HI-VIEW UPDATE ON KET 28 PROPERTY

VANCOUVER, BRITISH COLUMBIA – January 19, 2023 – Hi-View Resources Inc. (“Hi-View” or the “Company”) (CSE: HVW) provides this update on its optioned Ket 28 mining property, located in the Greenwood District along the US border in southeastern BC. The geological crews completed their field work in late August and a number of soil and rock samples were then sent to be assayed. Due to a severe backlog at the lab, a number of the assay results have been delayed and are now expected sometime in February. Once Hi-View receives the full report from its geologists, it will then consider next steps with the property.

In the meantime, Hi-View has agreed with the Ket 28 property owner, Grizzly Discoveries Inc., to extend the current option term to September 30, 2023 before the next cash payment and share issuance is due to further extend the option.

The Company is a mineral exploration company focused on the acquisition, exploration and development of mineral properties in Canada and the USA.
