**VANCOUVER, BC, December 14, 2022: SWMBRD Sports Inc.** (CSE: SWIM) (“**SWMBRD**” or the “**Company**”) is pleased to announce the commencement of mass production of its proprietary swimboard (the SWMBRD) at Take Outdoors, France, the Company’s OEM manufacturing partner.

On December 13, 2022, Take Outdoors informed the Company that the planned SWMBRD production line had been initialized. The production line produces boards using Take’s advanced ACE-TECH process, and utilizes both sets of custom built SWMBRD molds (please see the news release of March 29, 2022 <https://swmbrd.com/press/news-releases/swmbrd-provides-update-on-manufacturing-preparations/>).

ACE-TECH was selected by SWMBRD as the optimal method of producing a mass market version of the SWMBRD, incorporating the best aspects of a fiberglass board (lightness and performance) with a those of a high-quality plastic board (durability, speed of production and lower cost).

This important milestone marks the transition of the SWMBRD to a mass-producible retail consumer product. The Company anticipates commencing retail sales in February 2023.

SWMBRD President, Justin Schroenn commented, “We are very pleased to have arrived at this critical milestone in the story of SWMBRD – the realization of a dream born almost a decade ago.
