

SCOPE ENGAGES INVESTOR RELATIONS FIRM MAYNARD COMMUNICATIONS LIMITED

Vancouver, British Columbia– October 28, 2022 — **Scope Carbon Corp. (CSE: SCPE)** (“**Scope**” or the “**Company**”) is pleased to announce that it has today entered into an agreement with Maynard Communications Limited (“**Maynard**”), an investor relations firm. Maynard has been appointed as an investor relations consultant to Scope for an initial six month term and will provide investor relations, marketing and communications services for, and on behalf of, the Company.

Maynard will provide a wide range of services relating to search engine optimization, digital media campaigns for branding, media relations consulting, general business development, multimedia services and project management.

“We believe that Scope is uniquely positioned in the voluntary carbon credit markets and Maynard is an ideal partner to help us raise our visibility with investors, analysts and the financial media”, said James Liang, Chief Executive Officer of Scope.

Pursuant to the agreement, Maynard will receive a monthly fee of CAD\$16,666, and be reimbursed for reasonable expenses. The Company will pay for the services of Maynard out of unallocated available funds. The agreement may be terminated by either party on thirty (30) days' prior written notice to the other party.

Maynard is an arm's length consultant to the Company. To the knowledge of the Company, Maynard has not acquired and has no plans to acquire any securities in the Company. Neither the Company nor any of its directors, officers or employees have any interest, directly or indirectly, in Maynard, or their securities, or any right or intent to acquire such an interest. Maynard manages a marketing team headquartered in Hong Kong and has been successfully marketing for a broad range of companies listed on various exchanges. Karl Marek is the President of Maynard.

About Scope Carbon Corp.

Scope is a carbon mapping technology company located in Vancouver, British Columbia and possessing AI-driven image software, which the Company intends to use for the identification and estimation of carbon-based lifeforms and carbon emissions, both key components in the identification of carbon credits.

The Company is currently focused on the commercial development of its technology (the “**Scope Analysis Platform**”) through its research and development program, to expand the capabilities of the Scope Analysis Platform and provide a one-tool solution in carbon mapping.

Cautionary Note Regarding Forward-Looking Statements

This news release contains forward-looking statements that constitute forward-looking information (collectively, “**forward-looking statements**”) within the meaning of applicable Canadian securities legislation. All statements in this news release that are not purely historical statements of fact are forward-looking statements and include statements regarding beliefs, plans, expectations, future, strategy, objectives, goals and targets, and more specifically any market awareness which may be achieved by Maynard, Scope position in the voluntary carbon credits market or Maynard's future intent to acquire securities of the Company.. Although the Company believes that such statements are reasonable and reflect expectations of future developments and other factors which management believes to be reasonable and relevant, the Company can give no assurance that such expectations will prove to be correct. Forward-looking statements are typically identified by words such as: “believes”, “expects”, “aim”, “anticipates”, “intends”, “estimates”, “plans”, “may”, “should”, “would”, “will”, “potential”, “scheduled” or

variations of such words and phrases and similar expressions, which, by their nature, refer to future events or results that may, could, would, might or will occur or be taken or achieved.

Forward-looking statements involve known and unknown risks and are based on assumptions and analyses made by the Company in light of its experience and its perception of historical trends, current conditions and expected future developments, including, but not limited to, those risks and assumptions described in the Company's prospectus dated August 10, 2022, a copy of which is available under the Company's profile on SEDAR at www.sedar.com. While Scope considers these assumptions to be reasonable, based on information currently available, they may prove to be incorrect. Readers are cautioned not to place undue reliance on any forward-looking statements, which speak only as of the date of this press release. In addition, forward-looking statements necessarily involve known and unknown risks, including, without limitation, risks associated with general economic conditions, continued satisfaction of Canadian Securities Exchange requirements, product safety and recalls, regulatory compliance and risks associated with the Company's business. For more information on the risks, uncertainties and assumptions that could cause anticipated opportunities and actual results to differ materially, please refer to the risk factors set out in the Company's prospectus dated August 10, 2022, a copy of which is available under the Company's profile on SEDAR at www.sedar.com. Forward-looking statements are made as of the date of this news release and, unless required by applicable law, the Company assumes no obligation to update the forward-looking statements or to update the reasons why actual results could differ from those projected in these forward-looking statements. All forward-looking statements are qualified in their entirety by this cautionary statement.

The Canadian Securities Exchange has in no way passed upon the merits of the business of the Company and has neither approved nor disapproved the contents of this news release and accepts no responsibility for the adequacy or accuracy hereof.
