MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2023**

The information contained in this Management's Discussion and Analysis of Financial Condition and Results of Operations for the year ended September 30, 2023 ("MD&A") has been prepared as of January 29, 2024. It should be read in conjunction with the audited financial statements of Scope Carbon Corp. (the "Company") for the year ended September 30, 2023.

The referenced financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS"). All amounts are expressed in the Company's presentational currency of Canadian dollars unless otherwise indicated.

Forward Looking Statements

This MD&A contains forward-looking statements. These statements relate to future events or future performance and reflect our expectations and assumptions regarding our growth, results of operations, performance and business prospects and opportunities. Such forward-looking statements reflect our current beliefs and are based on information currently available to us. In some cases, forward-looking statements can be identified by terminology such as "may", "would", "could", "will", "should", "expect", "plan", "intend", "anticipate", "believe", "estimate", "predict", "potential", "continue" or the negative of these terms or other similar expressions concerning matters that are not historical facts. The forward-looking statements in this MD&A include, among others, statements regarding our future operating results, economic performance and product development and commercialization efforts, and statements in respect of:

- our expected future losses and accumulated deficit levels;
- our projected financial position and estimated cash burn rate;
- our requirement for, and our ability to obtain, future funding on favorable terms or at all;
- our potential sources of funding;
- our assessment of the benefits of our technology;
- our plans to market, sell and distribute our technology;
- our expectations regarding the acceptance of our technology by the market;
- our expectations with respect to future corporate alliances and licensing transactions with third parties; and
- our strategy with respect to the protection of our intellectual property.

A number of factors could cause actual events, performance, or results, including those in respect of the foregoing items, to differ materially from the events, performance and results discussed in the forward-looking statements. Factors that could cause actual events, performance, or results to differ materially from those set forth in the forward-looking statements include, but are not limited to:

- the effect of continuing operating losses on our ability to obtain, on satisfactory terms, or at all, the capital required to maintain the Company as a going concern;
the ability to obtain sufficient and suitable financing to support operations, development, and commercialization of our technology;
- the risks associated with the development and commercialization of our technology;
- the risks associated with the increase in operating costs from additional development and commercialization costs and increased staff;
- the regulatory approval process;

- our ability to successfully compete in our targeted markets;
- our ability to adequately protect proprietary information and technology from competitors;
- our ability to attract and retain key personnel;
- the potential for liability claims; and
- the substantial risks involved in early-stage technology development companies related to, among other things, commercialization, capitalization, cost containment, and potential litigation.

Although the forward-looking statements contained in this MD&A are based on what we consider to be reasonable assumptions based on information currently available to us, there can be no assurance that actual events, performance, or results will be consistent with these forward-looking statements, and our assumptions may prove to be incorrect. These forward-looking statements are made as of the date of this MD&A.

Forward-looking statements made in this MD&A are made as of the date of the original document and have not been updated by us except as expressly provided for in this MD&A. As required by applicable securities legislation, in its capacity as a reporting issuer, it is the Company's policy to update forward-looking information in its periodic MD&As, as required from time to time, and provide updates on its activities to the public through the filing and dissemination of news releases and material change reports.

OVERALL PERFORMANCE

Scope is a carbon mapping technology company located in Vancouver, British Columbia and is focused on the commercial development of its proprietary technology, (the "Scope Analysis Platform"), which was acquired through its technology acquisition agreement dated February 15, 2022 (the "Technology Acquisition Agreement"). The Scope Analysis Platform is an AI driven image recognition technology used for the identification and estimation of carbon-based lifeforms and carbon emissions, both key components in the identification of carbon credits.

During the year ended September 30, 2023 and to the date of this MD&A, the Company accomplished the following:

- On October 1, 2022, the Company entered into a product development agreement with Marsman Limited to assist in advancement of the Company's self-learning image recognition technology. The agreement was cancelled on November 15, 2023.
- On October 3, 2022, the Company granted 1,500,000 stock options to directors, officers, and consultants of the Company.
- On October 28, 2022, the Company engaged investor relations firm Maynard Communications Limited ("Maynard") as an investor relations firm.
- On November 15, 2022, the Company received its initial mapping data from Farm Flight Inc.
- On January 17, 2023, the Company's common shares (the "Common Shares") commenced trading on the OTCQB Venture Market under the symbol "SCPCF".
- On March 6, 2023, the Company announced a strategic investment of USD \$100,000 in Farm Flight Inc. ("Farm Flight"). Pursuant to the investment, the Company purchased an unsecured convertible note of Farm Flight with interest accruing at a rate of 8% per annum, payable three years from the date of issuance unless sooner prepaid or converted. The convertible note was coupled with share purchase warrants, entitling Scope to purchase 9,345 common shares of Farm Flight at a price of USD \$1.07 per common share, representing approximately 10% of the amount invested by the Company.

MANAGEMENT DISCUSSION AND ANALYSIS
For the Years Ended September 30, 2023 and 2022

- On April 27 and April 28, 2023, the Company announced a Letter of Intent for the proposed acquisition of Farm Flight and the provision of a loan to further the transaction (the "Loan Agreement"). Under the terms of the Loan Agreement, the Company provides a loan to Farm Flight for the principal amount of USD \$70,000, evidenced by an unsecured promissory note and in connection with the proposed acquisition of Farm Flight. The loan was advanced as of April 27, 2023, bears no interest, and is repayable in full on the date that is one year following the advance.
- On May 24, 2023, the Company announced that its technology has achieved a significant milestone and had developed the ability to process 4K video stream imagery in real time. In addition, the Company, pursuant to its Technology Acquisition Agreement, made the first of four anniversary share issuances and issued 250,000 Common Shares to the Prescott Family Foundation, the counterparty to the Technology Acquisition Agreement and an entity controlled by the Company's Non-Executive Chairman, Mr. Sean Prescott.
- On July 6, 2023, the Company announced that it has entered into a secured loan agreement (the "Loan Facility Agreement") with Farm Flight for the Company to provide a loan to Farm Flight for the principal amount of USD \$330,000 or such other amount as the Company and Farm Flight may agree in writing from time to time (the "Loan"). The incremental borrowing rate under the Loan is determined by the United States prime rate plus 1.5% and is repayable upon provision to Farm Flight of 75 days written notice.
- On October 16, 2023, the Company entered into a consulting agreement and granted 1,000,000 restricted share units ("RSUs"). The RSU's vest as follows: 10% upon grant; 30% after six months; 30% after one year and the remaining 30% after eighteen months. Each vested RSU is redeemable for one common share of the Company at the time of vesting.
- On October 30, 2023, the Company closed a non-brokered private placement for the issuance of 1,250,000 units at a price of \$1.60 per unit for aggregate gross proceeds of \$2,000,000. Each unit comprised one common share and one half of one common share purchase warrant. Each whole warrant entitles the holder to purchase one common share at an exercise price of \$2.25 per share for a period of two years.

SELECTED ANNUAL INFORMATION

During the year ended September 30, 2022, and continuing throughout 2023, the Company's primary business activity has been acquiring and developing AI analytical software. SCOPE CARBON CORP.
MANAGEMENT DISCUSSION AND ANALYSIS
For the Years Ended September 30, 2023 and 2022

Investor Relations

On October 28, 2022, the Company engaged Maynard as an investor relations consultant for an initial six-month term. Maynard is now contracted on as-needed basis.

Professional fees

The increase in costs primarily relate to legal fees for the process of listing on the OTCQB Venture Market, the initial costs of the proposed transaction with Farm Flight and corporate/commercial and regulatory guidance in addition to accounting services.

Research and Development

The material components of Research and Development costs relate to a product development agreement for the advancement of the Scope Analysis Platform of \$307,781 (2022 - \$nil) (subsequently terminated on November 15, 2023); fair value of 250,000 common shares of \$502,500 (2022 - \$nil) issued pursuant to the Technology Acquisition Agreement; high-performance computer and server equipment of \$92,364 (2022 - \$nil) to assist with video editing, 3D rendering, scientific computing, and machine learning; and acquisition of a high-precision drone of \$nil (2022 - \$8,746) with an integrated multispectral imaging system built for agriculture missions and environmental monitoring.

Share-based Compensation

The Company granted 1,500,000 options to directors, officers, advisors of the Company to acquire common shares of the Company at a price of \$0.60 per share expiring in 5 years from the grant date. The share-based compensation expense relates to the vesting of the options granted.

Change in fair value related to derivative asset

Under the Convertible Note with Farm Flight, the Company has the right to purchase 9,345 common shares of Farm Flight at a price of USD \$1.07 per common share. The fair value of the warrants was determined using the Black-Scholes model on initial recognition and subsequent remeasurement.

Financing charges / Interest and other income

With respect to loan financing contracts entered into with Farm Flight, the Company recognized finance charges and interest income using the effective interest method. The Company also recognized cash interest income earned on its investments and entered into an equipment lease agreement with Farm Flight whereby certain computer equipment is leased at a rate of \$US50 / day.

Investment impairment

The Company considered the ability of Farm Flight to repay the each of the loan financing contracts and deemed this to be an indicator of impairment, leading to a test of recoverable amount. Management expects significant future synergies with respect to access to Farm Flight's customer relationships, branding and media presence, software applications and other general goodwill but does not expect imminent cash flows from these instruments.

SUMMARY OF QUARTERLY INFORMATION

CONTRACTUAL OBLIGATIONS AND OFF-BALANCE SHEET ARRANGEMENTS

The Company has no existing contractual obligations other than as described herein. There are no off-balance sheet arrangements.

FINANCIAL INSTRUMENTS

The Company's financial instruments include cash, accounts receivable and investments, excluding derivative assets, which are classified as financial assets at amortized cost, and accounts payable and accrued liabilities and other liabilities, which are classified as financial liabilities at amortized cost. The carrying values of all these instruments approximate their fair values due to the short period to maturity. Derivate assets are remeasured to fair value at each reporting period.

The Company's financial instruments are exposed to certain financial risks, including interest rate risk, liquidity risk, currency risk, credit risk, and other price risk. The Company's most significant exposure is credit risk with respect to its cash investments in a private company. The Company has obtained security over the underlying assets of the private company for certain investments only. The maximum credit risk exposure is the carrying value of the cash investments.

CHANGES IN ACCOUNTING POLICIES

There have been no changes to accounting policies during the year ended September 30, 2023.

RELATED PARTY TRANSACTIONS

Except as disclosed elsewhere, the Company entered the following related party transactions:

RISKS AND UNCERTAINTIES

The Company is exposed to a variety of known and unknown risks in the pursuit of its strategic objectives, including but not limited to liquidity/financial risk and general business. The impact of any risk may adversely affect, among other things, the Company's business, financial condition, and operating results, which may affect the market price of its securities. The Company monitors its risks on an ongoing basis and seeks to mitigate these risks as and when possible.

Liquidity/Financial Risks

The Company is exposed to normal financial risks including liquidity risk, exchange rate risk, interest rate risk and credit risk. The Company's principal liquidity and capital resource requirements are the capital required to acquire streams and general operating expenses. The Company funds these requirements through current cash and working capital balances which are carefully managed to ensure that operational needs and other contractual and financial obligations are met.

General Business Risks

The success of the Company's activities will depend on management's ability to implement its strategy and on the availability of opportunities related to carbon credit streaming agreements and greenhouse gas emission avoidance, reduction, and removal/sequestration programs; government regulations; commitments to reduce greenhouse gas emissions by corporations, organizations, and individuals; and general economic conditions. Although management is optimistic about the Company's prospects, there is no certainty that anticipated outcomes and sustainable revenue streams will be achieved and there is no certainty that the Company will successfully implement its current strategy.

DISCLOSURE CONTROLS AND PROCEDURES

In connection with National Instrument 52-109 -*Certificate of Disclosure in Issuer's Annual and Interim Filings* ("NI 52-109"), the Chief Executive Officer and Chief Financial Officer of the Company have filed a Venture Issuer Basic Certificate with respect to the financial information contained in the financial statements for the year-ended September 30, 2023 and this accompanying MD&A (together, the "Filings").

In contrast to the full certificate under NI 52-109, the Venture Issuer Basic Certificate does not include representations relating to the establishment and maintenance of disclosure controls and procedures and internal control over financial reporting, as defined in NI 52-109.

For further information the reader should refer to the Venture Issuer Basic Certificates filed by the Company with its filings on SEDAR+ at www.sedarplus.ca.

SUBSEQUENT EVENTS

Other than disclosed elsewhere, no further subsequent events occurred to the date of this MD&A.
