## SCHEDULE "A"

### STEADRIGHT APPOINTS EXPERIENCED VICE PRESIDENT OF EXPLORATION

*NOT FOR DISTRIBUTION TO UNITED STATES NEWS WIRE SERVICES OR FOR DISSEMINATION IN THE UNITED STATES*

**November 8<sup>th</sup>, 2022 – Muskoka, ONT.; Steadright Critical Minerals (CSE:SCM)**  
("Steadright" or the "Company") is pleased to announce that Mr. Robert Palkovits, P. Geo, has been appointed Vice President of Exploration, effective immediately.

Robert is a registered professional geologist with the PGO in Ontario. Robert graduated from Cambrian College in 1981 in geology and in 1982 in mining and followed that up with a B.Sc. Geology in 1987 from Laurentian University.

Robert worked in gold exploration prior to joining Vale in 1987. At Vale, he was employed for 30 years in roles that ranged from exploration to mine geology and to underground mine supervision. For the last 15 years at Vale, Robert worked as Chief Geologist in Sudbury at Creighton, North and Garson Mines, and in the Strategic Studies Group.

Robert is experienced with overseeing the management of geology staff, geological modelling, definition and exploration drilling programs and budgets, and the annual updating of mine plans and 43-101 technical reports. In the strategic studies group, Robert was responsible for overseeing geology, geotechnical and metallurgical study deliverables for projects in Manitoba, Sudbury, and Voiseys's Bay in Newfoundland.

Robert joined the RMS team as a Sr. Technical Specialist in 2019. following his retirement from Vale, supporting mine studies for tailings and backfill projects in Canada, the U.S., and Chile, and continues working in this capacity.

Mr. Palkovits will be a key member of the senior management team of Steadright and lead the company's technical, exploration and geology activities. Reporting to the Board as Vice President of Exploration, Robert will be responsible for planning and directing of the company's exploration activities and he will lead both the exploration due diligence and the geological technical assessment initiatives

"we are fortunate to have someone with Robert's senior geological experience involved in the early stages with Steadright. With proven exploration management experience, Robert will play a key role in the future growth and success of the company, along with providing technical direction and guidance," states John Morgan, CEO.
