Westmount Minerals Corp.

Management Discussion and Analysis

For the nine-month period ended December 31, 2022

The following management's discussion and analysis ("MD&A") of the financial condition and results of operations of Westmount Minerals Corp. ("Westmount" or the "Company") constitutes management's review of the factors that affected the Company's financial and operating performance for the nine-month period ended December 31, 2022. This MD&A has been prepared in compliance with the requirements of National Instrument 51-102 – Continuous Disclosure Obligations. This discussion should be read in conjunction with the unaudited financial statements for the nine-month period ended December 31, 2022, together with the notes thereto. Results are reported in Canadian dollars, unless otherwise noted. In the opinion of management, all adjustments (which consist only of normal recurring adjustments) considered necessary for a fair presentation have been included. The results for the reporting period presented are not necessarily indicative of results that may be expected for any future years.

For the purposes of preparing this MD&A, management, in conjunction with the Board of Directors, considers the materiality of information. Information is considered material if: (i) such information results in, or would reasonably be expected to result in, a significant change in the market price or value of Westmount's common shares; or (ii) there is a substantial likelihood that a reasonable investor would consider it important in making an investment decision; or (iii) it would significantly alter the total mix of information available to investors. Management, in conjunction with the Board of Directors, evaluates materiality with reference to all relevant circumstances, including potential market sensitivity.

The disclosure of technical information in this MD&A has been approved by Jamie Lavigne, P. Geo., and a Qualified Person ("QP") for the purposes of National Instrument 43-101, Standards of Disclosure for Mineral Projects ("NI 43-101").

The effective date of this report is February 24, 2023.

DESCRIPTION OF BUSINESS

Westmount Minerals Corp. (the "Company") was incorporated on November 27, 2020, under the laws of the Province of British Columbia. The address of the Company's corporate office and principal place of business is Suite 520, 470 Granville Street, Vancouver, British Columbia, Canada. The Company's principal business activities include the acquisition and exploration of mineral property assets. As at December 31, 2022, the Company had not yet determined whether the Company's mineral properties contain ore reserves that are economically recoverable.

Corporate Summary

Since incorporation, Westmount has executed four Mineral Property Option Agreements which enables the Company to earn a 100% interest in the:

1) 4,800-hectare Douay East Property (the "Douay Property");
2) 3,700-hectare Bell Gold Property (the "Bell Property");
3) 2,222-hectare Otatakan Lithium Property (the "Otatakan Property"); and the
4) 2,780-hectare Pilot East Lithium Property (The "Pilot East Property").

The Douay Property and Bell Property are both located approximately 32 kilometers south of Matagami in the Casa Berardi Deformation Zone within the greater Abitibi Greenstone Belt region of Quebec, one of the most productive greenstone belts in the world. The Douay Property has been the subject of historical exploration programs mostly completed in the 1980's. Ground-based exploration has been limited to the northern part of the Property and includes magnetic, electromagnetic, and induced polarization surveys. Twenty-three diamond drill holes were completed with 13 holes returning anomalous gold assays.

DESCRIPTION OF BUSINESS (CONTINUED)

Corporate Summary (Continued)

The ground adjacent to the Douay Property, to the north, east, and west, all part of the Casa Berardi Deformation Zone, is covered by active exploration claims. Three adjacent properties contain reported mineral resources and one of these properties has reported gold production. These include the Douay Gold Project located to the west of the Douay Property and operated by Maple Gold Mines Ltd. ("Maple"), the Vezza Gold Project owned by Nottaway Resources Inc. ("Nottaway") located to the northeast of the Douay Property, and the N2 Gold Project located to the east of the Douay Property and owned by Wallbridge Mining Company Limited ("Wallbridge"). *The Qualified Person responsible for this MD&A has not verified the information on the adjacent properties and the information is not necessarily indicative of the mineralization on the property.*

During April 2021, Westmount completed a high resolution airborne magnetic survey over the Douay Property, identifying priority target areas potentially favourable to host gold mineralization. Subsequent to its IPO, March 17, 2022, the Company implemented and completed a soil sampling program wherein a total of 1,016 samples were collected and analyzed for Soil Gas Hydrocarbon (“SGH”) compounds and interpretation of the results has been completed. The SGH geochemical exploration program is Phase 1 of a 2 Phase exploration program and consisted of 3 target areas on the Douay Property comprising 3 separate sampling grids. The targets are structures and structural complexities inferred from the interpretation of the 2021 high resolution airborne magnetic survey and which are assumed to be gold bearing based on historical drilling on the Douay Property as well as regional geological compilation. The Company has received the results, and completed interpretation, and drill targets have been identified.

Exploration Summary

During the nine-month period ended December 31, 2022, the following exploration and evaluation expenditures were incurred by the Company:

LIQUIDITY

As at December 31, 2022, Westmount had working capital of $10,821 (2021: $103,107) which included a cash balance of $45,723.

The Company does not currently own or have an interest in, any producing mineral properties, does not derive any revenues from operations, and is not exposed to commodity price risk. As a result, the Company will rely on completion of future equity transactions such as equity offerings. This may also affect the Company's liquidity and its ability to meet its ongoing obligations.

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company's policy is to ensure that it has sufficient cash to allow it to meet its liabilities when they become due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The key to success in managing liquidity is the degree of certainty in the cash flow projections. If future cash flows are fairly uncertain, the liquidity risk increases.

The novel coronavirus ("COVID-19"), which was declared a pandemic by the World Health Organization on March 11, 2020, has led to adverse impacts on the Canadian and global economies, disruptions of financial markets, and created uncertainty regarding potential impacts to the Company's supply chain and operations. The COVID-19 pandemic has impacted and could further impact the Company's operations and the operations of the Company's suppliers and vendors as a result of quarantines, facility closures, and travel and logistics restrictions. The extent to which the COVID-19 pandemic impacts the Company's business, results of operations and financial condition will depend on future developments, which are highly uncertain and cannot be predicted, including, but not limited to the duration, spread, severity, and impact of the COVID-19 pandemic, the effects of the COVID-19 pandemic on the Company's suppliers and vendors and the remedial actions and stimulus measures adopted by local and federal governments, and to what extent normal economic and operating conditions can resume. The management team is closely following the progression of COVID-19 and its potential impact on the Company. Even after the COVID-19 pandemic has subsided, the Company may experience adverse impacts to its business as a result of any economic recession or depression that has occurred or may occur in the future. Therefore, the Company cannot reasonably estimate the impact at this time our business, liquidity, capital resources and financial results.

The Company is not expected to be profitable during the ensuing twelve months and therefore must rely on securing additional funds from either equity financing or loan from shareholders or directors for cash consideration, and while the Company has been successful at raising funds in the past, there is no assurance that it will continue to generate sufficient funds for future operations.

CAPITAL RESOURCES

The Company does not generate cash flows from operating activities. The Company is not expected to be profitable during the ensuing twelve months and therefore must rely on securing additional funds from either equity financing or loan from shareholders or directors for cash consideration, and while the Company has been successful at raising funds in the past, there is no assurance that it will continue to generate sufficient funds for future operations.

Objectives when managing capital are to:

a) Provide an adequate return to shareholders;
b) Provide adequate and efficient funding for operations;
c) Continue the development of its business and support any expansion plans;
d) Allow flexibility to investment in other revenues; and
e) Maintain a capital structure, which optimizes the cost of capital at acceptable risk.

In the management of capital, all accounts are included in shareholders' deficiency. As at December 31, 2022, the Company had no bank indebtedness.

The Company is not subject to any externally imposed capital requirements and there has been no change with respect to the overall capital risk management strategy during the nine-month period ended December 31, 2022.

CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of these financial statements requires management to make certain estimates, judgements and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and reported amounts of expenses during the reporting period. Actual outcomes could differ from these estimates. These financial statements include estimates, which, by their nature, are uncertain. The impacts of such estimates are pervasive throughout the financial statements and may require accounting adjustments based on future occurrences. Revisions to accounting estimates are recognized in the fiscal year in which the estimate is revised and future years if the revisions affects both current and future years. These estimates are based on historical experience, current and future economic conditions and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Significant assumptions about the future and other sources of estimation uncertainty that management has made at the financial position reporting date, that could result in a material adjustment to the carrying amounts of assets and liabilities, in the event that actual results differ from assumption made, relate to, but are not limited to, the following:

Significant accounting estimates

i. The measurement of deferred income tax assets and liabilities
ii. The measurement of share-based payments

Significant accounting judgements

i. The evaluation of the Company's ability to continue as a going concern

RELATED PARTY TRANSACTIONS

Parties are considered related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Related parties may be individuals or corporate entities. A transaction is considered a related party transaction when there is a transfer of resources or obligations between related parties.

The following is a summary of the Company's related party transactions during the nine-month period ended December 31, 2022:

Name	Relationship	Purpose of Transaction	December 31, 2022	December 31, 2021
Pacific Capital Advisors Inc.	Company controlled by David Tafel, CEO and Director of the Company	Advisory services related to CEO duties	$22,500	$22,500
Seatrend Strategy Inc.	Company controlled by Jeremy Wright, CFO and a Director of the Company	CFO services	$18,000	$18,000

***** The CFO Services Agreement was originally entered into between Mr. Wright's sole proprietorship, Seatrend Strategy Group, and the Company, however, the agreement was assumed by Seatrend Strategy Inc. August 1, 2022.

During the nine-month period ended December 31, 2022, the Company granted 200,000 stock options to Mr. Stephen Wilkinson, a director of the Company.

MANAGEMENT OF CAPITAL

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to pursue the sourcing and exploration of its resource properties. The Company does not have any externally imposed capital requirements to which it is subject.

The Company considers the aggregate of its share capital, contributed surplus, and deficit as capital. The Company manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Company may attempt to issue new shares or dispose of assets or adjust the amount of cash.

OFF BALANCE SHEET ARRANGEMENTS

During the nine-month period ended December 31, 2022, the Company did not have any off-balance sheet arrangements.

OUTSTANDING SHARE DATA

As of the date of this MD&A, the Company has 19,334,001 common shares issued and outstanding, 458,400 share purchase warrants, and 1,600,000 share options convertible into common shares.

See note 4, 5 and 6 in the Financial Statements for further details.

ACCOUNTING STANDARDS ISSUED BUT NOT YET EFFECTIVE

A number of new standards, and amendments to standards and interpretations, are not yet effective for the fiscal year ended March 31, 2021 and have not been early adopted in preparing these unaudited financial statements for the nine-month period ended December 31, 2022. These new standards, and amendments to standards and interpretations are either not applicable or are not expected to have a significant impact on the Company's financial statements.

RISK MANAGEMENT, CAPITAL MANAGEMENT AND FINANCIAL INSTRUMENTS

International Financial Reporting Standards 7, *Financial Instruments: Disclosures*, establishes a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 – inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3 – inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Fair Value of Financial Instruments

The Company's financial assets include cash, which is classified as Level 1, and accounts payable for which the carrying value approximates the fair values due to the relatively short period of maturity of this instrument.

Assets and liabilities measured at fair value on a recurring bases were presented on the Company's statement of financial position as at December 31, 2022 are as follows:

	Fair Value Measurements Using			
	Quoted Prices in Active Markets for Identical Instruments (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Cash (i)	$ 45,723	-	-	45,723
Accounts payable (ii)	53,169	-	-	53,169
	$ 98,892	-	-	98,892

RISK MANAGEMENT, CAPITAL MANAGEMENT AND FINANCIAL INSTRUMENTS (CONTINUED)

Financial Risk Management Objectives and Policies

The Company's financial instruments include cash and accounts payable. The risks associated with these financial instruments, and the policies on how to mitigate these risks, are set out below. Management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

(i) Currency risk

The Company's financial instruments are all denominated in Canadian Dollars and as result the Company is not exposed to any currency risk.

(ii) Interest rate risk

The Company is exposed to interest rate risk to the extent that the cash maintained at the financial institutions. The fair value interest rate risk on cash is insignificant due to their short-term nature.

The Company has not entered into any derivative instruments to management interest rate fluctuations.

(iii) Credit risk

Credit risk is the risk of loss associated with the counterparty's inability to fulfill its payment obligations. Financial instruments that potentially subject the Company to concentrations of credit risks consist of cash. To minimize credit risk the Company places these instruments with a high-quality financial institution.

(iv) Liquidity risk

In the management of liquidity risk of the Company, the company maintains a balance between continuity of funding and flexibility through the use of borrowings. Management closely monitors the liquidity position and expects to have adequate sources of funding to finance the Company's projects and operations.

Reliance on Key Personnel

The Company is dependent on a relatively small number of key people, the loss of any of whom could have an adverse effect on its operations. The Company does not carry any key man insurance.

SUBSEQUENT EVENTS

CAUTION REGARDING FORWARD LOOKING STATEMENTS

Certain information regarding the Company within the MD&A may include “forward-looking statements” within the meaning of applicable Canadian securities legislation. All statements, other than statements of historical facts, included in this MD&A that address activities, events or developments that the Company expects or anticipates will or may occur in the future, including such thing as future business strategy, goals, expansion and growth of the Company’s business, plans and other such matters are forward-looking statements. When used in this MD&A the words “estimate”, “plan”, “anticipate”, “expect”, “intend”, “believe” and similar expressions are intended to identify forward-looking statements. Such statements by their nature involve certain risks and uncertainties that could cause actual results to differ materially from those contemplated by such statements. The Company considers the assumptions on which these forward-looking statements are based to be reasonable at the time they were prepared but cautions the reader that these assumptions regarding future events, many of which are beyond the control of management, may ultimately prove to be incorrect. The reader should not rely solely on these forward-looking statements.

We undertake no obligation to reissue or update any forward-looking statements or information except as required by law.

This MD&A contains forward-looking statements concerning future operations of Westmount Minerals Corp. (the “Company”). All forward-looking statements concerning the Company’s future plans and operations, including management’s assessment of the Company’s project expectations or beliefs may be subject to certain assumptions, risks and uncertainties beyond the Company’s control. Investors are cautioned that any such statements are not guarantees of future performance and that actual performance and exploration and financial results may differ materially from any estimates or projections. Such statements include, among others: possible variations in mineralization, grade or recovery rates; actual results of current exploration activities; actual results of reclamation activities; conclusions of future economic evaluations; changes in project parameters as plans continue to be refined; failure of equipment or processes to operate as anticipated; accidents and other risks of the mining industry; delays and other risks related to construction activities and operations; timing and receipt of regulatory approvals of operations; the ability of the Company and other relevant parties to satisfy regulatory requirements; the availability of financing for proposed transactions, programs and working capital requirements on reasonable terms; the ability of third party service providers to deliver services on reasonable terms and in a timely manner; market conditions and general business, economic, competitive, political and social conditions. It is important to note that the information provided in this MD&A is preliminary in nature. There is no certainty that a potential mine will be realized.
