New Release

## **Blanton Resources Corp. Enters Agreement to Acquire 100% Interest in American Brines Lithium Inc. and its Nevada based Blackrock South Lithium Brine Project**

**September 13, 2023 – Vancouver, British Columbia. Blanton Resources Corp. (“Blanton”) (CSE: BLNT)** announces that it has signed an option agreement to acquire up to 100% of American Brines Lithium Inc. (“American Brines”) which owns American Brines LLC, its wholly owned US subsidiary that holds the Black Rock South Lithium Brine Project (“Blackrock South”) located in Washoe County, Nevada.

The Blackrock South Lithium Project is located at the southwest end of Black Rock Desert playa where a dogleg connects it with the parallel Smoke Creek Desert playa near the town of Gerlach. The Black Rock Desert region is very active in mineral and geothermal development and production. The claims cover a conceptual target for lithium brine which is very similar to the published geology of the Clayton Valley lithium brine production area approximately 200 miles to the Southeast.

### **The Transaction**

Blanton has entered into an agreement with American Brines Lithium Inc. along with its 100% owned US subsidiary American Brines, LLC to acquire up to a 100% interest in the company by issuing shares as follows.

Upon signing issuing to the shareholders of American Brines 3,495,005 shares of Blanton Resources Corp.

Upon the first anniversary of the agreement issuing to the shareholders of American Brines 3,495,005 shares of Blanton Resources Corp.

Upon the second anniversary of the agreement issuing to the shareholders of American Brines 3,495,005 shares of Blanton Resources Corp.

The agreement is subject to no royalties. All shares will have a 4-month restriction upon the date of issuance.

### **About Blanton Resources Corp.**

Blanton Resources Corp. is a Vancouver based mineral exploration company focused on Lithium, strategic base metals, rare earth elements and precious metals exploration in Canada. The company has a portfolio of Lithium Projects in Quebec and its Isla Property located in the Nanaimo Mining Division of British Columbia.
