About Great Eagle Gold.

Great Eagle Gold Corp. (CSE: GEGC | OTC: GEGCF | FRA: GI8), a Canadian public company also listed in the United States and Germany, is pioneering a revolutionary shift in digital mining, transforming how the global gold mining industry captures gold's intrinsic value. Great Eagle's strategy is distinct in its focus on the supply side of the NatGold ecosystem, acquiring NI 43-101 certified gold resources to be digitally mined into NatGold coins through a title swap process that aligns with NatGold Digital Ltd.'s stringent token integrity standards. Together, Great Eagle and NatGold Digital stand at the intersection of three powerful global investment trends: gold, ESG investing, and the tokenization of real-world assets.
