

## Management Discussion and Analysis

### GREAT EAGLE GOLD CORP. (formerly MIZA II RESOURCES INC.)

For the period six months ended December 31, 2023

The Management Discussion and Analysis (“MD&A”), prepared February 27, 2024 should be read in conjunction with the audited financial statements and notes thereto for the period ended December 31, 2023 and 2022 of Great Eagle Gold Corp. (formerly Miza II Resources Inc. (“Great Eagle” or the “Company”)), which were prepared in accordance with International Financial Reporting Standards (“IFRS”). All dollar amounts referred to in this MD&A are expressed in Canadian dollars, unless otherwise noted. Readers are cautioned that this MD&A contains certain forward-looking information. Please see the "Forward Looking Statements" section below for a discussion of the use of such information in this MD&A.

#### FORWARD-LOOKING STATEMENTS

Certain statements contained in this MD&A constitute “forward-looking statements” within the meaning of Canadian securities laws. Forward-looking statements reflect the Company's current views with respect to future events, are based on information currently available to the Company and are subject to certain risks, uncertainties, and assumptions, including those discussed above.

Forward-looking statements include, but are not limited to, statements with respect to the success of mining exploration work, title disputes or claims, environmental risks, unanticipated reclamation expenses, the estimation of mineral reserves and resources and capital expenditures. In certain cases, forward-looking statements can be identified by the use of words such as “intends”, “plans”, “expects” or “does not expect”, “is expected”, “budget”, “scheduled”, “estimates”, “forecasts”, “anticipates” or “does not anticipate”, or “believes”, or variations of such words and phrases or state that certain actions, events or results “may”, “could”, “would”, “might” or “will be taken”, “occur” or “be achieved”.

Forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements to differ from those expressed or implied by the forward-looking statements. Such factors include, among others, risks related to international operations, fluctuation of currency exchange rates, actual results of current exploration activities, changes in project parameters as plans are refined over time, the future price of molybdenum and other precious or base metals, possible variations in mineral resources, grade or recovery rates, accidents, labour disputes and other risks of the mining industry, delays in obtaining, or inability to obtain, required governmental approvals or financing, as well as other factors discussed under “Risk Factors”.

Although the Company has attempted to identify material factors that could cause actual actions, events or results to differ materially from those described in forward- looking statements, there may be other factors that cause actions, events or results to differ from those anticipated, estimated or intended. Forward-looking statements contained in this Prospectus are made as of the date of this Prospectus. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements. The Company will update forward-looking statements in its management discussion and analysis as required.

**RESULT OF OPERATIONS**

During the period ended December 31, 2023, the Company recorded a loss of \$256,310 compared to a loss of \$28,534 in the same period last year. The change is due to an increase in accounting fees \$3,500 (2,022 - \$1,500) which was paid to related party, and professional fees \$31,949 (2022-5,417). In addition, the Company recorded a loss on acquisition of assets in the amount of \$136,627 related to the acquisition of Great Eagle Gold SAS

**CAPITAL MANAGEMENT**

Capital is comprised of the Company's shareholders' equity and any debt that it may issue. As of December 31, 2023, the Company's shareholders' equity was \$94,092. The Company defines its capital as shareholders' equity. The Company manages its capital structure and makes adjustments to it, based on the funds available to the Company, in order to support the acquisition and exploration and development of mineral properties. The Board of Directors do not establish quantitative return on capital criteria for management, but rather relies on the expertise of the Company's management to sustain future development of the business. The properties in which the Company currently has an interest are in the exploration stage. As such, the Company has historically relied on the equity markets to fund its activities. In addition, the Company is dependent upon external financing to fund activities. In order to carry out planned exploration and pay for administrative costs, the Company will need to raise additional funds. The Company will continue to assess new properties and seek to acquire an interest in additional properties if it feels there is sufficient geologic or economic potential and if it has adequate financial resources to do so. Management reviews its capital management approach on an ongoing basis and believes that this approach, given the relative size of the Company, is reasonable.

There were no changes in the Company's approach to capital management during the Year ended December 31, 2023.

**LIQUIDITY AND CAPITAL RESOURCES**

The Company's ability to continue on a going concern basis depends on its ability to successfully raise additional financing. Although the Company has been successful in the past in obtaining financing, there can be no assurance that it will be able to obtain adequate financing in the future or that the terms of such financing may be favorable.

**RELATED PARTY TRANSACTIONS**

During the period ended December 31, 2023, the Company incurred \$5,000 (2022 - \$3,000) in accounting fees to Nizar Bharmal Inc., a company owned by Nizar Bharmal, a director of the Company, and owed \$1,575 (2022 - \$1,575) to Nizar Bharmal Inc. included in accounts payable and accrued liabilities as at December 31, 2023.

During the period ended December 31, 2023, the Company incurred \$30,000 (2022 - \$31,000) in management fees and rent to A Dhalla Management Inc. owned by Azim Dhalla, a director of the Company, and owed \$Nil (2022 -\$10,500) to A. Dhalla Management Inc. included in accounts payable and accrued liabilities as at December 31, 2023.

All related party transactions are in the normal course of operations and have been measured at the agreed to amount, which is the amount of consideration established and agreed to by the related parties.

**OFF-BALANCE SHEET ARRANGEMENTS**

The Company has not entered into any off-balance sheet arrangements.

**COMMITMENTS**

On October 23, 2023, the Company closed the acquisition of Great Eagle Gold SAS, its new Colombian subsidiary ("GEGC SAS"), for nominal consideration.

**STOCK OPTIONS**

The Company has 2,625,000 stock options outstanding as of February 27, 2024. 2,175,000 stock options expire on January 23, 2029 and 4540,000 expire on February 7, 2029. All options have an exercise price of \$0.42 and vest immediately.

---

**Escrow Shares**

6,550,500 shares issued to the principals of the Company were subject to escrow conditions required by applicable securities laws and the CSE requirements. Pursuant to the terms of the escrow agreements, 10% of the escrowed shares, were released from escrow on the listing date (June 13, 2022) and the 15% of the remaining escrow shares to be released every six months thereafter. At December 31, 2023 there were 2,620,200 escrow shares outstanding.

**RISKS AND UNCERTAINTIES**

In conducting its business, the Company faces a number of risks and uncertainties related to the mineral exploration industry. Some of these risk factors include risks associated with land titles, exploration and development, government and environmental regulations, permits and licenses, competition, dependence on key personnel, the requirement and ability to raise additional capital through future financings.

**Title Risks**

Although the Company has exercised due diligence with respect to determining title to the properties in which it has a material interest, there is no guarantee that title to such properties will not be challenged or impugned. Third parties may have valid claims underlying portions of the Company's interests, and the permits or tenures may be subject to prior unregistered agreements or transfers, or native land claims and title may be affected by undetected defects. If a title defect exists, it is possible that the Company may lose all or part of its interest in the properties to which such defects relate.

**Exploration and Development**

Resource exploration and development is a highly speculative business, characterized by a number of significant risks including, among other things, unprofitable efforts resulting not only from the failure to discover mineral deposits but also from finding mineral deposits that, though present, are insufficient in quantity and quality to return a profit from production. Substantial expenses are required to establish reserves by drilling, sampling and other techniques and to design and construct mining and processing facilities. Whether a mineral deposit will be commercially viable depends on a number of factors, including the particular attributes of the deposit (i.e. size, grade, access and proximity to infrastructure), financing costs, the cyclical nature of commodity prices and government regulations (including those relating to prices, taxes, currency controls, royalties, land tenure, land use, importing and exporting of minerals, and environmental protection). The effect of these factors or a combination thereof cannot be accurately predicted but could have an adverse impact on the Company.

**Competition**

The mining industry is intensely competitive in all its phases, and the Company competes with other companies that have greater financial and technical resources. Competition could adversely affect the Company's ability to acquire suitable properties or prospects in the future.

**Dependence on Key Personnel**

The success of the Company is currently largely dependent on the performance of the directors and officers. There is no assurance that the Company will be able to maintain the services of the directors and officers, or other qualified personnel required to operate its business. The loss of the services of these persons could have a material adverse effect on the Company and the prospects.

**Future Financings**

The Company's continued operation will be dependent upon the ability to generate operating revenues and to procure additional financing. There can be no assurance that any such revenues can be generated or that other financing can be obtained on acceptable terms. Failure to obtain additional financing on a timely basis may cause the Company to postpone development plans, forfeit rights in some or all of the properties or joint ventures, or reduce or terminate some or all of the operations.

## MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL INFORMATION

The Company's financial statements and the other financial information included in this management report are the responsibility of the Company's management and have been examined and approved by the Board of Directors. The financial statements were prepared by management in accordance with generally accepted Canadian accounting principles and include certain amounts based on management's best estimates using careful judgment. The selection of accounting principles and methods is management's responsibility.

Management recognizes its responsibility for conducting the Company's affairs in a manner to comply with the requirements of applicable laws and established financial standards and principles, and for maintaining proper standards of conduct in its activities.

The Board of Directors supervises the financial statements and other financial information through its audit committee, which is comprised of a majority of non-management directors.

This committee's role is to examine the financial statements and recommend that the Board of Directors approve them, to examine the internal control and information protection systems and all other matters relating to the Company's accounting and finances. In order to do so, the audit committee meets annually with the external auditors, with or without the Company's management, to review their respective audit plans and discuss the results of their examination. This committee is responsible for recommending the appointment of the external auditors or the renewal of their engagement.
