

PROJECT PROPOSAL

For:

Lophos Pharmaceuticals Corp.

December 17, 2021

Prepared By:

1. Introduction

Canalytica is pleased to submit this proposal for consulting services to create and support a regulatory framework for Lophos Pharmaceuticals Inc.

Canalytica is a seasoned quality assurance and cannabis regulatory consulting agency that was founded in 2019 with a mission to streamline quality assurance and improve regulatory interactions. Our staff consists of qualified personnel who hold security clearance and are approved by Health Canada to perform market release for controlled substances. Additionally, Canalytica consultants are controlled substance license experts who can support companies through the licensing pathway, sourcing qualified employees, performing regulatory/technical training, project management, and more.

2. The Objective

To support Lophos Pharmaceuticals Inc. by creating and maintaining their regulatory program.

To research, prepare, and file Controlled Substance Dealer's licensing for their site located in Napanee, Ontario.

To provide project management and vendor management to construction projects.

To provide project management and vendor management to laboratory construction and operation.

To support the QPIC/aQPIC credential package development for the intended full-time candidate.

To provide aQPIC qualified services for the site located in Napanee, Ontario.

To provide computing services and website management.

3. The Solution

Canalytica will:

Provide a/QPIC support for their Controlled Substance Dealer's License

Provide qualified quality assurance support to create and maintain their regulatory program.

Prepare and file for Controlled Substance Dealer's License.

Ensure the QPIC/aQPIC credential packages are developed for the intended full-time candidates.

Provide project management support for:

- Construction activities.

- Laboratory construction/operation.

Travel to and be onsite, as needed.
