#### Second Quarter 2024 Financial Highlights vs. Year-Ago Quarter

- Revenue increased 49% to \$7.2 million compared to \$4.8 million. The second quarter of 2024 included approximately \$1.2 million in revenue from the Company's Mary Jones business compared to approximately \$400,000 in the second quarter of 2023.
- Gross profit as a percentage of revenue increased 340 basis points to 35.8% compared to 32.4%.
- Net loss was \$1.6 million, or \$(0.02) per share, compared to a net loss of \$1.0 million, or \$(0.01) per share.
- Adjusted EBITDA<sup>1</sup> was \$(1.1) million compared to \$(0.7) million.

#### **2024 Activity Update**

#### **Jones Soda Beverage Products**

- First national craft soda brand to launch 7.5-ounce cans with Jones Minis, initially featured in 700 Walmart stores across the U.S.
- Launched special release Spiked Jones variety packs celebrating the Fourth of July with co-branded red, white and blue packs.
- Launched Jones+, the Company's craft soda with caffeine, in camo cans through a partnership with Fold of Honor.

#### **Mary Jones Products**

• Launched Mary Jones HD-9 Shooters, which combines two ounces of Jones' favorite flavors with 10mg of HD-9 as the Company continues to expand into new product categories.

#### **Management Commentary**

"As we continue our transition to a high-growth beverage company, I believe our momentum is building," said David Knight, President and CEO of Jones Soda. "I'm pleased to report another consecutive quarter of exceptional revenue growth of 49% compared to the same quarter last year and healthy gross margin expansion of 340 basis points. We have been investing heavily into research and development, retail engagement, and marketing efforts to continue supporting our product expansion initiatives. As a high-growth beverage company, we believe it remains vital for our Company to stay on top of emerging consumer trends and react accordingly. While this increased costs for the quarter, we are investing in initiatives that we believe will result in future revenue growth and remain committed to delivering profitable results over the long-term.

"I am incredibly excited about the anticipated growth opportunities we have in store for the remainder of 2024 and beyond. Within our Jones Soda Beverage Products division, we've made progress diversifying our offerings through new formats, new branding, and new categories. All this combined has already driven strong results, and we believe

<sup>&</sup>lt;sup>1</sup> Adjusted EBITDA is defined as net income (loss) from operations before interest expense, interest income, taxes, depreciation, amortization and stock-based compensation and is a non-GAAP measure (reconciliation provided below).

we are only just getting started. In fact, over the next few months, we are expected to launch Pop Jones, a soda alternative focused on gut health, and Fiesta Jones, a lower-calorie, Latin-inspired soda alternative. We've also seen strong growth within our Mary Jones Products division as we continue launching into new categories and make progress towards our planned geographic expansion.

"Overall, I believe we are executing towards our long-term strategic goals for Jones Soda. We remain highly focused on unlocking the full potential of the Jones Soda brand and delivering profitable growth, which we believe will produce significant shareholder value accretion over the long term. We've made great strides as an organization to get us to this point, but there is much work ahead to capitalize on all the opportunities at hand. We look forward to continuing on our growth trajectory for the remainder of the year and beyond."

#### **Second Quarter 2024 Financial Results**

Revenue in the second quarter of 2024 increased 49% to \$7.2 million compared to \$4.8 million in the prior year period. The improvement in revenue was primarily attributable to increased sales for the Company's Nuka cola product, expanded regional accounts for the core soda product, and continued growth in Mary Jones-branded products.

The Company reported growth across all its lines of business. Jones Soda Beverage Products are up approximately 35% as the Company successfully transitioned back from 4-packs to single bottles and launched mini-cans. The Company doubled its sales revenues to food service venders to \$531,000, which was one of its growth priorities. The Company's cannabis brand, Mary Jones, generated approximately \$1.2 million in revenue in the second quarter of 2024 compared to approximately \$600,000 in revenue in the first quarter of 2024 and approximately \$400,000 revenue in the second quarter of 2023.

Gross profit as a percentage of revenue increased 340 basis points to 35.8% for the second quarter of 2024 compared to 32.4% in the year-ago period. This increase was primarily driven by growth in the sales of higher-margin Mary Jones products and by continued pricing adjustments, especially in Canada as the Company has moved to DOT Foods as its primary distributor.

Total operating expenses in the second quarter of 2024 were \$4.2 million, or 58.2% of revenue, compared to \$2.6 million, or 53.8% of revenue, in the year-ago period primarily as a result of an increase in investments focused on product innovation, brand refresh, along with increased marketing efforts including initiatives with action sports such as our partnership with Thrill One, to support the Company's product expansion. Additionally, the Company did incur a higher amount of legal expenditures related to its Mary Jones business than it did one year ago.

Net loss for the second quarter of 2024 was \$1.6 million, or \$(0.02) per share, compared to a net loss of \$1.0 million, or \$(0.01) per share, in the second quarter of 2023. The increase in net loss was primarily attributable to the aforementioned increase in total operating expenses to support the Company's growth plans.

Adjusted EBITDA<sup>1</sup> was \$(1.1) million in the second quarter of 2024 compared to \$(0.7) million in the second quarter of 2023.

At June 30, 2024, cash and cash equivalents totaled \$1.5 million compared to \$3.9 million at December 31, 2023. Subsequent to June 30, 2024, the Company closed private placement offering of securities and received net proceeds of approximately \$3.2 million to further support the Company's growth initiatives and strengthen the balance sheet.

#### Presentation of Non-GAAP Information

This press release contains disclosure of the Company's Adjusted EBITDA which is not a United States Generally Accepted Accounting Principle ("GAAP") financial measure. The difference between Adjusted EBITDA (a non-GAAP measure) and Net Loss (the most comparable GAAP financial measure) is the exclusion of interest expense and income, income tax expense, depreciation and amortization expense and stock-based compensation. We have included a reconciliation of Adjusted EBITDA to Net Loss under "Jones Soda Co. Non-GAAP Reconciliation" at the end of this press release. This non-GAAP measure should be considered in addition to results prepared in accordance with GAAP, but should not be considered a substitute for or superior to GAAP. Adjusted EBITDA has certain limitations in that it does not take into account the impact of certain expenses to our consolidated statements of operations. In addition, because Adjusted EBITDA may not be calculated identically by all companies, the presentation here may not be comparable to other similarly titled measures of other companies. We believe that Adjusted EBITDA provides useful information to investors about the Company's results attributable to operations, in particular by eliminating the impact of non-cash charges related to stock-based compensation, amortization and depreciation that is consistent with the manner in which management evaluates the Company's performance. These adjustments to the Company's GAAP results are made with the intent of providing a more complete understanding of the Company's underlying operational results and provide supplemental information regarding the Company's current ability to generate cash flow. Adjusted EBITDA is not intended to be considered in isolation or as a replacement for, or superior to Net Loss as an indicator of the Company's operating performance,

or cash flow, as a measure of its liquidity. Adjusted EBITDA should be reviewed in conjunction with Net Loss as calculated in accordance with GAAP.
