

28.0 STATEMENT OF QUALIFICATIONS AND SIGNATURE PAGE

I, Linda J. Caron, certify that:

1. I am a consulting geologist residing at 6891 14th St. (Box 2493), Grand Forks, B.C., V0H 1H0.
2. I obtained a B.A.Sc. in Geological Engineering (Honours) in the Mineral Exploration Option, from the University of British Columbia (1985) and graduated with a M.Sc. in Geology and Geophysics from the University of Calgary (1988).
3. I have practised my profession since 1987 and have worked in the mineral exploration industry since 1980. I have done extensive geological work in British Columbia and elsewhere, as an employee of various exploration companies, in the role of VP Exploration for a junior mining company, and as an independent consultant. My work has included a large variety of deposit styles, including but not limited to orogenic gold, epithermal gold-silver, alkalic porphyry copper-gold-PGE, and copper, tungsten and gold skarns. I have worked on properties at all stages of exploration, from grass-roots, to early-stage exploration, through advanced-stage exploration and active mining. My work on gold mineralization in the Sheep Creek and Bayonne areas near Salmo, B.C. is particularly relevant to the Old Timer Property.
4. I am a member in good standing with the Association of Professional Engineers and Geoscientists of B.C. with professional engineer status (license # 22456, Permit to Practise # 1000285).
5. I visited the Old Timer Property on June 6, June 20, July 9, August 12 and August 30, 2020, during which time Rockland's 2020 work program was underway. I also completed a 1 day site visit to the property on behalf of a previous company in the fall of 2018. My role in Rockland's work program was logistical and supervisory only, to verify that work by independent contractors conformed to Best Practices Guidelines. I have reviewed the available data pertinent to the Old Timer Property, as listed in Section 27.0 of this report, and I believe this data to be accurate. Based on my review of the available data, I believe this property to be of sufficient merit to justify the work programs recommended in this report.
6. I have no direct or indirect interest in the property described herein, nor do I expect to receive any.
7. I am a Qualified Person and independent of Silverfish Resources Inc., Rockland Resources Ltd. and the Old Timer Property, as defined by National Instrument 43-101. There are no circumstances that, in the opinion of a reasonable person aware of all relevant facts, could interfere with my judgment regarding the preparation of this technical report.

I have read National Instrument 43-101 and Form 43-101F1, and have prepared this report, which is titled "National Instrument 43-101 Technical Report on the Old Timer Property" and which has an effective date of January 19, 2022, in compliance with these documents. As of January 19, 2022, the effective date of the report, to the best of my knowledge, information, and belief, the technical report contains all scientific and technical information that is required to be disclosed to make the technical report not misleading.

I accept joint responsibility for all sections of this report.

8. I consent to the filing of this report with any stock exchange and other regulatory authority and any publication by them for regulatory purposes, including electronic publication in the public company files on their websites accessible by the public, of the report.

Signed at Grand Forks, B.C., this 15th day of February, 2022.
