than 1% of the quantum set forth in the notice hereinbefore referred to and otherwise by the Operator.
