

SWMBRD Announces Successful Registration of United States and Canada Design Patents

VANCOUVER, BC, May 1, 2024: SWMBRD Sports Inc. (CSE: SWIM) (“SWMBRD” or the “Company”) is pleased to announce the successful registration of United States and Canadian design patents for the Company’s proprietary aquatic sports board.

The United States and Canadian design patents are in addition to SWMBRD’s existing intellectual property portfolio, covering multiple embodiments of its unique aquatic sports board design and associated accessories, as disclosed in the Company’s final long form prospectus (available on SEDAR+, www.sedarplus.ca).

The award of these United States and Canadian design patents strengthens SWMBRD’s position as developer of its proprietary aquatic sports board and serves as a strong foundation for future SWMBRD products, accessories, events, media and lifestyle products.

SWMBRD’s expanding intellectual property portfolio continues to be a key strategic component of the Company’s growth. While SWMBRD does not divulge jurisdictions in which intellectual property applications are still pending, the Company is pleased to keep investors apprised of important jurisdictions in which applications have been successful, such as the United States and Canadian design patents now granted. We would like to thank Thomas Bailey and the team at Oyen, Wiggs, Green & Mutala LLP for all their efforts in helping to secure this very important accomplishment.

About SWMBRD Sports Inc.

SWMBRD Sports Inc. is a Vancouver, B.C. based sporting goods company looking to enable millions to rethink their way of recreating in the water. Management believes that SWMBRD’s proprietary aquatic sports board, by virtue of its patented design, is revolutionary in how it empowers the human body in the water like nothing before, giving water lovers of all ages and abilities the freedom to explore all aquatic environments with ease. By offering an aquatic board sport that is versatile, easy to use, easy to store, and which can be used by all ages and body types in any body of water (rivers, oceans, lakes and pools), the Company believes SWMBRD and the sport of swimboarding has the potential to become one of the most popular board sports in the world, and a great aquatic brand. The Company has refined manufacturing techniques most relevant to the SWMBRD and has successfully produced demonstration fleets of fully functioning boards, which have been in rigorous real-world use in Hawaii, Canada and Greece. The Company has now commenced large scale mass production under an OEM agreement with Take Outdoors, Vannes, France - the preeminent board sport manufacturer in Europe.
