Management's Discussion & Analysis

For the three month period ended June 30, 2024 and 2023

Dated August 29, 2024

Forward-Looking Statements

This Management's Discussion and Analysis ("**MD&A**") contains certain statements that may be deemed "forward-looking statements," within the meaning of certain securities laws. Forward-looking statements relate to management's expectations or beliefs about future performance, events, or circumstances that include, but are not limited to, reserve or resource potential, exploration and operational activities, and events or developments that the Company expects or targets. Forward-looking statements can usually be identified by words such as: "future", "plans", "scheduled", "expects", "intends", "estimates", "forecasts", "will", "may", "could", "would", and variations thereof. Although the Company believes that these statements are based on reasonable assumptions, all forward-looking statements involve known and unknown risks and uncertainties that may cause the actual performance, events, or circumstances of the Company to be materially different than anticipated. The forward-looking information in this MD&A describes the Company's expectations as of the date of this MD&A.

The results or events anticipated or predicted in such forward-looking information may differ materially from actual results or events. The Company and its operations are also subject to a large number of risks, including: the Company's liquidity and financing capability, fluctuations in gold prices, market conditions, results of current exploration activities, the possibility of a labor stoppage or shortage, delays in obtaining government permits and approvals and such other risks as discussed herein and in other publicly filed disclosure documents. Although the Company has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in such forward-looking statements, there may be other factors that cause performance, events, or circumstances to differ materially from those described in forward-looking statements. There can be no assurance that forward-looking statements will prove to be accurate. Accordingly, readers should not try to place undue reliance on forward-looking statements contained in this MD&A.

The Company cautions that the foregoing list of material factors is not exhaustive. When relying on the Company's forward-looking information to make decisions, investors and others should carefully consider the foregoing factors and other uncertainties and potential events. The Company has assumed a certain progression, which may not be realized. It has also been assumed that the material factors referred to in the previous paragraph will not cause such forward-looking information to differ materially from actual results or events. However, the list of these factors is not exhaustive and is subject to change and there can be no assurance that such assumptions will reflect the actual outcome of such items or factors.

Forward-looking statements are based on management's current plans, estimates, projections, beliefs, and opinions and Steadright does not undertake any obligation to update forward-looking statements should the assumptions related to these plans, estimates, projections, beliefs and opinions change, except as required by law.

Management's Discussion and Analysis For the three month period ended June 30, 2024 and 2023 (in Canadian dollars unless otherwise noted)	
---	--

The financial statements have been prepared on a going concern basis. The going concern basis assumes that the Company will continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities and commitments in the normal course of business. The Company incurred a net loss during the three month period ended June 30, 2023 of \$590,497 and an accumulated deficit of \$1,756,735.

The Company's ability to continue as a going concern is dependent upon attaining profitable operations, and, if required, the ability to raise funds through public equity financings to meet expenditure commitments. There is no assurance that these activities will be successful. The combination of the circumstances set out above represents a material uncertainty which may cast significant doubt upon the Company's ability to continue as a going concern. However, the Company is confident that it will have adequate resources to continue in operational existence for the foreseeable future. For this reason, the Company continues to adopt the going concern basis in preparing its financial statements. These financial statements do not reflect the adjustments to the carrying values of assets and liabilities, the reported revenues and expenses, and the balance sheet classifications used that would be necessary if the going concern assumptions were not appropriate. These adjustments would be material to the financial statements.

TRANSACTIONS WITH RELATED PARTIES

Compensation of Key Management Personnel of the Company

Key management personnel, including companies controlled by them, are those persons having authority and responsibility for planning, directing and controlling the activities of the Company directly or indirectly, including any directors (executive and non-executive) of the Company.

The remuneration of directors and key executives is determined by the compensation committee.

The remuneration of directors and other members of key management personnel during the three month period ended June 30, 2024 and 2023 as follows:

	June 30, 2024	June 30, 2023
Short term employee benefits, director fees	\$ 23,250	\$ 41,359
	\$ 23,250	\$ 41,359

As at June 30, 2024, an amount of \$63,244 (March 31, 2024 - \$87,138) due to key management personnel, was included in accounts payable and accrued liabilities. This amount is unsecured, non-interest bearing and without fixed terms of repayment

Off-Balance Sheet Arrangements

The Company has no off-balance sheet arrangements.

Financial Instruments and Other Instruments

The Company's financial instruments consist of cash and cash equivalents, and accounts payable and accrued liabilities. It is management's opinion that the Company is not exposed to significant interest, currency or credit risks arising from these financial instruments and that the fair values of these financial instruments approximate their carrying values.

Management's Discussion and Analysis For the three month period ended June 30, 2024 and 2023 (in Canadian dollars unless otherwise noted)

Dividends

The Company has neither declared nor paid any dividends on its common shares. The Company intends to retain its earnings, if any, to finance growth and expand its operation and does not anticipate paying any dividends on its common shares in the foreseeable future.

RISK FACTORS

The Company's Board of Directors has overall responsibility for the oversight of the Company's risk management policies. In carrying on its business, the Company is exposed to a variety of risks, including the risks described elsewhere in this MD&A. The Company can neither predict nor identify all such risks nor can it accurately predict the impact, if any, of such risks on its business, operations or the extent to which one or more risks or events may materially change future results of financial position from those reported or projected in any forward looking statements. Accordingly, the Company cautions the reader not to rely on reported financial information and forward-looking statements to predict actual future results. The Company has policies and practices mandated by the Board of Directors to manage the Company's risks which include the risks described elsewhere in this MD&A and below.

The Company's business, being the acquisition, exploration, and development of mineral properties in Canada, is speculative and involves a high degree of risk. The risk factors listed on the annual report could materially affect the Company's financial condition and/or future operating results, and could cause actual events to differ materially from those described in forward-looking statements made by or relating to the Company.

FINANCIAL INSTRUMENTS AND OTHER INSTRUMENTS

Financial assets and financial liabilities as at June 30, 2024 and March 31, 2024:

	Assets at fair value through profit of loss	Amortized cost	Other financial liabilities	Total
As at June 30, 2024				
Cash	\$ -	\$ 74,831	\$ -	\$ 74,831
Assets held for sale	60,500	-		60,500
Accounts payable and accrued liabilities			146,997	146,997
As at March 31, 2024				
Cash	\$ -	\$ 18,745	\$ -	\$ 18,745
Accounts payable and accrued liabilities	-	-	186,176	186,176

The Company classifies financial instruments in accordance with a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2 Quoted prices in markets that are not active, or inputs that are observable, either directly or indirectly, for substantially the full term of the asset or liability;
- Level 3 Prices or valuation techniques that require inputs that are both significant to the fair value

measurement and unobservable (supported by little or no market activity).

The carrying value of cash, and accounts payable and accrued liabilities approximate fair value because of the limited terms of these instruments.

SUBSEQUENT EVENTS

On July 12, 2024, the Company acquired 100% undivided interest in the Trout Lake Silica Claims ("Claims Acquisition"). As consideration for the Claims Acquisition, the Company issued the Vendors an aggregate of 6,500,000 common shares in the capital of the Company at a deemed price of \$0.05 per share.

In July of 2024, the Company sold all the shares of Critical Foundation Metals Inc. at \$0.01 per share
