

## Moss introduces Diet and Vitamin Reports

VANCOUVER, British Columbia, Canada – June 16, 2023 - Moss Genomics Inc. ("**Moss**" or the "**Company**") (CSE: MOSS), a consumer genomics and gut microbiome company based in Vancouver, British Columbia announces the introduction of its diet and vitamin reports (the "**Reports**") which can be ordered directly to your home via our online platform.

Up to 80 million genetic variants are analyzed to provide the most insightful information concerning dietary needs and vitamin deficiencies. Our diet reports provide information about celiac, alcohol sensitivity, sweet tooth, caffeine related anxiety, hunger, food allergies, response to carbohydrates, bitter taste sensitivity and lactose intolerance. Our Reports highlight micronutrient deficiencies and requirements such as Riboflavin, MTHFR (folate), Vitamin B12, Vitamin C, Vitamin D and Iron. These Reports give customers the opportunity to further explore and understand their genetic data. Moss customers can enjoy a comprehensive suite of genetic reports available in our online shop.

"Moss' goal is to empower customers with the tools to understand their own biology and environmental factors which influence their health. The customer is presented with an action plan to meet their physical and mental health goals," said Karl Cahill, CEO of the Company.

"Our new diet and vitamin reports give customers 16 different reports based on their genetic information with up to 80 million genetic variants being analyzed."

Moss has created an online healthcare and technology platform integrating labs, services, and products in a shared economy. Moss provides comprehensive and affordable, at-home genetic and microbiome testing paired with personalized wellness reports and offerings to promote total gut, mind, and body health. The Company's services include health reports, personalized food and nutrition recommendations, and a social media platform that allows customers to form communities based on their specific health needs. The Company's current and anticipated products can be found in the "Shop" section of its [website](#).

For further information concerning Moss and its business, please view the Company's long form prospectus dated December 13, 2022 (the "**Prospectus**") and CSE listing statement dated January 16, 2023 (the "**Listing Statement**") supporting Moss's listing on the CSE, as well as the Company's website at [www.mossgenomics.com](http://www.mossgenomics.com). Copies of the Prospectus and Listing Statement are available on the Company's SEDAR profile at [www.sedar.com](http://www.sedar.com).
