INFORMATION CIRCULAR

(as at August 29, 2022 except as otherwise indicated)

SOLICITATION OF PROXIES

This information circular (the “**Circular**”) is provided in connection with the solicitation of proxies by the Management of Buscando Resources Corp. (the “**Company**”). The form of proxy which accompanies this Circular (the “**Proxy**”) is for use at the annual general and special meeting of the shareholders of the Company to be held on October 11, 2022 (the “**Meeting**”), at the time and place set out in the accompanying notice of Meeting (the “**Notice of Meeting**”). The Company will bear the cost of this solicitation. The solicitation will be made by mail but may also be made by telephone.

Due to current events surrounding the COVID-19 pandemic, the Company is holding its Meeting in a virtual-only format. Shareholders will have an equal opportunity to participate at the Meeting online regardless of their geographic location. Only registered shareholders and duly appointed proxyholders will be entitled to attend, ask questions and vote at the Meeting. Shareholders will not be able to physically attend the Meeting. The cost of this solicitation will be borne by the Company.

APPOINTMENT AND REVOCATION OF PROXY

The persons named in the Proxy are directors and/or officers of the Company. **A registered shareholder who wishes to appoint some other person to serve as their representative at the Meeting may do so by striking out the printed names and inserting the desired person’s name in the blank space provided.** The completed Proxy should be delivered to Odyssey Trust Company (“**Odyssey**”) by 11:00 a.m. (local time in Vancouver, British Columbia) on October 6, 2022, or before 48 hours (excluding Saturdays, Sundays and holidays) before any adjournment of the Meeting at which the Proxy is to be used.

The Proxy may be revoked by:

- (c) signing a proxy with a later date and delivering it at the time and place noted above;
- (d) signing and dating a written notice of revocation and delivering it to Odyssey, or by transmitting a revocation by telephonic or electronic means, to Odyssey, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment of it, at which the Proxy is to be used, or delivering a written notice of revocation and delivering it to the Chairman of the Meeting on the day of the Meeting or adjournment of it; or
- (e) attending the Meeting or any adjournment of the Meeting and registering with the scrutineer as a shareholder present in person.

Provisions Relating to Voting of Proxies

The shares represented by Proxy in the form provided to shareholders will be voted or withheld from voting by the designated holder in accordance with the direction of the registered shareholder appointing him. If there is no direction by the registered shareholder, those shares will be voted for all proposals set out in the Proxy and for the election of directors and the appointment of the auditors as set out in this Circular. The Proxy gives the person named in it the discretion to vote as such person sees fit on any amendments or variations to matters identified in the Notice of Meeting, or any other matters which may properly come before the Meeting. At the time of printing of this Circular, the management of the Company (the "Management") knows of no other matters which may come before the Meeting other than those referred to in the Notice of Meeting.

Advice to Beneficial Holders of Common Shares

The information set forth in this section is of significant importance to many shareholders, as a substantial number of shareholders do not hold common shares in their own name. Shareholders who hold their common shares through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their common shares in their own name (referred to herein as "**Beneficial Shareholders**") should note that only proxies deposited by shareholders who appear on the records maintained by the Company's registrar and transfer agent as registered holders of common shares will be recognized and acted upon at the Meeting. If common shares are listed in an account statement provided to a Beneficial Shareholder by a broker, then those common shares will, in all likelihood, not be registered in the shareholder's name. Such common shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). In the United States, the vast majority of such common shares are registered under the name of Cede & Co., the registration name for The Depository Trust Company, which acts as nominee for many United States brokerage firms. Common shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted or withheld at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholder meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their common shares are voted at the Meeting. The form of instrument of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the instrument of proxy provided directly to registered shareholders by the Company. However, its purpose is limited to instructing the registered shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc. ("**Broadridge**") in Canada. Broadridge typically prepares a machine-readable voting instruction form ("**VIF**"), mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the VIFs to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge VIF cannot use that form to vote common shares directly at the Meeting. The VIFs must be returned to Broadridge (or instructions respecting the voting of common shares must otherwise be communicated to Broadridge) well in advance of the Meeting in**

order to have the common shares voted. If you have any questions respecting the voting of common shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance.

The Notice of Meeting, Circular, Proxy and VIF, as applicable, are being provided to both registered shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories - those who object to their identity being known to the issuers of securities which they own (“**OBOs**”) and those who do not object to their identity being made known to the issuers of the securities which they own (“**NOBOs**”). Subject to the provisions of National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”), issuers may request and obtain a list of their NOBOs from intermediaries directly or via their transfer agent and may obtain and use the NOBO list for the distribution of proxy-related materials directly (not via Broadridge) to such NOBOs. If you are a Beneficial Shareholder and the Company or its agent has sent these materials directly to you, your name, address and information about your holdings of common shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the common shares on your behalf.

The Company has distributed copies of the Notice of Meeting, Circular and VIF to intermediaries for distribution to NOBOs. Unless you have waived your right to receive the Notice of Meeting, Circular and VIF, intermediaries are required to deliver them to you as a NOBO of the Company and to seek your instructions on how to vote your common shares.

The Company’s OBOs can expect to be contacted by Broadridge or their brokers or their broker’s agents as set out above. The Company does not intend to pay for intermediaries to deliver the Notice of Meeting, Circular and VIF to OBOs and accordingly, if the OBO’s intermediary does not assume the costs of delivery of those documents in the event that the OBO wishes to receive them, the OBO may not receive the documentation.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting common shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the common shares in that capacity. NI 54-101 allows a Beneficial Shareholder who is a NOBO to submit to the Company or an applicable intermediary any document in writing that requests that the NOBO or a nominee of the NOBO be appointed as proxyholder. If such a request is received, the Company or an intermediary, as applicable, must arrange, without expenses to the NOBO, to appoint such NOBO or its nominee as a proxyholder and to deposit that proxy within the time specified in this Circular, provided that the Company or the intermediary receives such written instructions from the NOBO at least one business day prior to the time by which proxies are to be submitted at the Meeting, with the result that such a written request must be received by 11:00 a.m. (Vancouver time) on the day which is at least three business days prior to the Meeting. **A Beneficial Shareholder who wishes to attend the Meeting and to vote their common shares as proxyholder for the registered shareholder, should enter their own name in the blank space on the VIF or such other document in writing that requests that the NOBO or a nominee of the NOBO be appointed as proxyholder and return the same to their broker (or the broker’s agent) in accordance with the instructions provided by such broker.**

All references to shareholders in the Notice of Meeting, Circular and the accompanying Proxy are to registered shareholders of the Company as set forth on the list of registered shareholders of the Company as maintained by the registrar and transfer agent of the Company, Odyssey, unless specifically stated otherwise.

The Company entered into a management services agreement dated April 1st, 2022 (the “**Cronin Agreement**”) with Cronin Services Ltd (“**Cronin**”), a British Columbia company controlled by Kyler Hardy, President and CEO of the Company, pursuant to which it has secured the services of Cronin to provide the services of Chief Financial Officer and technical services to the Company. The Cronin Agreement commenced on April 1, 2022 and continues for a period of six months with automatic six-month renewals unless and until terminated by either party in accordance with the provisions of the Cronin Agreement. The Cronin Agreement may be terminated by Cronin by giving two months' notice or the

Company, without cause, by giving 60 days' notice and equivalent pay to Cronin, unless a shorter notice period is agreed to by both parties.

Stock Option Plans and other incentive plans

The Company has in effect a 10% rolling stock option plan (the “**Stock Option Plan**”) approved by the directors of the Company on August 6, 2021. The following information is intended as a brief description of the Stock Option Plan and is qualified in its entirety by the full text of the Stock Option Plan, which will be available for review at the Meeting.

1. The maximum aggregate number of shares that may be issued upon the exercise of stock options granted under the Stock Option Plan shall not exceed 10% of the issued and outstanding share capital of the Company, the exercise price of which, as determined by the Board in its sole discretion, shall not be less than the last closing price of the Company's shares traded through the facilities of the Canadian Securities Exchange (the “**Exchange**”) prior to the option grant, or such other price as may be required or permitted by the Exchange, or if the shares are no longer listed for trading on the Exchange, then such other exchange or quotation system on which the shares are listed or quoted for trading.
2. The Board shall not grant options to any one person in any 12-month period which will, when exercised, exceed 5% of the issued and outstanding shares of the Company (unless the Company has obtained disinterested shareholder approval) or to any one consultant or to those persons employed by the Company who perform investor relations services which will, when exercised, exceed 2% of the issued and outstanding shares of the Company.
3. Upon expiry of an option, or in the event an option is otherwise terminated for any reason, the number of shares in respect of the expired or terminated option shall again be available for the purposes of the Stock Option Plan. All options granted under the Stock Option Plan may not have an expiry date exceeding ten years from the date on which the Board grants and announces the granting of the option.
4. If the option holder ceases to be a director, officer, employee or consultant of the Company (other than by reason of death) then the option granted shall expire on a date stipulated by the Board at the time of grant and, in any event, must terminate within 90 days after the date on which the option holder ceases to be a director, officer, employee or consultant, subject to the terms and conditions set out in the Stock Option Plan.

The Board retains the discretion to impose vesting periods on any options granted. Stock options granted to consultants performing investor relations services must vest in stages over a minimum of 12 months with no more than one-quarter of the stock options vesting in any three-month period.

Employment, consulting and management agreements

Other than as disclosed elsewhere in this Circular, the Company has not entered into any other contract, agreement, plan or arrangement that provides for payments to a NEO or a director at, following or in connection with any termination (whether voluntary, involuntary or constructive), resignation, retirement a change in control of the Company or a change in an NEOs or directors' responsibilities.

Oversight and description of director and named executive officer compensation

The Board of Directors (the “**Board**”) does not have in place a compensation committee. All tasks relating to the development and assessment of the compensation paid to both the NEOs and directors is performed

by members of the Board. Compensation is reviewed on an annual basis. The Company's compensation program is designed to provide competitive levels of compensation, a significant portion of which is dependent upon individual and corporate performance and contribution to increasing shareholder value. The Board recognizes the need to provide a total compensation package that will attract and retain qualified and experienced executives as well as align the compensation level of each executive to that executive's level of responsibility.

The objectives and reasons for this system of compensation are generally to allow the Company to remain competitive compared to its peers in attracting and retaining experienced personnel. In general, a NEO's compensation is comprised of salary, wages or contractor payments and stock option grants.

Salary, wages or contractor payments for each NEO are based on the position held, the related responsibilities and functions performed by the NEO and salary ranges paid to executives at similar companies.

Stock option grants are designed to reward the NEOs for success on a similar basis as the shareholders of the Company, but these rewards are highly dependent upon the volatile stock market, much of which is beyond the control of the NEOs. When new options are granted, the Board takes into account the previous grants of options, the number of stock options currently held, position, overall individual performance, anticipated contribution to the Company's future success and the individual's ability to influence corporate and business performance. The purpose of granting such stock options is to assist the Company in compensating, attracting, retaining and motivating the officers, directors and employees of the Company and to closely align the personal interest of such persons to the interest of the shareholders.

The exercise price of the stock options granted is generally determined by the market price at the time of grant, less any allowable discount.

At this time the Board has not established any performance criteria or goals

There were no significant changes to the Company's compensation policies during or after the most recently completed financial year that could or would have affected the Named Executive Officers compensation.

Pension Disclosure

The Company does not have a pension plan that provides for payments or benefits to the NEOs or directors at, following, or in connection with retirement.

Audit Committee Charter

The text of the Audit Committee's charter is attached as Schedule "A" to this Circular.

Composition of Audit Committee and Independence

The Company's current Audit Committee consists of David Robinson (Chairman), Farzad Forooghian and Samuel "Kyler" Hardy.

National Instrument 52-110 - *Audit Committees* ("NI 52-110") provides that a member of an audit committee is "independent" if the member has no direct or indirect material relationship with the Company, which could, in the view of the Company's Board, reasonably interfere with the exercise of the member's independent judgment. Of the Company's current Audit Committee members, Messrs. Robinson and Forooghian are "independent" within the meaning of NI 52-110. Mr. Hardy is not "independent" as he is also the CEO of the Company.

NI 52-110 provides that an individual is "financially literate" if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company's financial statements. All of the members of the Audit Committee are "financially literate" as that term is defined. The following sets out the Audit Committee members' education and experience that is relevant to the performance of his responsibilities as an audit committee member.

Relevant Education and Experience

David Robinson – Mr. Robinson is a CPA and has over ten years of accounting and capital markets experience. He has provided audit, tax and consulting services to private and public companies for a number of years at MNP LLP before moving to the Telus Pension Fund as a senior analyst, where he gained significant exposure to equity portfolio management and commercial lending. Mr. Robinson is currently the group CFO and a partner in Cronin Group, a natural resource focused merchant bank based in Vancouver, British Columbia.

Farzad Forooghian – Mr. Forooghian is a corporate and securities lawyer with extensive experience in advising public companies. He founded Forooghian + Company Law Corporation in 2016. Previously, Mr. Forooghian was a partner at McCullough O'Connor Irwin LLP (now Bennett Jones LLP) and prior to that he was a partner at McMillan LLP. Mr. Forooghian obtained his Bachelor of Commerce degree (with great distinction) from McGill University in 2001 with concentrations in finance and accounting and obtained his Bachelor of Law degree from the University of British Columbia in 2006. He has completed Level 1 of the Chartered Financial Analyst program and earned a Certificate in Mining Law from Osgoode Hall Law School of York University.

Samuel "Kyler" Hardy - Mr. Hardy is a natural resources focused entrepreneur, who has been involved in the sector for over fourteen years with both private and public businesses. During his career he has gained a wide array of experience including diamond driller, project manager, exploration service contractor, business consultant, public company management and private equity investor. He has built businesses from early stage start-ups to advanced operating companies in several sectors. He was a founder and former chief executive officer of a large geosciences and logistics management business specializing in grassroots to brownfields exploration and development. Mr. Hardy is experienced in project generation, exploration management, logistics, raising capital, corporate development and developing strategic alliances and partnerships.

Mr. Hardy has been involved in numerous enterprises which publicly report financial results, which requires a working understanding of, and ability to analyze and assess, financial information (including financial statements). He has over seven years of experience as a director and/or senior officer of public companies, including experience in reviewing and understanding financial statements.

Exemption in Section 6.1

The Company is a “venture issuer” as defined in NI 52-110 and is relying on the exemption in section 6.1 of NI 52-110 relating to Parts 3 (*Composition of Audit Committee*) and 5 (*Reporting Obligations*).

CORPORATE GOVERNANCE DISCLOSURE

National Instrument 58-101 - *Disclosure of Corporate Governance Practices*, requires all reporting issuers to provide certain annual disclosure of their corporate governance practices with respect to the corporate governance guidelines (the “**Guidelines**”) adopted in National Policy 58-201. These Guidelines are not prescriptive, but have been used by the Company in adopting its corporate governance practices. The Board and Management consider good corporate governance to be an integral part of the effective and efficient operation of Canadian corporations. The Company’s approach to corporate governance is set out below.

Board of Directors

Management is nominating three individuals to the Board, all of whom are current directors of the Company.

The Guidelines suggest that the board of directors of every reporting issuer should be constituted with a majority of individuals who qualify as “independent” directors under NI 52-110, which provides that a director is independent if he or she has no direct or indirect “material relationship” with the Company. The “material relationship” is defined as a relationship which could, in the view of the Company’s Board, reasonably interfere with the exercise of a director’s independent judgement. All of the current members of the Board are considered “independent” within the meaning of NI 52-110, except for Mr. Hardy, who is the CEO of the Company.

The Board has a stewardship responsibility to supervise the management of and oversee the conduct of the business of the Company, provide leadership and direction to Management, evaluate Management, set policies appropriate for the business of the Company and approve corporate strategies and goals. The day-to-day management of the business and affairs of the Company is delegated by the Board to the CEO and the President. The Board will give direction and guidance through the President to Management and will keep Management informed of its evaluation of the senior officers in achieving and complying with goals and policies established by the Board.

The Board recommends nominees to the shareholders for election as directors, and immediately following each annual general meeting appoints an Audit Committee and the chairperson of the Audit Committee. The Board establishes and periodically reviews and updates the committee mandates, duties and responsibilities of each committee, elects a chairperson of the Board and establishes his or her duties and responsibilities, appoints the CEO, CFO and President of the Company and establishes the duties and responsibilities of those positions and on the recommendation of the CEO, appoints the senior officers of the Company and approves the senior management structure of the Company.

The Board exercises its independent supervision over management by its policies that (a) periodic meetings of the Board be held to obtain an update on significant corporate activities and plans; and (b) all material transactions of the Company are subject to prior approval of the Board. The Board shall meet not less than three times during each year and will endeavour to hold at least one meeting in each fiscal quarter. The Board will also meet at any other time at the call of the President, or subject to the Articles of the Company, of any director.

The mandate of the Board, as prescribed by the *Business Corporations Act* (British Columbia) (the “Act”), is to manage or supervise management of the business and affairs of the Company and to act with a view to the best interests of the Company. In doing so, the Board oversees the management of the Company’s affairs directly and through its committees.

The following directors of the Company are also directors of other reporting issuers as stated:

Orientation and Continuing Education

The Board’s practice is to recruit for the Board only persons with extensive experience in the mining and mining exploration business and in public company matters. Prospective new board members are provided a reasonably detailed level of background information, verbal and documentary, on the Company’s affairs and plans prior to obtaining their consent to act as a director.

The Board provides training courses to the directors as needed, to ensure that the Board is complying with current legislative and business requirements.

Ethical Business Conduct

The Board has not adopted specific guidelines. To ensure that an ethical business culture is maintained and promoted, directors are encouraged to exercise their independent judgment. If a director has a material interest in any transaction or agreement that the Company proposes to enter into, such director is expected

to disclose such interest to the Board in compliance with all applicable laws, rules and policies which govern conflicts of interest in connection with such transaction or agreement. Further, any director who has a material interest in any transaction or agreement will be excluded from the portion of a board of directors' meeting concerning such matters and will be further precluded from voting on such matters.

Nomination of Directors

The Board is responsible for the identification and assessment of potential directors. While no formal nomination procedure is in place to identify new candidates, the Board reviews the experience and performance of nominees for the election to the Board, and in particular, any appointments to the Audit Committee. The Board also assesses whether any potential conflicts, independence or time commitment concerns regarding a candidate may present.

Compensation

Other than as disclosed under the heading "Executive Compensation", no compensation other than the grant of Stock Options is paid to the Company's directors, in such capacity.

Other Board Committees

The Board has no standing committees other than the Audit Committee.

Assessments

The Board annually reviews its own performance and effectiveness as well as the effectiveness and performance of its committees. Effectiveness is subjectively measured by comparing actual corporate results with stated objectives. The contributions of individual directors are informally monitored by other Board members, bearing in mind the business strengths of the individual and the purpose of originally nominating the individual to the Board.

The Board monitors the adequacy of information given to directors, communication between Board and Management and the strategic direction and processes of the Board and its committees.

The Board believes its corporate governance practices are appropriate and effective for the Company, given its size and operations. The Company's corporate governance practices allow the Company to operate efficiently, with checks and balances that control and monitor Management and corporate functions without excessive administration burden.
