

PANGEA APPOINTS JORDAN MELVILLE TO ADVISORY ROLE

VANCOUVER, BC, Feb. 28, 2023 /CNW/ -- **Pangea Natural Foods Inc.** (CSE: PNGA) (OTCQB: PNGAF) ("**Pangea**" or the "**Company**"), a natural food company, is pleased to announce the engagement of Jordan Melville to provide franchising and food-related consulting and advisory services.

Melville's engagement is the second new hire that the Company has made this year, following the appointment of Daryl Louie as Pangea's Chief Marketing Officer earlier this year.

"As we grow and mature as a publicly listed company, we are committed to strengthening our team. We are excited to expand our team by bringing on Jordan," says Pratap Sandhu, the Company's Chief Executive Officer. "Last year we reached many milestones, including the introduction of four new product lines and the launch of Pangea products in over 250 retail outlets. We are looking forward to having Jordan join us and help support our growth plans in order to reach our 2023 goals."

Melville is joining the Company with decades of experience in food manufacturing, distribution and franchising. Previously, he worked with the executive team at the Boston Pizza franchise, providing strategic direction and leading the opening of over 400 locations across North America. Melville is also the Founder of Brandlive Management Group, an award-winning Vancouver based event production company.

Melville will support Sandhu and Pangea's executive leadership team in seeking to achieve the Company's goals of optimizing its supply chain, improving its manufacturing processes, and providing strategic direction on its distribution.

Forward-Looking Information

Certain statements contained in this news release constitute "forward-looking information" as such term is used in applicable Canadian securities laws, including statements relating to: the Company's plans to expand distribution of its products throughout North America, including growth in its market and retailer position; and expected improvements in the Company's supply chain and manufacturing processes. Generally, forward-looking statements and information can be identified by the use of forward-looking terminology such as "intends," "anticipates," "it is expected," or variations of such words and phrases, or statements that certain actions, events or results "may," "could," "should," or "would" occur.

Forward-looking information is based on plans, expectations and estimates of management at the date the information is provided and is subject to certain factors and assumptions. In making the forward-looking statements included in this news release, the Company has applied several material assumptions, including, but not limited to, assumptions that: the Company's financial condition and development plans do

not change; the Company will be able to widen the distribution of its products in North America and grow its market and retailer position; the Company will improve its supply chain and manufacturing processes; and the Company's business will grow. Forward-looking information is subject to a variety of risks and uncertainties and other factors that could cause plans, estimates and actual results to vary materially from those projected in such forward-looking information. Factors that could cause the forward-looking information in this news release to change or to be inaccurate include, but are not limited to: market conditions and volatility and global economic conditions; risks relating to the extent and duration of the COVID-19 pandemic and its impact on global markets; risk of changes in the Company's financial condition and development plans; the risk that the Company will not be able to expand its distribution network or grow its market or retailer position; the risk that the Company's supply chain and manufacturing processes will not improve as anticipated; the possibility that the growth of the global organic food and beverage market will not be consistent with the Company's expectations, as well as the other risks and uncertainties applicable to the Company as set forth in the Company's continuous disclosure filings filed under the Company's profile at www.sedar.com.

Although management of the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking statements or forward-looking information, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements and forward-looking information. Readers are cautioned that reliance on such information may not be appropriate for other purposes. The Company does not intend, and does not assume any obligation, to update these forward-looking statements or information to reflect changes in assumptions or changes in circumstances or any other events affecting such statements and information other than as required by applicable laws, rules and regulations. We seek safe harbor.
