

# Ciscom Corp. Announces Private Placement Financing of up to \$800,000 and Lead Subscriptions by Management

Toronto, Ontario--(Newsfile Corp. - November 12, 2024) - Ciscom Corp. (CSE: CISC) (OTCQB: CISCF) ("**Ciscom**" or "the **Company**"), a company dedicated to investing in, acquiring, and managing businesses within the Information and Communication Technology ("**ICT**") sector, is pleased to announce that it intends to complete a non-brokered private placement financing of up to 10,000,000 units (each, a "**Unit**") at a price of \$0.08 per Unit, for total gross proceeds to the Company of up to \$800,000 (the "**Offering**"), pursuant to which members of the Company's management have committed to purchasing 5,375,000 Units in aggregate for aggregate gross proceeds to the Company of \$430,000 (the "**Management Subscriptions**").

Michel Pepin, President and CEO of Ciscom, stated, "*While Ciscom generates positive cash-flows from operations, as we focus on our M&A mandate, we are looking to raise additional capital to fund M&A activities. The financing is open to all current shareholders and to anyone else who qualifies to participate. Management's and board members' participation in the private placement is a clear statement about their commitment to the growth and potential of the Company. We are looking forward to positive developments in the coming weeks.*"

A subscription by Mr. Paul Gaynor, Chair of the Board of Directors of the Company, for 3,375,000 Units, a subscription by Mr. David Mathews, President of a subsidiary of the Company, for 937,500 Units, a subscription by Michel Pepin, President and Chief Executive Officer of the Company, for 937,500 Units, and a subscription by Angel Valov, a Director of the Company, for 125,000 Units, comprise the Management Subscriptions. The Management Subscriptions constitute a "related party transaction" within the meaning of Multilateral Instrument 61-101 -*Protection of Minority Security Holders in Special Transactions* ("**MI 61-101**"). The Company has relied on exemptions from the formal valuation and minority shareholder approval requirements of MI 61-101 contained in sections 5.5(a) and 5.7(1)(a) of MI 61-101 in respect of related party participation in the placement as neither the fair market value (as determined under MI 61-101) of the subject matter of, nor the fair market value of the consideration for, the transaction, insofar as it involved the related parties, exceeded 25% of the Company's market capitalization (as determined under MI 61-101).

Each Unit shall consist of one common share in the capital of the Company (a "**Share**") and one common share purchase warrant (a "**Warrant**"). Each Warrant shall entitle the holder to acquire one Share at a price of \$0.15 per Share for a period of 2 years from the issuance date of the Offering.

The net proceeds raised from the sale of the Units will be used to fund the Company's merger and acquisition activity and to repay up to \$500,000 of the Company's outstanding convertible debenture. Save for the convertible debenture, none of the proceeds of the financing shall be payable to non-arm's length parties.

The Company is conducting the Offering pursuant to, among other prospectus exemptions, the "existing security holder" exemption under OSC Rule 45-501 - *Ontario Prospectus and Registration Exemptions* and analogous provisions in all Provinces and Territories of Canada except Newfoundland and Labrador (the "**Existing Security Holder Exemption**"), as well as the "accredited investor" exemption under National Instrument 45-106 - *Prospectus and Registration Exemptions*.

Pursuant to the Existing Security Holder Exemption, the Offering is available to all shareholders of the Company who were shareholders as at November 8, 2024 (the "**Record Date**") and continue to be shareholders of the Company through closing of the Offering (each, an "**Existing Shareholder**"),

regardless of whether they otherwise qualify as "accredited investors". Any person who becomes a shareholder of the Company after the Record Date is not permitted to participate in the Offering using the Existing Security Holder Exemption, however other exemptions may still be available to them. Shareholders who became shareholders after the Record Date should consult their professional advisors when completing their subscription form to ensure that they use the correct exemption.

There are conditions and restrictions when relying upon the Existing Security Holder Exemption, namely, the subscriber must: a) be a shareholder of the Company on the Record Date (and remain a shareholder through closing of the Offering), b) be purchasing the Units as a principal, i.e. for their own account and not for any other party, and c) may not purchase more than \$15,000 value of securities from the Company in any twelve-month period. There is one exception to the Existing Security Holder Exemption's \$15,000 subscription limit: if an Existing Shareholder wishes to purchase more than \$15,000 of securities from the Company, it may do so provided it has first received 'suitability advice' from a registered investment dealer. In this case, the Existing Shareholder will be asked to confirm the registered investment dealer's identity and employer.

The Company intends to distribute a minimum of 31,250 Units for minimum aggregate gross proceeds of \$2,500, and a maximum of 4,625,000 Units for maximum aggregate gross proceeds of \$370,000, pursuant to the Existing Security Holder Exemption under the Offering. If the Offering is over-subscribed, it is possible that a shareholder's subscription may not be accepted by the Company even though it is received. Additionally, in the event of an imbalance of large subscriptions compared to smaller subscriptions pursuant to the Existing Security Holder Exemption, the management of the Company reserves the right to reduce, in its sole discretion, large subscriptions in favour of smaller shareholder subscriptions. There is a minimum subscription amount of \$2,500.

Completion of the Offering is subject to applicable regulatory approvals. All securities issued pursuant to the Offering will be subject to a four-month and one day hold period in accordance with applicable securities laws. The Offering is expected to close on or about December 12, 2024.

The Offering will be exempt from prospectus and registration requirements of applicable securities laws. The securities being offered have not been, nor will they be, registered under the United States Securities Act of 1933, as amended, and may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons absent registration or an applicable exemption from the registration requirements. This press release shall not constitute an offer to sell or the solicitation of an offer to buy securities of the Company in the United States, nor shall there be any sale of such securities in any State in which such offer, solicitation or sale would be unlawful.
