The Warrants were issued pursuant to a warrant indenture dated December 21, 2023 entered into between the Company and Odyssey Trust Company, as warrant agent.

Jones Lang, CEO and a director of the Company purchased 37,000 Units in the Offering. Mr. Lang also purchased 125,000 Units in the first tranche for a combined total of 162,000 Units. The Company will use the net proceeds from the Offering to complete Phase I drilling and exploration work at the Columbus Lithium-Boron Project, evaluate and stake additional claims prospective for critical metals, and for general corporate purposes, including salaries, consulting fees, legal and accounting fees, and investor relations expenses.

All securities issued in connection with the Offering are subject to a statutory hold period of four months plus a day from the date of issuance in accordance with applicable securities legislation.
